

### COTTAGE GROVE HOLDUPS LANDED IN COUNTY JAIL

#### HARRY MURPHY AND R. N. HARVEY WAIVE EXAMINATION AND ARE BROUGHT TO EUGENE — PRETTY CONCLUSIVE EVIDENCE THAT THEY ARE THE GUILTY PARTIES

Harry Murphy and R. N. Harvey, the men who held up and assaulted M. V. DeWald, the Cottage Grove merchant, Monday night, at account of it appearing in yesterday's Guard, were brought to Eugene by Sheriff Brown last evening, they having waived examination. They are now in the county jail awaiting trial at the next term of circuit court. Murphy is pretty badly crippled as a result of being peppered with buckshot from Marshal Snodgrass' shotgun. He was brought down on a stretcher from Cottage Grove. Shot entered early every part of his body and arms and legs. His condition is not considered serious, however, and it is expected that he will be able to walk around in a short time.

The Cottage Grove Leader tells of the capture of the two men as follows:

The officers were at once notified of the assault and attempted robbery and two posses were quickly organized, one headed by Green Pitcher going north to guard the wagon road and railroad at King's crossing, the other composed of Marshal Frank Snodgrass, Fred Bartels, Jas. Potts and Frank Hickey, going south to divide to guard the railroad and wagon road.

**Robbers Ambushed**  
A little after midnight two lone men were observed approaching quietly up the wagon road and when within a short distance of the officers lying in wait, they were request-

ed by Fred Bartels to "halt and throw up your hands." The short, young man obeyed and gave up his gun, but the tall, older fellow, fired at the officers and made a break, but encountered Marshal Snodgrass a few paces up the road and fired a second shot at him. Snodgrass responded with a charge of buckshot from his Winchester pump gun, but missed his mark. The thug fired a third shot and the marshal, taking deliberate aim at the flash of the fellow's pistol, fired a second shot of coarse shot, this time with the effect of silencing the robber's gun. Not knowing the thug had fallen, Snodgrass waited a moment for the rest of the boys to come up with their man, when Potts remarked that he "believed he could take down the road and catch the other fellow." Just then a husky voice was heard to exclaim:

"Well, are you fellows going to let a man lie here and bleed to death?" Stepping to the side of the road the officers found their second man sitting up holding his arm and suffering from 21 shot punctures in his arm and body. He was a sullen, desperate appearing fellow and was quickly disarmed and brought to town with his companion. The wounded man was turned over to the local physicians, who have been probing for the shot in his anatomy, but succeeded in removing but one.

He was taken to the Hotel Thompson and cared for while the other fellow was landed in jail, and this morning the wounded man went to the hotel table and ate a hearty breakfast, seeming to be suffering little from his numerous wounds.

Both men answer perfectly to the description given by Mr. DeWald of his assailants.

**May Be Hamilton**

It is said that the wounded man answers almost perfectly to the description of the man Hamilton wanted in Lake county for the murder of a ranchman in that county some months ago and for whose arrest and conviction a reward of \$5000 is offered. That the fellow is a bad one is evident from the vile language he used when the physicians were dressing his wounds, at which time he remarked "It was a pity the shot did not penetrate my head instead of my arm and body." And that he was "all in, anyway."

**Conclusive Evidence**

It was observed that a large piece was broken out of the handle of the

big Colt's revolver taken from the wounded robber when he was captured, and after a brief search today Marshal Snodgrass found the missing part of the revolver handle lying in the store where Mr. DeWald was knocked down. This discovery, made in the presence of several citizens, is considered conclusive evidence against the prisoners.

### WHAT THE KIDNEYS DO. Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain the back, headache, nervousness, hot dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. W. Gossett of 558 Madison St., Eugene, Ore., says: "I served during the war in the 77th Ohio Regiment, under General Grant, and came through the battle of Shiloh without a scratch. For about four months last year I had a most persistent dull aching across the joints and kidneys. It hurt me if I stooped or made any sudden movement. When splitting some wood out in the yard a sharp twinge of pain caught me in my back and I could not move to save me. A little while afterwards I happened to read about Doan's Kidney Pills and got a box at W. L. Delano's drug store. I began the treatment and it affected a permanent cure." (From statement made March 10, 1903.)

### Cured to Stay Cured.

On February 9th, 1906, Mr. Gossett confirmed the above, saying: "I have had no occasion to use any kidney medicine since 1903. The cure I described before is permanent."

## SPORTING NEWS

Jim Stewart and Sandy Ferguson, "the bad man of Chelsea," are to meet in a bout in New York October 8.

The Philadelphia Nationals have it on the Chicago Cubs to the tune of 13 games to 9 for the season.

Articles have been signed for a bout between Cy Flynn and Tom Crawford to take place at Oil City, October 5.

Jim Driscoll, the featherweight champion of England and Australia, has arrived in New York and is looking for bouts with some of the little fighters.

The season of the California State League is the longest of any organization in the country, beginning March 28 and continuing to November 15. But games are played only twice a week, Friday and Saturday.

Battling Nelson and Paeky McFarland will probably furnish the Thanksgiving day attraction at Promotor Coffroth's club at Colma, Cal.

Jimmy Jones of Montreal is the leading hitter of the Eastern league. Hearne of Baltimore has a higher percentage, but he has played in less than half the games of the season.

Jack (Twin) Sullivan, who is in Los Angeles, recently turned down an offer from Jim Jeffries to box Sam Langford. Sullivan is desirous of a match with Hugo Kelly.

Freddie Welsh, the English lightweight, being unable to get a bout with Battling Nelson, has consented to meet Maurice Sayers before Jeffries' club in Los Angeles in October.

Manager Frank Boyle, who has won two pennants with his Waterloo team in the Central Association, will no doubt receive several offers to join faster company next season.

Of last year's great kickers on the gridiron, Burr of Harvard, Hollenbeck of Pennsylvania, Coy of Yale,

and Wilder of Cornell remain in the game. Princeton has lost Harlan and the Indians, Mt. Pleasant.

The last week of the Southern League season was a hummer. September 14, New Orleans had a percentage of .579 and Nashville .564; Sept. 15, New Orleans .574, Nashville .567; Sept. 16, the figures stood New Orleans .577 and Nashville .570; Sept. 17, New Orleans was .580 and Nashville .566; Sept. 18, New Orleans .576 and Nashville .569; Sept. 19, Nashville won the pennant with a percentage of .573, with New Orleans .571.

Tri-State League fans will miss Eddie Ashenback, who managed the Johnstown team this season. Ashenback is a born humorist and does the funniest coaching stunts since the days of Arlie Latham. He has signed to wear a Chicago National League uniform the coming season.

The former big league players who have won pennants this season as minor league managers include: Jack Dunn, Baltimore, Eastern League; Charlie Carr, Indianapolis, American Association; William Bernhard, Nashville, Southern League; William Holmes, Sioux City, Western League; Harry Wolverton, Williamsport, Tri-State League; Richard Cooley, Topeka, Western Association; Malachi Kittredge, Scranton, New York State League; Jesse Burkett, Worcester, New England League and John McCarthy, Springfield, Three-I League.

### Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty. If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
