MORE THAN ONE HUNDRED MILLIONS IN DIVIDENDS

Boston, Mass., Sept. 29.—With the payment today of a quarterly dividend of \$5 a share the total amount of dividends received by the stockholders of the Calumet and Hecla Mining Company reaches the enormous sum of \$107,350,000. The dividends have been paid without interruption since 1871. The capital consists of 100,000 shares of the par value of \$20.

To Alexander Agassiz, son of the celebrated scientist, Louis Agassiz, is due the credit for the development of the great Calumet and Hecla properties. Alexander Agassiz, like his father before him, is closely associated with Harvard University. As a result of their faith in Agassiz and his discoveries many of the older families of Boston have accumulated millions from their early investments in the copper properties.

Though ultimately better known to the world in other lines, it was a geologist that Louis Agassiz won his earliest reputation, and it was through his knowledge of geology and mineralogy that Alexander was able to bring out the full value of the property. It was in 1865 that he undertook to see what the Hecla property was like and went to Michigan for that purpose. Copper had been mined there to a greater or lesser extent by the whites since 1845. Agassiz did not get far into his investigation before he became satisfied of the mine's value. Returning to Boston he succeeded in organizing a company and raising sufficient capital to work the mine. He did so well with the Hecla mine that he was asked to develop the Calumet property also. As a result the two were eventually consolidated under the name of the Calumet and Hecla.

Most of the time since 1879 the yield of the Calumet and Hecla has been steady and large. The hard times from 1873 to 1878 cut it down, but as long ago as 1888, in which year the memorable Calumet and Hecla fire did so much damage to the timbering, the annual output was 12,000 tons. Since then it has reached more than 65,000 tons in a single year, a record that has only been eclipsed by only one copper property in the world, the Anaconda mine of Montana.

TRUST COMPANIES UNDER DISCUSSION

Denver, Colo., Sept. 29.—An interesting program was carried out today at the annual meeting of the trust company section of the American Bankers' Association. The meeting was called to order at the Brown Palace hotel this morning by the president, Philip S. Babcock, of New York. An address of welcome by Governor Buchtel was followed by the annual reports of officers.

When committees had been appointed and other routine business disposed of, the meeting listened to addresses as follows: "New York City Trust Companies Under Present Legislation," Lawrence L. Gillespie, vice president of the Equitable Trust Company, of New York; "The Trust Company—a Necessity," Breckenridge Jones, president of the Mississippi Valley Trust Company, of New York; "Radicalism vs. Conservatism," E. H. Fries, president of the Washovia Loan and Trust Company, of Winston-Salem, N. C.;

"Securities Held in Trust, Methods for the Control and Safeguarding Them from Loss and for Their Proper Accounting," Joseph N. Babcock, of New York City. The convention of the American Bankers' Association, of which the trust company section is a part, will begin its sessions in the Auditorium tomorrow morning.

IS THIS A SQUARE DEAL?

The Red Cross Drug Company Will Give You Your Money Back if MI-O-NA Does Not Cure Dyspepsia.

The Red Cross Drug Company make this square deal offer because they are authorized to do so by the makers of MI-O-NA tablets, and they are willing to have this statement appear in the Guard because they know the offer is genuine.

And while it may be that there are about 8 cases to the 100 that are too far gone for MI-O-NA to cure, we are willing and ready to take all chances and if MI-O-NA does not cure any dyspeptic can have his money back. Even with this liberal offer the Red Cross Drug Company will not have to refund but a very small percentage because the 8 incurable dyspeptics will find so much relief in MI-O-NA tablets that they will once again look upon the sunny side of life, and will continue to use MI-O-NA.

Now, reader, you may say how can the makers of MI-O-NA make such an offer? How do they know that 92 per cent of the users will be cured, and that the other 8 per cent, or incurables, will be relieved? Why, it's all very simple. We've made this same offer in 1000 towns before we made it here, and we have figured out the percentages, so that when we make this statement we know it to be absolutely true.

MI-O-NA tablets are truly great for any one that has stomach trouble. I cannot praise them too highly for what they have done for me. Mrs. W. D. Bennett, Bucksport, Me.

The price is only 25 cents a box. Warner-Tunes pianos. Leave orders at Morris' Music Store.

BOOST; DON'T KNOCK!
Eugene, Or., Sept. 21, '08.
The worst of the recent panic is over, the empty dinner pail will soon begin to fill up. Let us all talk prosperity and work for prosperity. Either Bryan or Taft will be elected, and no matter which one the majority of the voters choose, times will continue to get better. It is a moral crime to predict a panic, for a panic means poverty, bankruptcy, suicide and untold suffering. We have recently had enough of it.

Let us not lay it onto any individual. A candidate for office who will predict that if the majority elect someone else there will be a panic, is not a patriot. A politician or newspaper who will endeavor to create a panic for political reasons should be punished as a criminal.

Let us all be patriots and work for a return of prosperity and it will make no difference whether Bryan or Taft is elected. Boost! Don't Knock!

Eugene Boosters,
L. M. Travis, Esq.,
Mayor J. D. Matlock,
Jack Rodman.

A Paying Investment
Mr. John White, of 38 Highland avenue, Houlton, Me., says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50-cent bottle of Dr. King's New Discovery. Before that was half gone the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies."
