GUARD'S FINE PREMIUM MAPS ARE GOING FAST

The Guard has received a large shipment of its fine premium wall charts, consisting of the latest map of Oregon, of the United States and foreign countries. These charts are nicely mounted, lithographed on heavy varnished paper, and contain as much valuable information as an ordinary atlas.

All subscribers of the Daily Guard, served by carrier, who pay \$2.50 for six months in advance, get one of these map-charts free.

All mail subscribers of the Daily Guard who pay \$3.00 (special offer), for one year in advance, are entitled to the premium as well as Weekly Guard subscribers who pay a year in advance.

We have a large number of these maps on hand but they are going fast—one hundred were taken this week, so you should not delay until the supply is exhausted.

REPORT OF W. C. T. U. COUNTY CONVENTION

(By Mrs. Josephine Hull, Press Correspondent.)

The 17th annual convention of the Lane County W. C. T. U. met in the little church in East Eugene at 2 p. m. September 23. Mrs. Eva Wheeler of Cottage Grove, the county president, presided with her usual grace, and the state president, Mrs. Henrietta Brown, of Albany, was there with her words of encouragement and helpful suggestions. Nine unions were represented, one only a few months old, being quite a prosperous babe.

Mrs. Wheeler gave a fine annual address at Wednesday afternoon's session, the remainder of the day's session being taken up by reports of superintendents and plans for the coming year. The reports of work done were much better than those of last year, the East Eugene union capturing the banner for the best report of work in proportion to members.

Wednesday evening Mrs. Brown gave an address in the Baptist church. Mrs. Brown is a modest, unassuming speaker, but business-like and entertaining, and impresses her hearers as being thoroughly sincere. Mrs. Wheeler also gave a recital, which was much enjoyed by those who heard her.

The committee on resolutions reported as follows:

"Whereas, We, the members of the W. C. T. U. now met in county convention in East Eugene, most heartily endorse the principles of the great and grand order, in total abstinence for the individual and prohibition for state and nation. An equal code of morals for men and women, equal wages for equal work regardless of sex, the ballot in the hands of women, claiming we should have a right to help make the laws by which we are governed; we accept the holy Bible as our standard of faith and believe the Lord's Day should be used only in His service and worship. We believe in upholding the purity of the press, and realizing the evil effects of the use of tobacco, especially by the young, we as Christian Temperance women do most earnestly protest against newspaper cuts representing young men as using this relic of American savagery in the form of pipe, cigar or cigarette, certainly adding no suggestion of strength or manliness to the young student, nor beauty, grace or any comeliness whatever to innocent childhood. Therefore, while feeling sincerely our obligations to the Eugene press, our obligations to the cause of the next year we beg a continuance of their co-operation in exalting the good and eradicating the evil. To the East Eugene women as hostesses, to the church board for the use of the church, to the good people who have so kindly and generously entertained us we tender our most sincere and heartfelt thanks.

SAGE ROOSTER BOOSTS EUGENE

(Sage Rooster in Albany Democrat.)
Some time since the rooster strayed. He is now getting his voice in shape for Bryan, and for Albany's electric line and the C. & E. extension.

Eugene for sixteen months has been the liveliest town in Oregon outside of Portland, with miles of paved streets and cement walks, fine business blocks going up, including a five-story I. O. O. F. block, a three-story brick on Eighth street, the Cherry reinforced concrete block, a two-story brick at Eighth and Olive and several already completed, besides the S. P. depot, the Presbyterian church and the addition to the high school and many residences and cottages. I hope to see Albany have such a move on during 1909 and show Eugene by leading her in improvements and population.

Recently the Rooster saw some familiar names of Albany men in the hotel arrivals. He went to the hotel and was informed that they had retired, almost nervous wrecks. They had started out to see the sights, but had become blinded by the glare of the many electric lights, dodging autos and street cars, and being afraid of being run over, retired.

The public school buildings are overcrowded, and it is almost impossible to find a vacant house or housekeeping rooms. Blind pigs are almost a thing of the past in Eugene and politics are thought of but little. The wary here is a bigger Eugene, and I believe the smaller Bill is the political cry for November 3.

BOOST; DON'T KNOCK!

Eugene, Or., Sept. 21, '08.
The worst of the recent panic is over, the empty dinner pail will soon begin to fill up. Let us all talk prosperity and work for prosperity. Either Bryan or Taft will be elected, and no matter which one the majority of the voters choose, times will continue to get better. It is a moral crime to predict a panic, for a panic means poverty, bankruptcy, suicide and untold suffering. We have recently had enough of it.

Let us not lay it onto any individual. A candidate for office who will predict that if the majority elect someone else there will be a panic, is not a patriot. A politician or newspaper who will endeavor to create a panic for political reasons should be punished as a criminal.

Let us all be patriots and work for a return of prosperity and it will make no difference whether Bryan or Taft is elected. Boost! Don't Knock!

Hyomel Cured Bronchial Catarrh After He had Given Up in Despair.

"For many years I have been a sufferer from bronchial catarrh, and had despaired of anything like a cure. Judge of my pleasant surprise when I first used Hyomel, which brought complete relief. Hyomel has been a veritable godsend."

There are many readers of the Guard, who are suffering from catarrh, either nasal or bronchial. Many of these despair of ever being cured. They have soaked their stomachs with nostrums, until they are disgusted with all medicines, and are now traveling the miserable way, allowing the devilish germs of catarrh to sap them of their health, energy and vitality.

But let us reason together. Hull, the druggist, has a guarantee remedy for catarrh, colds, coughs, bronchitis, croup, and all inflammatory diseases of the nose, throat and bronchial tubes. The name of this remarkable remedy is Hyomel, and if it doesn't cure you the Hull Drug Co. will give you money back.

Hyomel (pronounced Hough-o-mel) is medicated air; you just breathe it through the inhaler over the inflamed and germ-ridden membrane, and its soothing antiseptic properties will allay the inflammation, destroy the germs, and restore the entire respiratory tract to its normal condition.

A complete Hyomel outfit, including a hard rubber inhaler, costs but \$1.00, and an extra bottle of Hyomel. If afterwards needed, costs but 50 cents. See the Hull Drug Co. without delay.

HOW TO GET STRONG

P. J. Daly, of 1247 West Congress street, Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it is my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. TWO CENT POSTAGE TO ALL ENGLAND

Washington, Oct. 1.—The agreement between the United States and England, by which the postal letter rate between the two countries is reduced from five cents to two cents an ounce, goes into effect today and Postmaster-General Meyer, who brought about this agreement under the "restricted union" clause of the postal union, is awaiting with interest what effect, if any, this reduction in the letter rate will have upon the postal intercourse between the two countries. He does not, however, apprehend that the cut in the rate will cause a serious decrease in the postal receipts, but is confident that the lower rate will so greatly stimulate commercial and private correspondence, between the two countries that it will more than compensate for the difference in the postal rate.

The proposition of reducing the letter postal rate between the United States and Great Britain has been agitated for some time by the merchants of the two countries, but the American postal authorities were not inclined to make the desired reduction, fearing that it would cause a serious cut in the postal receipts. Postmaster-General Meyer strongly favored the reduction, and was warmly supported by President Roosevelt. He approached the British postmaster-general, Sidney Buxton, and met with a favorable response. The conclusion of the agreement was hastened by the action of the Universal Postal Union which, on October 1, 1907, reduced the universal international postal rate between the countries belonging to the union from five cents flat for every half ounce to five cents for the first ounce and three cents for each additional ounce.

This reduction of the universal international postal rate paved the way for the "special union" between the United States and Great Britain, by demonstrating the injustice of charging the same postal rate to Great Britain, with which this country has direct steamer connection, that is charged to remote countries with which the United States has no direct communication. The articles of the Universal Postal Union permit the conclusion of "restricted unions" between any two countries and this is the fourth time that the American postal authorities have availed themselves of this privilege. Such agreements, fixing the letter rate at two cents, have already been concluded with Cuba, Panama and Canada.

What the immediate effect of the reduction in postal rate between the United States and Great Britain will be, is, of course, merely a matter of speculation at the present time. Postmaster-General Meyer believes that the American and English merchants and manufacturers will not be slow in availing themselves of this opportunity to send large quantities of circulars, catalogues, and advertising literature across the ocean, something that had been practically impossible under the former high letter rate. Businessmen are inclined to believe that the reduction will greatly stimulate the commercial relations between the two countries.

EUGENE REVIVALISTS AT ST. JOHN

Three people are engaged in a series of revival meetings in St. John. They are fresh from revival meetings at Puyallup, Wash., where there were added to the Christian church 230 members. Rev. David Eugene Olson is the speaker. Charles C. Curtis and his sister, Mrs. Nellie Curtis Callison, are the musicians. Their singing is especially good and Mr. Olson joins them in trios. Mr. Curtis is studying for the ministry. It looks as if the wonderful success at Puyallup will be repeated at St. John. There have been conversions almost every night during the week they have been here, about two dozen being added to the church so far.—Portland Telegram.
