

# A Careful Man Protects His Family

By carrying a Life Insurance Policy. This is a wise plan and we have no criticism to offer.

The first necessity for a family however is a **HOME**. If you have gone this long without one, you should not delay another day. **MATERIAL** of all kinds is advancing, but is still reasonable. If you need a home and don't take advantage of this opportune time to build then get the insurance anyway for you surely are a **DEAD ONE**.

## The Booth-Kelly Lumber Co.

14 East 8th Street, Eugene, Oregon.

### Every Thinker

Appreciates smoking good cigars. It gives him relaxation. The Mount Hood Cigar is a favorite among all thinking men. It is positively the best 10c Cigar on the market.

Call and examine our large stock before buying elsewhere.

### VINCENT RESTAURANT

Meals at all Hours 20c and up  
Phone Black 1557 West Eighth St.

### COTTAGE GROVE LOCAL ITEMS OF INTEREST

George Clay, a man who works about the logging camps in this neighborhood, was up before Mayor Job Wednesday, in the absence of Recorder Young, on the charge of drunkenness and fast driving. He had secured a single rig at a livery barn, and in company with a young woman of this city, said to be only 18 or 19 years of age, started out to have a good time. He drove up Main street and across the Coast Fork bridge at a breakneck speed, not only endangering himself and companion but everybody along that thoroughfare. Officer Green Pitcher made up his mind that it was time to interfere, and gathered in the festive logger. He was taken before Mayor Job, where he pleaded guilty to reckless driving and was given the limit, \$10. To the charge of drunkenness he pleaded not guilty, and was remanded for a hearing, which will be held next week Friday, before Recorder Young, who is now on a business trip to Bohemia. In Clay's pocket was found a bottle half full of alcohol, but not a cent, and it is evident that he depended upon the stimulant and his companion for the "good time."

L. F. Wooley, of Cottage Grove, has a Black Minorca hen which is entitled to the blue ribbon for the production of record-breaking eggs. While this hen lays only every other day, she makes up the day skipped in the size of her product, which average four ounces each, or four eggs to the pound. These eggs are 6 inches in circumference, a little more than 5 inches long, twelve of which laid endwise cover a yardstick from end to end. This hen has produced eggs of this size during the laying seasons for two years, and none have yet been found which contained a double yolk.

Charles S. Cochran, local band man, accepted the position of leader for the new band organized in this city at a meeting of its members on Tuesday evening. Several young men have been anxious to get a musical organization of this character, and Cochran's character and his meeting is the outcome of much effort. There are about twelve members on the staff, but several more have signified their intention of joining, and will do so in the near future.  
"Nabby" Clark and wife passed through Cottage Grove Tuesday, en route for the Combination mine at Bohemia. The couple were married at the home of the bride in Eugene Monday and will make their future home at the mines. Mr. Clark is a well known wine owner, and the bride formerly Miss Willett, a popular young lady of Eugene. Their many friends extend their best wishes for future happiness.  
Henry DeWald came down Tuesday

from the Canyonville country to visit his father, who was so seriously injured Monday night by being struck on the head with a revolver by thugs, as he was in the act of closing his grocery store. It will be recalled that the two hold-up men were captured and now languish in the jail at Eugene, while Mr. DeWald is speedily recovering from his injuries.

A. D. Owens, the sawmill man, delivered the first load of lumber for Cottage Grove's district fair buildings Wednesday. He says the fair will be a fine thing for Cottage Grove and community and should be generally encouraged and assisted. Mr. Owens generously donated 1000 feet of lumber to the fair association.

The sewer work on the west side is nearly finished, after some several weeks' work. The contractor struck a bad piece of rock which had to be blasted to get a sufficient depth, but is in better ground now. This sewer is a marked improvement, and is a credit to the city. The work has been done in a short time considering the bad strip of ground necessary to dig through.

This week A. J. Armstrong, who arrived in this city recently from Lakeview, has purchased the Grove gallery of Goe, S. Gourley, and assumed charge October 1st.—Leader and Western Oregon.

### MARRIED

At the home of the officiating clergyman, Rev. R. G. Callison, at Fall Creek, September 28, 1908, Grover O. Walker and Miss Jessie D. Sallor.

### NOTICE TO TAXPAYERS

Notice is hereby given that the road poll tax, amounting to \$3, is now due from each male inhabitant of the city of Eugene between the ages of 21 and 50 years, except as exempt by law, and will become delinquent unless paid before the first day of December, 1908.

Please call at the office of L. E. Bean, city attorney, No. 14 McCling building, where proper receipts will be issued. Receipts will be promptly forwarded to those making payment through the mail.  
It will save trouble and expense, both to the city and taxpayer, if prompt payment is made.  
By order of the common council.  
L. E. BEAN,  
City Attorney.

### How to Get Strong

P. J. Daly, of 1247 West Congress street, Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it is my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at W. A. Kuykendall's drug store, 50c.

### AMAZED AT CRESWELL'S BIG PRUNE INDUSTRY

The Commercial Club committee which visited Creswell yesterday spent the greater part of the day there and was amazed at the importance of the prune industry of Creswell.  
Dr. L. D. Scarbrough showed the visitors his two dryers, the new one being one of the most perfect factories in its line. He will handle this season half a million pounds of dried prunes, which means between \$20,000 and \$25,000. He is employing 65 men and 5 teams besides the pickers.  
After the committee had visited the drying houses they were taken through the doctor's orchard, which Professor Cordley, of Corvallis, pronounced one of the finest in the entire state.  
The results this year of this orchard will be one hundred dollars an acre and the trees are only six and seven years old. They are in excellent condition.

### EASTLAND GETS MEDICAL SCHOLARSHIP

HERBERT EASTLAND, a University graduate of '05, has been granted the full scholarship offered by the University of Oregon medical college in Portland to the graduates of the University of Oregon. Eastland took his major work under Professor Sweetser in the biological department. The scholarship amounts to all the tuition and fees that are charged at the medical school. Two half scholarships are also awarded each year, but no decisions have yet been made.

### COOS BAY OYSTERS

Professor Sweetser and the members of his department are conducting experiments on the subject of planting oysters for commercial purposes. No experimental beds will be placed in the bay until the facts are gathered this winter to show whether growth and propagation are possible. It is said that many oyster shells are scattered along the Coos county beaches, which indicate that oysters were once a natural product of the coast. The reason that they are not still in existence is not known.

### Weather Report

A. W. Jackson, the genial instructor in the physics department, reports the rainfall at the University weather station for September as 37 of an inch. The normal fall is 1.85.

shortage for the past month being therefore 1.48 inches. The shortage from January 1 to October 1 of this year is 6.81 inches.

### College Items

Dr. F. J. Zeigler, an alumnus of the University, and an old football player, is visiting in the city.  
The alumni game on October 17 will be played unless the old "grads" fall to come to Eugene.  
Captain Fred Moulten is out in a suit again, though he is not taking part in the scrimmages.  
Registration at the University is 488.

### ALBANY EDITOR SHOOTS BUT MISSES

Albany, Or., Oct. 2.—Fren A. Sanders, an employe of the Albany Iron Works, narrowly missed death late last night from a bullet fired by J. H. O'Brien, who has been employed on a local newspaper.  
The two men had an altercation earlier in the evening, and, after a short fist fight, O'Brien, who had been drinking, armed himself with a pistol. Meeting Sanders near the corner of First and Lyon streets O'Brien queried: "Is your name Sanders?" and when the latter answered yes he raised the pistol and fired. The bullet grazed the right side of Sanders' face, which was powder-burned. Sanders then retreated.  
This morning, at the request of O'Brien's friends, Sanders refused to sign a complaint charging assault with intent to kill, and O'Brien disposed of his interests here and left the city this afternoon, southbound.

### REMOVAL NOTICE

Howe & Buoy have moved their real estate office from J. A. Maurer's to the Eugene Creamery building, No. 474 Willamette street. Phone Black 1212.

Hotting furnace, brick and foundation stone for sale cheap by First National Bank.

Singer Sewing machine Company, 615 Willamette street, phone Red 1451.

See Watts for alarm clocks from a dollar up.

### CHAIRMAN MACK ATTACKS SHELDON

(Continued from page one)

refused to put up Mr. Sheldon's name for a public office, it has, for the identical reasons of this refusal, selected him for its campaign fund collector.

Member of Seventeen Trusts  
This cannot be denied. Most of the corporations with which Mr. Sheldon is identified are capitalized for millions. How much of their stock is of the liquid variety can be easily ascertained. Yet Mr. Roosevelt has defended him and his resignation was not demanded when Mr. Dupont was invited to step down and out. Mr. Dupont was only identified with one trust, while Mr. Sheldon is at the present time connected with no less than 17 prominent financial concerns.

Some of Trust Connections  
One of these, the Bethlehem Steel Company, does not employ union labor and has opposed the organization of its employes for the past 16 years. Mr. Sheldon is a director of that company. He is also director and treasurer of the North American Company, capitalized for \$30,000,000, a concern known as the "mystery of Wall street." It is but a few years back since he was prominently identified with the whiskey trust. A glance at his connection with various companies for the past ten years

### REWARD

If the party or parties who stole the mortar, used for fitting the night of July 4th, 1908, will return same to Eugene Creamery Company's store they will be rewarded.

### GASOLINE WOOD

will explain tersely the present position. No furtherment of mine is necessary. The corporations named Mack include railway, industrial financial concerns here and where.  
Chairman Hitchcock, of the Clean National committee, Mr. Mack's attack on Mr. Sheldon declined to make any statement. Mr. Sheldon said the statement not contain anything to which he would be obliged to answer.

\*\*\*\*\*  
Saturday night at the memory Company C will give other dance. There will be large attendance last Saturday and a larger one expected on next Saturday. Side will be by Svarovski orchestra.
