# IRRIGATORS MAKE WAR ON ARID WASTES

Albuquerque, N. Y., Sept. 29.—The sixteenth annual session of the National Irrigation Congress began here today. Not since the beginning of the movement looking toward government aid in a vast scheme of irrigating the arid West has so much interest been taken in the meetings of the irrigation congress and during the five day's session irrigation and its kindred subjects, forestry and colonization, will not only be discussed but practical illustrations of what irrigation is doing for the West will be given.

The delegates will be taken to the great Elephant Butte Dam, where the government has commenced the expenditure of over \$8,000,000 in the construction of the largest reservoir for irrigation purposes in the world, and to the Hondo and Carlsbad projects in the Pecos Valley, both completed and in operation, showing completely two of the most important irrigation projects in the territory.

The importance of the present session of the congress is evidenced by the large and representative attendance. Delegates are present from all the Western states, and the Mississippi valley has a substantial representation. Among the states sending the largest delegations are Oregon, Washington, Colorado, California, Idaho, Montana, Texas, Arizona, and New Mexico, Mexico and several

## NEW LORD MAYOR OF LONDON TOWN

London, Sept. 29.—Having set tight as an alderman for 25 years, and filled the office of sheriff for one term, Sir George Truscott today went through the solemn farce of being elected lord mayor of London. Time was—some 200 or more years ago—when the lord mayors were really elected by the citizens. But the aldermen—they are elected for life—took counsel among themselves and decided that a position so exalted as that of lord mayor should not be thrown open to outsiders and made dependent upon popular favor. Consequently they fixed things up so that every alderman, if he lives long enough, is assured of becoming a lord mayor. When the last lord mayor was elected Sir George was next in line for the honor and it is now his turn to take the civic chair.

The election, which always takes place on Michaelmas Day, is one of the most quaint and striking ceremonies of the city of London that have survived the change of centuries. On the day of the election the court of aldermen and councilmen, and members of the ancient city companies, or "Liveries," assemble in the Guildhall. Outside the building a barrier is stretched, in which stand a score of gates bearing the names of the city companies—"The Clothworkers," "The Fishmongers," "The Drapers" and so on. Outside the gates sweet herbs are strewn to preserve the civic dignitaries from the fumes of the crowd. This survival always amuses the present-day crowd and is an object lesson in the progress of sanitation.

The new lord mayor, who will be inducted into office with the customary elaborate parade and ceremonies on November 9, is a son of the late Alderman Sir Francis Truscott, who was lord mayor in 1879-80. Sir George Truscott succeeded his father as an alderman of Dowgate ward. In 1895, having for thirteen years previously been a member of the common council. He was sheriff in 1903, and was knighted on the visit of President Loubet to the city. He is the head of the firm of Messrs. James Truscott & Son, printers and stationers.

## WHITE RESTAURANT IN NEW HANDS

The White restaurant on West Eighth street has been purchased by J. H. Vincent, who formerly was one of the owners, and the name will be changed to the Vincent. The restaurant has long been one of the leading eating houses in the vicinity, and as Mr. Vincent has had much experience in Eugene, he should make a success of his latest endeavor.

The restaurant, which has a large seating capacity, will be cleaned and renovated by the new proprietor.

### WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. W. Gossett of 558 Madison St., Eugene, Ore., says: "I served during the war in the 77th Ohio Regiment, under General Grant, and came through the battle of Shiloh without a scratch. For about four months last year I had a most persistent dull aching across the loins and kidneys. It hurt me if I stooped or made any sudden movement. When splitting some wood out in the yard a sharp twinge of pain caught me in my back and I could not move to save me. A little while afterwards I happened to read about Doan's Kidney Pills and got a box at W. L. Delano's drug store. I began the treatment and it affected a permanent cure." (From statement made March 10, 1903.)

### Cured to Stay Cured.

On February 9th, 1906, Mr. Gossett confirmed the above, saying: "I have had no occasion to use any kidney medicine since 1903. The cure I described before is permanent."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
