**S.S. SKIN DISEASES**

When the skin is pure and healthy, the skin will be soft, smooth, and free from eruptions; but when some acid humor takes possession, its presence is quickly manifested by some form of eruption. The skin receives its necessary nourishment and strength from the blood. When, however, this vital fluid becomes a humor-laden mass, it impairs the healthy, natural appearance of the skin, and impure nature continually irritates and inflames the delicate cuticle in a diseased and disfigured condition. S. S. S. drives out the humors from the blood, and restores the circulation, thereby curing every form of skin disease. S. S. S. goes down into the circulation and purifies the blood, and therefore are beneficial in reducing inflammation, and assist in keeping the parts of the body to which the blood must be purified of the humors. **OF PAST WEEK**  
**ON SIUSLAW**

A letter received by D. E. Severy, clerk of Florence school district, from County Superintendent Dillard, states that the county court of Lane county has decided not to put the new county high school law into effect during the first half of the present school year. The reason given for this is a lack of funds to carry out the provisions of the law. This brings up the question of whether the county court has authority to suspend the action of such a law or not. The county high school law was adopted by a vote of the citizens of Lane county at the regular election in 1907, and it was expected that it would go into effect at the opening of the fall term in those districts in which high schools are maintained.

A gang of surveyors are working south of here with the object of ascertaining the feasible water courses for irrigation and power purposes. They are camped on the Maitman place south of here. **BOOST; DON'T KNOCK!**

Eugene, Or., Sept. 21, '08.  
The worst of the recent panic is over, the empty dinner pail will soon begin to fill up. Let us all talk prosperity and work for prosperity. Either Bryan or Taft will be elected, and no matter which one the majority of the voters choose, times will continue to get better. It is a moral crime to predict a panic, for a panic means poverty, bankruptcy, suicide and untold suffering. We have recently had enough of it.

Let us not lay it onto any individual. A candidate for office who will predict that if the majority elect someone else there will be a panic, is not a patriot. A politician or newspaper who will endeavor to create a panic for political reasons should be punished as a criminal. Let us all be patriots and work for a return of prosperity and it will make no difference whether Bryan or Taft is elected. Boost! Don't Knock!

**FOR SALE, EXCHANGE OR LEASE**

Having concluded to retire from the lumber business I offer for sale, lease or will exchange for Eugene or Portland income property, my sawmill, sawmill site, booms, lumber sheds, office, planers, dry kilns and all tools connected with the business. Mill located at river bridge in the center of Eugene city, east and west, and only three blocks from the S. P. R. R.

This is a fine opportunity for some one to go into the lumber business, as there is always a big local demand for all slabwood, sawdust, shavings, cull lumber, as well as the better grades of lumber. Logs are cheap, labor cheap, lumber high.

A good millman can make this property pay for itself in two years, and if he will operate day and night in one year. Greatest opportunity in this part of Oregon for a mill man; best located mill in the state. Capacity, 20,000 feet in ten hours.

When you have this mill you are at the market. Planer and dry kiln—everything needed to make lots of lumber and lots of money. Give this your early attention if interested in a lumber proposition. I am sure you cannot beat it in the state. The quicker you act the surer you are of making your fortune, for this is a chance in a lifetime.

P. J. Daly, of 1247 West Congress street, Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it is my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. **ENACTED LOCAL**  
**OPTION LAW**

Indianapolis, Ind., Sept. 26.—The county local option bill, giving each county the right to decide whether liquor shall be sold within its confines, passed at the special session of the legislature today. The passage of the bill is a great victory for Governor Hanley, who has made a determined fight for the measure ever since assuming office.

Hanley's term of office expires on January 3, 1909. His successor-elect Watson, received Hanley's support on the promise that he would endeavor to bring about the enactment of a county local option law. After Watson's selection, however, he virtually repudiated the promise and Hanley, in order to accomplish the reform, called a special session of the legislature.

**A Dramatic Scene.**  
A dramatic scene marked the final vote on the bill, which was opposed by the democrats, who caused a great demonstration to delay matters until the arrival of Representative Johnson, one of their number, accompanied by his little daughter. Laying his hand tenderly on his child's head, Johnson started to explain his vote. "I have been against this bill," he said, "but certain influences"—here Johnson looked down at his daughter and broke into tears. After a pause he sobbed "I can't vote, Mr. Speaker." The daughter then put her arms around her father's neck and in a moment Johnson turned about and said: "I vote aye."

This action was followed by six democrats voting with the republicans, making a majority of votes for the bill.
