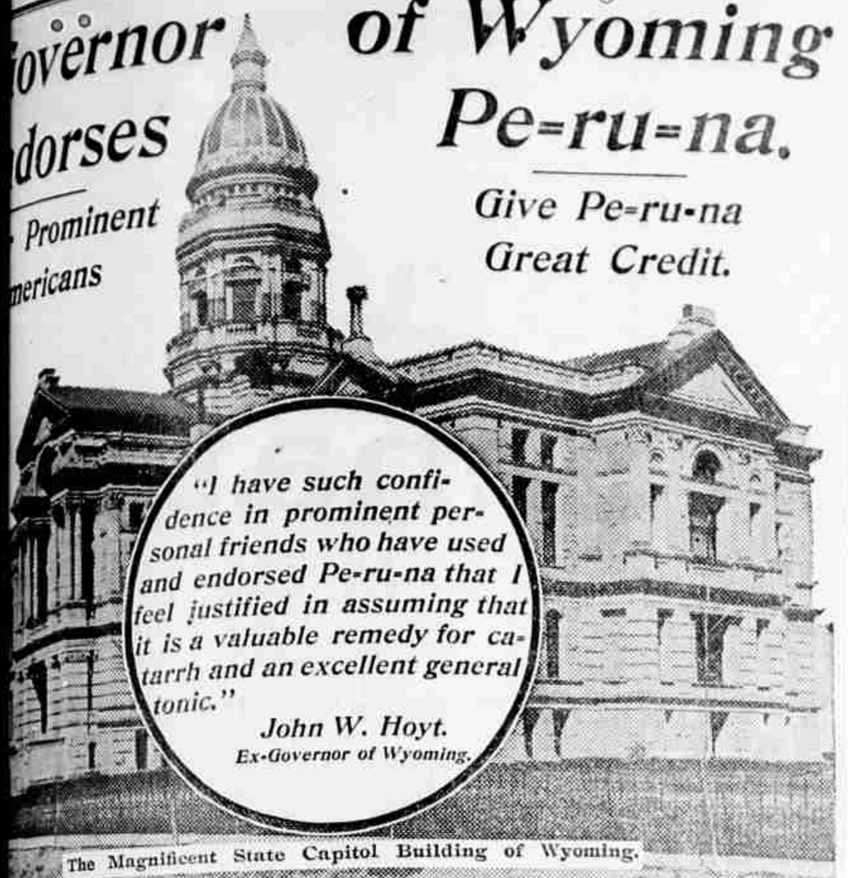
[G]overnor of Wyoming [En]dorses Pe=ru=na.

[of] Prominent [Am]ericans

Give Pe=ru=na Great Credit.



"I have such confidence in prominent personal friends who have used and endorsed Pe-ru-na that I feel justified in assuming that it is a valuable remedy for catarrh and an excellent general tonic."

Ex-Governor of Wyoming.

LIST OF PROMINENT AMERICANS.

[W. H.] Parsons, Confederate Army, ex-State Senator, Texas.
[Wm. Bailey,] of Washington, D. C., Labor Organizations and U. V. L.
[C. L. Patten,] of Washington, D. C., Military and Masonic Orders.
[R. S.] Ryan, of Alaska, Ex-Member English House of Parliament.
[Thomas] Cale, of Alaska, well known on Pacific Slope.

W. H. Parsons.

[W. H.] Parsons is ex-State Senator [and] Judge of the Supreme [Court], also Brigadier General [Texas] Army. In a recent letter [from ...] N. W., Washington, D. [C., this] gentleman says:

"[On the] recommendation of personal [friends] and many strong testimonials [as to] the efficacy of Peruna in [relieving] the numerous symptoms of la grippe with which I have [suffered] for four months past, I [decided] to undergo a treatment [with] this justly celebrated formula. [I feel a] decided change for the [better after] using it only one week. It [has aided] in toning up the stomach [and has] a decided effect upon [the appetite.] I therefore feel much encouraged [that] I am on the road to complete [recovery.]

"[My many] friends in Texas, where [I had the] honor to command a [brigade of] Veteran Cavalry in a four years' war, may accept this voluntary testimonial to the *merits of Peruna* as a sense of obligation on my part for its wonderful efficacy."

Col. Wm. Bailey.

William Bailey, 58 I St., N. E., Washington, D. C., Past Col. Enc. No. 69, Union Veteran Legion, and prominently identified with many of the great labor protective associations in Chicago and New York, and Secretary of one of the largest associations in the former city, had for nearly thirty years been afflicted with kidney troubles.

Within a short period he has been persuaded to try Peruna, and his present healthy condition is attributed to his judicious use of that great remedy. Washington climate is notoriously bad for kidney and liver troubles, yet by a judicious use of the remedy he is now quite cured and in excellent physical condition.

This brief statement of facts, without exaggeration or hyperbole, appears to tell the whole story, which the Peruna Company is authorized to use, if it so chooses, believing, as I do, that by so doing it will be for the general good.—Wm. Bailey.

Col. C. L. Patten.

Col. C. L. Patten, 509 T St., N. W., Washington, D. C., a Lieutenant in the Old Guard, an exclusive organization composed of soldiers of distinction who fought in the civil war, and a Thirty-second degree Mason, writes as follows:

"I have used Peruna, and desire to recommend your remedy as an invigorating *spring tonic*; also one of the best remedies that I ever tried for coughs, colds and catarrhal complaints."

Hon. R. S. Ryan.

Hon. R. S. Ryan, now residing in Nome, Alaska, was formerly a member of the English House of Parliament, and Secretary to the late Irish patriot, Charles Stewart Parnell. His Washington address is New Willard Hotel, Washington, D. C. He writes: **"I have used Peruna and can recommend your remedy as a very effective cure for colds and catarrhal complaints."**

Hon. Thomas Cale.

Hon. Thomas Cale, elected to Congress from Alaska, is well known on the Pacific slope, where he has resided. His Washington address is 1312 9th St., N. W., Washington, D. C. He writes: "I can cheerfully recommend Peruna as a very efficient remedy for *coughs and colds*."

CHANGES IN BUSINESS HOUSES OF SPRINGFIELD

Mr. A. J. Henderson, the gentleman who arrived from Portland last week for the purpose of purchasing the Stewart & Co. stock of merchandise, has put in the entire week with Messrs. Stewart & Clark, invoicing thes tock preparing to take possession of the store. Mr. Henderson informs us that the management will likely be turned over the first of the week. When interviewed regarding his future plans he stated that considerable improvement would be made but just what would be done he has not yet decided.

O. W. Johnson, the hadware and furniture dealer, whose success since embarking in his chosen line has been almost phenomenal, surprised the public this week by announcing his intention of branching out, thus separating his two lines. He has leased the west half of the McKinney building joining the one he now occupies, which will be used for his immense stock of furniture. A large archway is being cut between two rooms and the west half which he now occupies will be used exclusively for hardware.

The Grange met in open session last Saturday forenoon to discuss the feasibility of holding a fair sometime in November. After several speeches were made in favor the the fair it was decided to hold an indoor fair, as the weather is so uncertain at that time of the year. The following departments will be represented: Agricultural, horticultural, women's, school and poultry. A committee was appointed to correspond with the officials at Corvallis to hold a two days Farmers Institute at the same time. A committee from the Grange met a committee from the Commercial and they agreed to work together for the success of the fair and to invite the business men of Springfield to assist in whatever way needed to make the undertaking a success. It will be an annual fair and in the course of time expect to make a fine showing as the surrounding county is the cream of the valley.

The harvest ball at the opera house last Friday night was by far the most pleasant and largely attended social event that has taken place in Springfield for a long time. It will be given by Will Cheshire and Ava Hadley and while the way they had in drawing the large crowd from far and near was unique yet the originality of their scheme had the desired effect and from nine o'clock in the evening until two the next morning the merry throng was kept busy tripping the light fantastic toe.

Henry Sinner returned home Tuesday evening from Cornelius, where he has been running a construction crew for the Southern Pacific company. He informs us that he will remain in Springfield and work for the S. P. Company or go to Wendling where he will take charge of the Booth-Kelly logging road. He has had an opportunity to take either position but is yet undecided which it will be. He says he is tired of being away from his family.

Dr. Wells Van Valzah who has been in the city visiting his brother R. G., and family for the past month will start on his return trip to his home in Pennsylvania, next week. The doctor is an old resident of Springfield having practiced dentistry here several years ago. Besides his old acquaintances he has made many new ones who will be sorry to see him leave.

Fred Bosserman returned to Salem Monday to attend the state school for the blind, after spending his summer vacation at home with his parents. While he hates being parted from his parents he seemed glad that the opportunity for his return had come and he could again be with his little unfortunate companions.

George Allison and Milt Kintzley are at Wendling erecting two buildings which are to be used for a confectionery store and a pool hall. They have leased a lot for a term of two years and will erect buildings thereon. The boys will also carry a line of soft drinks, cigars and tobacco.

W. B. McKinney and family have moved back to Springfield after an absence of nearly a year at Fall Creek where he was manager of a store.

Mr. and Mrs. John Winzenried and daughter Lella, Mr. M. M. Peery and wife, Mr. A. J. Perkins and wife, and Mr. G. W. Perkins and wife are taking in the fair at Salem this week.—Springfield News.

MURDERER TO DIE ON SCAFFOLD

Eugene, Ont., Sept. 18.—The execution of William Paul, the condemned murderer who attempted suicide a month ago, takes place today. Paul was convicted of the murder of Henri Schilling, whose dead body was found in the Rainy district on December 6, 1907, at a point near the village of Pinewood. Both men, who appeared to enjoy friendly relations and skated up the river to cut timber, and when near the bush the evidence indicated that Paul had made his skates the chief instrument in the horrible murder, that was discovered a few days later when Paul's skates were found near the body.

STATE CHAIRMAN CAKE BROKEN IN HEALTH.

Because of the complete nervous breakdown from which he is suffering, W. M. Cake, chairman of the Republican State Central Committee, has transferred to the members of the executive committee the responsibility of conducting the Taft-Sherman campaign in this state. That responsibility has been accepted by the members of this committee, which held a meeting yesterday and completed its organization.

The condition of Chairman Cake, who is being treated in a local sanitarium, was reported yesterday to be serious. Although the state chairman has for several days been desirous of returning to Republican headquarters actively to assume management of the campaign, his physician Dr. W. T. Williamson, yesterday announced that the physical condition of his patient was such that he would be prevented from taking any part in the pending campaign.—Oregonian.

A Paying Investment

Mr. John White, of 38 Highland avenue, Houlton, Me., says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50-cent bottle of Dr. King's New Discovery. Before that was half gone the cough was all gone. This winter the same happy result has followed, a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies."
