RITCHEY CREEK — Photo by Kelsey

Proposed supply of Eugene's new gravity water system. This photograph was taken by Engineer Kelsey, on August 25, when the water was at its lowest stage, although it was then running over 2,500,000 gallons daily. The picture itself is a conclusive argument on the point as to whether there is sufficient water in the creek for Eugene's needs. It proves as absolutely false the statements published in the morning paper that there is no considerable abount of water in the creek.

OVATION GIVEN SENATOR BOOTH BY METHODISTS

Salem, Sept. 23.—The Oregon conference of the Methodist Episcopal church convened in Salem this morning with about 120 members in attendance. As Bishop Hughes, who is presiding, spent most of the day in consultation with the four district superintendents relative to the assignment of pastors for next year, ...much work was accomplished today.

At 9 o'clock this morning the usual communion service was conducted by the bishop, aided by the four superintendents: Rev. M. C. Wire, of the Eugene district; Rev. W. B. Hollingshead, of the Portland district; Rev. B. F. Rowland, of the Salem district, and Rev. R. E. Dunlap, of the Klamath district. At the close of this service the bishop convened the conference for a business session and organization was perfected by the election of Rev. M. C. Wire of Eugene as secretary; Rev. James Moore, of Woodburn, treasurer, and Rev. James K. Hawkins, of Roseburg, statistical secretary.

Applaud Booth's Victory

Reports were received from District Superintendents Wire and Dunlap, showing the progress and condition of the work of the church in Eugene and Klamath districts respectively. An incident out of the ordinary occurred during the report given by District Superintendent Wire, who took occasion to give an account of the indictment and trial of R. A. Booth, a prominent lay member of the conference, on a charge of land fraud.

In a very affecting manner Dr. Wire told how Mr. Booth had been denied a trial although he had demanded it for over two years, and how he was promptly acquitted when ...finally granted a trial. At the close of this account of the Booth case the conference gave the speaker applause.

At the morning session Bishop Hughes introduced Dr. T. C. Iliff, of Kansas City, assistant secretary of the Home Mission and church Extension Society. Dr. Iliff, who lived for 25 years in Utah and who led the fight against the seating of United States Senator Reed Smoot, was given a cordial greeting by the conference.

In a brief and informal address he declared that the liquor question is the great problem before the American people today, and in unqualified terms he denounced both the great political parties for ignoring this question in their platforms.
