

Do Not Make the Man

They are well selected, well made and fit. They improve appearance wonderfully. You can get these clothes at our store because we are agents in Eugene of the celebrated **Michels, Stern & Co's** hand-tailored suits.

Full stock this year. Most complete in respects we have carried. Also, you find them reason-ably priced.

Complete line of clothing goods that will be excelled in price, and our prices are lower than any of our competitors afford to sell. We own our own mill and have no rent and are content with small profits.

Invited to come look at our goods before you buy or not.

TRUTH ABOUT PRINTING PLANTS OF THIS CITY

THE GUARD HAS THE ONLY MODERN PLANT IN THE CITY AND WILL DOUBLE ITS CAPACITY IN NEW LOCATION THIS FALL.

—WILL HAVE THE BEST ARRANGED AND MOST COMPLETE PLANT IN OREGON OUTSIDE OF PORTLAND.

The morning paper, with an old, ante-dated linotype and an old drum cylinder Cottrell press with a speed of 1000 an hour, talks about having a better plant than The Guard, which has a new Model 5 linotype, the latest out, a two-revolution Cranston newspaper press, about twice as large and twice as fast as the Register's, and other facilities necessary for a modern plant. The morning paper moves its old junk into a new location and brags about it, while The Guard, with a plant already twice as good, will double its capacity when it is located in new quarters in the near future, a splendid double-decked linotype, Whitlock press and much other material having already been purchased and is now awaiting shipment in San Francisco and Portland.

That ought to tell the story of growth and business. The Guard is not spending \$5000 for additional equipment, when it already has the best plant in Oregon south of Salem, just for the sake of spending money. We need it in our business.

As to taking the building vacated by the morning paper, we simply preferred it as a newspaper building to the Garrett & Mitchell building, into which the morning paper has moved, and which has been named the Register building. It might have been called The Guard building, this paper having had the refusal of it for some time before the owners leased it to the Register. It is a good building, but did not meet our requirements in its interior arrangements, and for that reason alone we surrendered our option, as Messrs. Garrett & Mitchell, who are thoroughly reliable gentlemen, will inform any one who cares to know about the transaction.

The Guard will not only occupy the rooms vacated by the Register, but will have the floor above, and many improvements will be made in the building, making it one of the most convenient and the largest printing offices in Oregon outside of Portland. Before long we will be able to invite the public to inspect one of the finest printing plants, both for

PUBLIC SCHOOL PUPILS DOWN TO WORK

ENROLLMENT INCREASED TODAY—BOARD MEETING TONIGHT AND REASSIGNMENT OF TEACHERS

The pupils of the high and grammar schools of the city are down to hard work today. A meeting of the board of directors will be held tonight at which a reassignment of some of the teachers, as well as quite a number of the pupils will be made, and by tomorrow everything will be running in the order that will prevail during the remainder of the school year.

The attendance today was somewhat of an increase over the enrollment of yesterday, but the exact figures were not obtainable. The number of students enrolled in the high school is 230. This is an increase of 28 over yesterday. More have been enrolled in the grammar grades, making an increase over the first day of last year greater than given in yesterday's Guard.

BELL WILL SPEAK AT THEATRE THIS EVENING

Hon. Theodore Bell, who will address the people of Eugene on the political issues of the day from a Democratic standpoint at the Eugene Theatre tonight, will arrive from the south on this evening's train. He will be met by a committee of local Democrats and escorted to his hotel. The speaking will be held at 8 o'clock. The band has been engaged to furnish music. A large number of people from outside points are in the city to hear this distinguished speaker and the theatre will doubtless be filled.

Mr. Bell meets with the Eagles after the meeting, he being a past grand president of the order.

QUARTERLY MEETING OF M. E. CHURCH SOUTH

The quarterly meeting of the M. E. church, South, will be held at Junction City next Sunday, September 29. Rev. C. L. McCausland, of Corvallis, presiding elder, will preach at 11 a. m., administer the sacrament, and hold session of conference in afternoon. J. N. CRAIG, P. C.

The reinforced centre Vudor hammock is the one to buy. They are wider, longer and stronger than the ordinary kind.

The Best Paris Styles Are Sewn Into These Garments Stitch by Stitch

cost \$40,000 to learn the knack of getting **Wooltex** styles into men's garments. \$40,000 spent in searching out the style secrets of master-tailors of Paris. \$40,000 paid out that you might have Parisian styles at American prices. And here they are—within your easy reach—priced the same as ordinary garments that lack their style, their duty, their finish, their exclusiveness.

The Beauceleve is a garment which will serve on many occasions—quiet, but convincingly elegant. The materials are the best broadcloths that the makers can buy—such material as you want in a dress garment, yet with that durability which you need for daily use.

Wooltex
FASHION FAULTLESS

The best of these **Wooltex** garments is the way they wear. There is no cotton, no adulteration in them. Every thread is pure wool. This standard of cloth can be obtained in no other garments but **Wooltex**, and the style is there to stay. It is put there by skilful needle-work—stitch by stitch. Beside the two styles shown here you will find suits, skirts and coats in pleasing variety—garments for young and old, including

- Walking suits in hard finish, fancy suitings, diagonals and broadcloths—some with sheath skirts—many with big buttons.
- Beauceleve coats, modified Directoire style—high waist line in back—slashed sides—bias back, a new and pleasing effect.
- Artistic evening wraps of broadcloth in pastel colors, with novel effects in trimmings—some with cretonne trimmings, hand-tinted in water color.
- Long coat suits—high waist lines—trimming cleverly arranged to add to height and increase slenderness—novel sleeve effects and enormous self-covered buttons.
- Marchioness and Belmore coats—the standard coats, but made better than the standard way. In material, in style, in workmanship, these coats can not be improved.
- Separate skirts which button down to the hem—skirts with side plackets—skirts with front plackets—skirts with habit backs—many in modified Directoire style, opening at one side over pleats.
- and suits, coats and skirts in almost endless variety, all snappy **Wooltex** style—all durable **Wooltex** materials—garments that delight the eye and hold their attractiveness till the very end.

Every **Wooltex** Garment is guaranteed by the makers for two full seasons of satisfactory wear.

Please ask for the **Wooltex** Style Book. From it you will get the newest and best exclusive fashion pointers.

Better still, come in and see the suits themselves, see the styles, see the materials, see the art in designing, see the workmanship.

Surely you will want to get the benefit of the best Paris styles when they are lastingly worn into such serviceable suits as these, and placed within your easy reach at such moderate prices.

HAMPTON BROS.
