

Do You Want to be a United States Senator?

Up in Washington an effort is being made to defeat a U. S. Senator for re-election, one of the major charges against him being that he is non-progressive and never improved his home town by "nailing two boards together or laying one brick on another."

NOW is the time for you to remove one obstacle to your successful candidacy by building a home for yourself or some homeless would-be renter.

A Paying Investment

P. J. Daly, of 1247 West Congress street, Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it is my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. WHEAT MAY GO TO \$1.25 A BUSHEL

"My private opinion is that wheat will go to \$1.25 a bushel this winter," said A. F. Benson, manager of the Wasco Warehouse & Milling Company. The Dalles, yesterday, when in the city on a short business trip.

"The fact that they are paying more in England for cargoes today than for December wheat tells me that there is going to be some strong values, but, of course, it is only my own private opinion. I might be wrong."

Mr. Benson has been connected with the wheat trade for the past 35 years, having been with the firm of G. W. McNear in San Francisco for many years. He came to Portland a couple of years ago and until becoming manager of the Wasco Warehouse & Milling Company was in the employ of A. Berg, wheat exporter, of this city.
