THE EUGENE DAILY GUARD

EUGENE, OREGON, TUESDAY EVENING, SEPTEMBER 22, 1908

NO. 225

...AN DEMANDS INVESTIGATION OF HASKELL CHARGES

...ept. 22.—W. J. Bryan ...s addressed a letter to ...evelt in reply to the ...tatement, issued yester... ...t the president appeals ...for Taft. The letter is ...of the Hearst-Foraker ...and Roosevelt declares ...Taft will bring lasting ...but one set of men, ...men who, as shown in ...follow published by W. ...ere behind Foraker, the ...Taft within his own par... ...now behind Governor ...his associates, the oppo... ...in the opposite party. ...into the charges made ...ernor Haskell, of Okla... ...was once in the employ ...ard Oil Company, and which Bryan accuses Roosevelt of endorsing. Mr. Bryan's letter continues:

"Your charge is so serious that I cannot allow it to pass unnoticed. Governor Haskell has denied that he was ever employed by the Standard Oil Company in any capacity, or was ever connected with it in any way, or the transaction upon which your charge is based.

"Governor Haskell demanded an investigation at the time the charge was first made, offering to appear and testify, and he demands an investigation now. I agree with you that if Haskell is guilty as charged he is unfit to be connected with the Democratic National committee, and I am sure you will agree with me that if he is innocent he deserves to be exonerated from so damaging an accusation."

Bryan says that as Haskell's chairmanship of the committee on resolutions at Denver and as treasurer of the National committee has his approval, he demands an immediate investigation of the charges endorsed by the president of the United States. He says further:

"Your high position, as well as your sense of justice, would prevent your giving sanction and circulation to such a charge without proof and I respectfully request, therefore, that you furnish such proof, which you have in your possession. If you have not the proof, I request that you indicate the method by which the truth may be ascertained."

Bryan agrees without consulting Haskell that he (Haskell) will appear before any inquisitorial body

(Continued on Page Eight.)

FORAKER NOT READY T OREPLY

Cincinnati, Sept. 22.—No would be final. The letters will be be made by Senator Foraker, although he may have something to say tonight or later in the week. Foraker says that before replying he desires to look up various letters and other data on the subjects discussed, in order that what he might say would fe final. The letters are not in this city and are not immediately available.

OYSTER BAY'S GLORY IS THING OF THE PAST

Oyster Bay, Sept. 22.—President Roosevelt and family, his active staff and secret service men left for Washington this morning.

With the departure of the president Oyster Bay ceased to be the summer capital of the United States, the title it has proudly held for seven years, and which is surrendered with regret by its citizens who witnessed the departure of the president to his last term of duty in guiding the nation.

FATHER OF ELIJAH DOWIE IS DEAD

Grand Rapids, Mich., Sept. 22.—John Murray Dowie, aged 83, father of John Alexander Dowie, founder of Zion City, and who was repudiated by his son, died today at the home of his son's widow on White Lake.

'TWAS BUT A DREAM.

MACK DENIES STORY OF BIG SLUSH FUND

New York, Sept. 22.—Norman E. Mack, chairman of the National Democratic committee, has addressed a telegram to President Roosevelt in which he denied flatly the statements in a reported interview between Timothy L. Woodruff, chairman of the Republican state committee, and President Roosevelt, printed in a local paper today, in which the president is credited with saying it is significant that $300,000 has been found in the treasury of the Democratic party after Judge Parker had declared, throughout the last national campaign, that the party's treasury was receiving nothing from the corporations, and that it was further announced at the time of the election that the treasury was empty.

The president said he thought it was queer that such a sum should turn up after Mr. Haskell had been appointed treasurer of the Democratic National committee.

Woodruff telegraphed the president that if he was quoted correctly he probably had in mind the published in the New York American (Hearst's paper) of the story that the Democratic National committee had received from Former Chairman Taggart $300,000 alleged to have been left over from the 1904 campaign.

Chairman Mack said there was not a word of truth in the story and that he had not received one cent from any one connected with the last campaign.

SALMON LADEN STEAMER WRECKED ON ALASKA COAST

San Francisco, Sept. 22.—The Merchants' Exchange is advised that the American bark Star Bengal was driven ashore and is a total wreck near Fort Wrangell, Alaska. She is thought to have on board a full cargo of salmon, and is owned by the Alaska Packers' Association.

The steamer Kyack is standing by

G. W. DONAGHY.

Democratic nominee for governor of Arkansas, whose election is regarded as a certainty by men of his party.

and from this fact it is believed that the officers and crew are on board. The authorities at Washington have been asked to send a cable to the steamer Burnside to render whatever aid is possible.

Many Are On Board

Seattle, Sept. 22.—A cable to the Times from Juneau says the Star Bengal has 124 men on board, including one hundred Japanese and Chinese. The cable ship Burnside has gone to the scene, but may not be able to reach the wreck, as bad weather prevails.

The Bengal is on the west side of Coronation Island, and the crew has no chance to land. She was being towed in tow by the Cora Kyak and Hattie Gage and was drawn ashore.

The United States government has ordered a special appropriation for the investigation of ore and alkalis in the Willamette valley.

INSANE NEGRO MURDERS TWO AND WOUNDS ONE

Washington, Sept. 22.—While in a demoniacal fury Andrew Lightfoot, a mulatto inmate of St. Elizabeth's asylum for the insane, today killed Patrick Maloney, overseer of the grounds, and Millie Follin, a young inmate of the asylum, and severely injured Miss Robinson, another inmate.

The asylum i sa government institution, and Lightfoot, who has been an inmate for eight years, was regarded as harmless and for some time had been assistant to Overseer Maloney. Today he suddenly became violently insane, and grasping an iron bar crushed Maloney's skull. Then he turned upon Miss Follin and crushed her skull, and in his flight encountered Miss Robinson, and tried to kill her. His aim was bad and she received only a slight scalp wound and a broken arm.

Lightfoot escaped to a nearby swamp, and was surrounded by a score of police. Then he fled to the grounds of the city poor house,where he fought the police until they found it necessary to shoot him in the legs, after which he was returned to the asylum.

MOTIVE OF MURDER NOT APPARENT

Detroit, Sept. 22.—Wm. H. Munn, aged 26, a clerk at the Detroit Club, was murdered in the alley between Congress and Fort streets. Residents of the neighborhood heard the shot late in the evening. The bullet entered his right temple.

He formerly lived at Colborn, Ida. The motive is lacking.

ODD FELLOWS WILL MEET IN SEATTLE

Denver, Sept. 22.—Seattle was chosen unanimously as the next meeting place of the Odd Fellows, in 1909. Chicago withdrew from the contest.

WHEAT MARKETS

Chicago, Sept. 22.—September 95½; December, 99¾; May, $1.02½.

Portland, Sept. 22.—Wheat is firm and unchanged.

Tacoma, Sept. 22.—Wheat is weak and unchanged.

UNIVERSITY OPENED TODAY FOR REGISTRATION

CAMPUS OF STATE'S BIG EDUCATIONAL INSTITUTION BUSY PLACE TODAY — NUMEROUS CHANGES AND ADDITIONS TO FACULTY

Registration of students at the University of Oregon began this morning and from present indications the number will probably exceed by far the expectations of Registrar Tiffany, who has charge of the work.

The campus and buildings presented a lively appearance all day, many of the students spending most of the day about the grounds, the new ones becoming acquainted with conditions and some of the old ones showing them around.

The dormitory is already full and some of the students have not yet found places to stay, but as the committees who look after this matter have the situation well in hand, it is expected that the students will have no trouble in finding suitable locations.

Faculty Changes.

Following are the faculty changes since last year:

The library will be in charge of Librarian H. Douglas. Mr. Douglas received his training at the University of Wisconsin Library School, and has been librarian at Iowa State College for some years, where he greatly enlarged and bettered the library of that institution.

Dr. Jas. D. Barnett comes as an associate professor in political science. Dr. Barnett received his doctor's degree at the University of Wisconsin. He has been head of the department of political science at the University of Oklahoma, and comes here from that place. Dr. Barnett is offering a number of new courses, and which will be a very great aid to students taking courses preparatory to law.

Professor F. L. Parker takes Professor Terrill's place as head of the school of mining engineering. Professor Parker received his A. B. at Colgate University, and later his E. M. from the Colorado School of Mines. He has had practical experience as mine superintendent in Colorado, and as a mine expert in Minnesota. Professor Parker has also taught several years.

Professor Ketchum comes as an associate professor in civil engineering from the University of Illinois, at which place he received both his B. S. and his C. E. degrees. He is a member of the American Association of Civil Engineers.

James Currie, an Indiana man, comes as an instructor in the chemistry department. Mr. Currie received his A. B. degree at the University of Indiana, and also his A. M. at the same place.

As Professor Stafford, head of the department of chemistry, is in Europe studying, Dr. Shinn, who was assistant professor last year, will

PAUL MAUSER.

Inventor who has perfected a shell which may revolutionize naval warfare.

have charge of the department this year.

Dr. Hugo Koehler is a new instructor in the German department. Dr. Koehler received most of his training at the University of Leipsic. He has taught in both German and American colleges.

Wendell P. Elliott, an Oxford man, comes as an instructor in psychology.

Professor Clark, who took Professor Sheaffer's place in the department of history, while Professor Sheaffer was abroad last year, has been chosen assistant professor of history for this year. Dr. Clark received both his bachelor and master degrees at the University of Texas. He received his doctor's degree at Wisconsin University.

L. R. Alderman, an Oregon man, who has been city superintendent of schools in Eugene, has been elected assistant professor in the department of education.

Miss Mary H. Perkins takes May

WOOL HOSE—
Get ready for wet weather; extra good black wool hose, plain cachemere or ribbed wool hose for children, the pair 25c

No Man Deliberately Buys Poor Clothes

He thinks they're good; worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap clothes—mixed goods—and they think they're being real economical because they get such clothes for little less than all-wool would cost.

This cotton mixed stuff is certainly very deceiving, even expert clothing men find it difficult at times to tell whether or not the fabric has cotton in it. We've seen clothes that looked good enough to sell at $20 which were over one-half cotton and really worth about $6 the suit.

We sell no such fine-flam here.

You know what Hart, Schaffner & Marx clothes are, so do we.

The makers say "All-wool" and live up to it.

Suits
$15.00 to $30.00

Boys School Suits

Only one week more left before school days again. Is the boy ready? He needs a new suit, no doubt, after the summer's vacation of romping and good times. We'll say you come here and get one of "Mrs. Jane Hopkins" suits for him. There are none with so much hard wear for the money. Boys' Suits from

$1.50 to $6.00
