ELEVEN DEAD MANY INJURED IN N. Y. FIRE

New York, Oct. 5.—Eleven were killed and more than a dozen injured, and thirty escaped death by the narrowest margin, from an incendiary fire which wrecked a tenement house at 112 Mulberry street early today. Three barrels stuffed with rubbish and soaked with oil were lighted in the lower hall, cutting off the escape of fifty persons on the upper flors. Some of them died in their beds, while others were aroused too late and fell unconscious and were burned to death.

Many were injured in jumping from windows to the street.

JUDGE STOCKSLAGER'S WATCH RECOVERED

Winnemucca, Oct. 5.—On January 24 Judge C. O. Stockslager was robbed at Shoshone, Idaho, and today Sheriff Lamb recovered his watch from an Indian who said he purchased it for $13 from Ronaldo Dominguez, now in jail here charged with burglary. The watch bears the inscription:

"Presented to Judge C. O. Stockslager by his friends, January 7, 1901," and a latin sentence which translated reads:

"Justice to all in the law itself."

PACIFIC COAST CITIES WILL UNITE

San Francisco, Oct. 5.—Leading cities of the Pacific coast, represented by their executive officers and respective commercial organizations, are arranging today for a unity of action on all national legislation affecting the interests of the three states bordering upon the Pacific ocean. Portland, Seattle, Tacoma, Spokane, Los Angeles, Oakland and San Francisco participated in the conference.

BROOKLYN WINS IN FIRST GAME

BULGARIA THROWS OFF TURKISH YOKE, WAR IN PROSPECT

Paris, Oct. 5.—The Temps today publishes a dispatch from Vienna saying that the Bulgarian army is marching toward the frontier and that the Turks are moving forward to the encounter. Austria Hungary is mobilizing two army corps.

Paris, Oct. 5.—No official confirmation has been received in Paris at 6 o'clock this evening of the reported mobilization of troops by Turkey and Bulgaria. It is believed here that Bulgaria will remain on the defensive.

Sofia, Oct. 5.—Bulgaria, a tributary principality under the suzerainty of the sultan of Turkey, today proclaimed her independence of Turkey. The action was taken at Tirnovo by Prince Ferdinand, who was elected prince of Bulgaria in 1887. The Bulgarian cabinet was present with the prince, having met him yesterday at the frontier and journeyed with him to Tirnovo, the ancient capital of the kingdom of Bulgaria.

Austria Back of It

Constantinople, Oct. 5.—Turkey is convinced that Austria, backed by Germany, encouraged Bulgaria to declare her independence in order to strike a blow at the Kaimil ministry and cmpromise the new constitution. It is not known what action Turkey will take, but the impression prevails that an European conference will be held to consider the whole question.

RUSSIA DESIRES GENERAL REVISION

St. Petersburg, Oct. 5.—It is announced with authority today that Russia will propose a congress of the powers for the general revision of the Berlin treaty. This is the outcome of the proclamation of Bulgarian independence. Russia has reason to believe the annexation of Bosnia and Herzegovina by Austria Hungary is imminent.

Will See Czar

Count Berchtold, Austro-Hungarian ambassador to Russia, who has been away on a leave of absence, returned to the city today and demanded an immediate audience with Czar Nicholas. It was arranged that he would see his majesty tomorrow, and as the emperor is cruising in the Gulf of Finland, a naval yacht was placed at the disposal of Count Berchtold.

GERMANY WILL JOIN WITH BRITAIN

Berlin, Oct. 5.—The Associated Press is authorized to state that Germany associates herself with the mediation proposals submitted by Great Britain to the Turkish and Bulgarian governments. It is recognized officially that Bulgaria's proclamation gravely complicates the situation and until the attitude of the sultan is known the German government is unable to forsee its course of action, except that in no case will Germany bring pressure to bear at Constantinople to influence the decision of the porte.

FRANCE TRYING TO AVERT CONFLICT

Paris, Oct. 5.—France has decided to enact the role of mediator with the object of preventing war between Bulgaria and Turkey. Foreign Minister Pichon had already begun a series of conferences with the diplomatic representatives of the powers with the idea of reaching an understanding, the purpose of which was the maintenance of peace when the official news of Prince Ferdinand's proclamation arrived.

The situation is considered most grave.

HARRY STUCKE SHOT AND KILLED BY HARRY TABOR

TRAGEDY OCCUES IN DEADWOOD NEIGHBORHOOD WEST OF EUGENE SATURDAY AFTERNOON

TABOR WAIVES EXAMINATION AND IS BOUND OVER IN SUM OF $2000 — HE FURNISHED BAIL AND IS AT LIBERTY—SHOOTING RESULT OF FAMILY FEUD—TABOR ACTED IN SELF DEFENSE

Harry Stucke, a farmer residing in the vicinity of Deadwood, in the Lake Creek valley, 50 miles west of Eugene, was shot and killed by Harry Tabor, deputy postmaster at Alpha, Saturday afternoon about 4 4 o'clock.

A jury empaneled by the justice of the peace of that precinct, acting in the capacity of coroner, held an inquest over Stucke's body this morning and found that he came to his death from a gunshot wound at the hands of Harry Tabor. Tabor was afterward arraigned before the justice of the peace and waived examination. He was bound over to the circuit court and his bail fixed at $2,000, which was furnished by a number of citizens of that neighborhood.

Acted in Self-Defense

As Tabor waived examination no testimony was adduced before the justice of the peace and therefore minor details of the shooting are lasking, but from a telephone message to The Guard it is learned that Tabor acted in self-defense in shooting Stucke. The shooting occurred in Tabor's field. He and his wife were together and were driving the cows home from pasture. Stucke, it appears climbed over the fence and approached them, cursing Tabor. He had a pistol in his hand and, so the story goes, attempted to draw it on Tabor, whereupon the latter drew his pistol, a .32-calibre, and fired. Stucke fell and soon afterward expired.

Tabor immediately started for Eugene to give himself up to Sheriff Bown, and telephoned the sheriff what he had done and that he was coming in. The sheriff told him to stay there and directed the constable of that district to place him in custody till he (the sheriff) arrived. Sheriff Bown, in company with District Attorney Bryson, left here about 1 o'clock Sunday morning for the scene of the shooting, the district attorney coming up from Corvallis on the midnight train. They arrived there about noon Sunday and at once proceeded to investigate the shooting and the causes leading up to it.

A Family Feud

According to the stories that have reached Eugene since the killing Saturday afternoon, the trouble which culminated in the tragedy has been of long standing. Stucke, who has the reputation of being quarrelsome and as having an ugly temper, it is said, had threatened to kill Tabor as well as several other people residing in that neighborhood. For some time past Tabor has carried a pistol, expecting serious trouble with Stucke.

It is said the trouble started over the fact that Garrett Steinhauer accused Stucke of being unduly intimate with his (Steinhauer's) wife, and at one time ordered Stucke off his place. Stucke some time after that assaulted Steinhauer and was arrested and brought to Eugene for an examination before Justice of the Peace Bryson. He was bound over to the circuit court, which meets in November, and was under bonds at the time he was killed. Tabor was one of the principal witnesses against Stucke, and it was for this reason that the latter threatened Tabor's

PUBLIC SCHOOLS CROWDED WORSE THAN EVER

City School Superintendent Stockton is in a quandary over the matter of accommodating the many new pupils who have enrolled in the public schools during the past week or two. There were five new ones in the fifth grade at the Geary school this morning and the room was already full. There are more pupils than seats in the first grade room at the Patterson school and several rooms in all the buildings are badly crowded. The superintendent stated this morning that a new building is an absolute necessity.

Another new teacher was chosen Saturday for the high school in the person of Miss Florence DeHar. This will necessitate the filling up of one of the rooms in the high school building, now used for the grammar grades, for high school work. Five rooms in the high school and one in the basement of the Central school are being used to accommodate the overflow from the grammar grades and these will soon be overflowing if the present increase continues.

Miss Winnie Hadley and Mrs. Wester are taking the places of the Misses Abel in the teaching force on account of the death of Mrs. Northcraft, grandmother of the latter.

CHAIRMAN MACK SAYS BRYAN WILL WIN

Chicago, Oct. 5.—Norman Mack, chairman of the Democratic National committee, told the Associated Press today that after three weeks' study of the situation in the East he was convinced the election would go to Bryan. That New York will show a landslide for the Democratic candidate; that New Jersey, Rhode Island, Maryland, Delaware and Ohio would also be found in the Democratic column. He said President Roosevelt's letters and Longworth's declaration that the country will have eight years of Taft and then eight years of Roosevelt, have helped the Democratic party.
