NOTABLE GATHERING OF NATION'S FARMERS

Madison, Wis., Sept. 23.—Headquarters were established at the Park hotel today for the twenty-eighth annual session of the Farmers' National congress, which will be called to order in the auditorium of Agricultural Hall at 11 o'clock tomorrow morning. The formalities of opening will occupy the initial session of the gathering. The Rt. Rev. John Hazen White, bishop of Northern Indiana, will offer prayer, and the welcoming addresses will be delivered by Governor Davidson and Mayor Schubert, speaking respectively for the State of Wisconsin and the city of Madison. Vice President Joshua Strange, of Indiana, will make the response in behalf of the congress.

Several hundred delegates, many of them appointed by the governors of the various states and territories, and the remainder representing a score of associations whose interests are connected with the movement, have arrived in the city to attend the congress. Several hundred others are on their way to the city and when the gathering convenes tomorrow morning it will undoubtedly be the most influential and representative body of farmers and others interested in agricultural pursuits that has ever met in this or any other country.

The congress will be notable for the prominence as well as the number of its participants. William J. Bryan, Governor Johnson, of Minnesota, Governor Glenn, of North Carolina, former Governor Shackley, of Alaska, and James J. Hill, the railroad magnate, are among the notables who have promised to address the gathering if their other engagements will permit. Former Governor W. D. Hoard, of Wisconsin, one of the foremost authorities on dairying in the United States, will be a prominent participant in the proceedings of the congress, and President C. R. Van Hise and a dozen members of the faculty of the University of Wisconsin will also take part.

The congress will remain in session for one week. Papers will be presented by eminent thinkers on a wide range of topics in which the general public as well as the farmers are interested. Politics will not be touched upon by the congress, although many of the leading questions of the day will be discussed. Railroad rates, taxation, pure food laws, agricultural labor, immigration, the extension of the rural mail service, the participation of the farmer in politics, and tariff reform are among the important matters that will receive attention.

NEW TEMPERANCE POLICY DISCUSSED

Ottawa, Ont., Sept. 23.—Many subjects of importance are slated to receive attention at the fifth session of the General Synod of the Anglican Church, which opened in this city today with delegates in attendance from all parts of Canada. Among the motions to be voted upon is one proposing revision of the Canadian Prayer book. Another is to the effect that no Canadian edition of the Book of Common Prayer be issued at present, but that an edition with special services be issued for the clergy. Still another motion will propose that the upper and lower houses of the Synod sit together but vote separately.

Much interest center in the new policy to be proposed with regard to temperance. The Committee on Temperance has prepared a report recommending the unceremonious closing of bars, making it illegal for a minor to enter a bar where intoxicants are sold; the shortening of hours of sale by local option, and that full advantage be taken when practicable of the adoption and enforcement of local option under the present license law. The advisability will be discussed of inviting the co-operation of churches of other denominations in furthering moral reform work and in promoting legislation for objects of common interests.

A SURPRISED MINISTER.
Hymel Cured Bronchial Catarrh After He had Given Up in Despair.

"For many years I have been a sufferer from bronchial catarrh, and had despaired of anything like a cure. Judge of my pleasant surprise when I first used Hymel, which brought complete relief. Hymel has been a veritable godsend."

There are many readers of the Guard, who are suffering from catarrh, either nasal or bronchial. Many of these despair of ever being cured. They have soaked their stomachs with nostrums until they are disgusted with all medicines, and are now traveling their miserable way, allowing the devilish germs of catarrh to sap them of their health, energy and vitality.

But let us reason together. Hymel, the druggist, has a guarantee remedy for catarrh, colds, coughs, bronchitis, croup, and all inflammatory diseases of the nose, throat and bronchial tubes. The name of this remarkable remedy is Hymel, and if it doesn't cure you the Hull Drug Co. will give you your money back.

Hymel (pronounced Hoo-ho-me) is medicated with the just breathe it through the inhaler over the inflamed and germ-ridden membrane, and its soothing antiseptic properties will allay the inflammation, destroy the germs, and restore the entire respiratory tract to its normal condition.

A complete Hymel outfit, including a hard rubber inhaler, costs but \$1.00, and an extra bottle of Hymel, if afterwards needed, costs but 50 cents. See the Hull Drug Co. without delay.

METHODISTS IN ANNUAL CONFERENCE

Salem, Or., Sept. 22.—About 100 members of the Oregon conference of the Methodist Episcopal church reached Salem today in readiness for the sessions of the conference which begins tomorrow morning. This evening a reception was held at the First Methodist Episcopal church, Rev. W. H. Selleck, pastor of the church, presided and introduced the speakers. On behalf of the city of Salem, Mayor George F. Rodgers delivered an address of welcome, assuring the visitors that Salem is pleased to greet and entertain them and extending them the freedom of the city. In his usual humorous vein, he related some of his personal experiences at religious gatherings and "jollied" the preachers until their faces lost all semblance of serious mood.

President Homan, of Willamette University, welcomed the visitors on behalf of the local churches and the University, and I. H. Van Winkle extended a welcome on behalf of the laymen.

Rev. Clarence True, Wilson, of Portland, responded, expressing appreciation of the hearty welcome. In the course of his remarks he took occasion to refer to the progress of popular government in Oregon and expressed his satisfaction with the result of experiments in direct legislation. He mentioned particularly the adoption of laws for the regulation of liquor selling and for the election of United States senators by direct vote of the people. He said that he long had doubted the truth of the saying that the voice of the people is the voice of God, but since he had witnessed the operation of the initiative and referendum he had come to believe in it.

The conference will be organized by Bishop Hughes at 10 a. m. tomorrow and the work of the conference will be taken up immediately.

FOOTBALL PRACTICE BEGINS AT O. A. C.

Corvallis, Or., Sept. 22.—Football practice began at the Oregon Agricultural College this afternoon with 15 men in uniform and Coach Norcross in command. Cooper and Cody were the only regulars to report. Captain Collette and Keck, who performed very well on the second team last year, and Parker and Moore, two likely-looking new candidates, were in the squad. "Norky" gave the men some limbering-up exercises and a little work in handling the ball and then sent them to the gym.

The Plant behind the Suit

LOOK HERE!
How many men know clothing quality? It takes an expert these days to judge values. The safest plan, we've found, is to buy from honest manufacturers; then we take no chances and you take no chances. Schwab Clothes are doubly insured; not only do we know they're made right, but the set-price label "on the sleeve" insures good values. That's why we sell them. That's why you should buy them. \$10 to \$30. One-price-to-all, all-over-America.
