

TURKEY APPEALS TO POWERS FOR ASSISTANCE

Paris, Oct. 6.—Reports from Constantinople today declared without hesitation that the sultan will look to them for their defense.

GREAT BRITAIN AND FRANCE IN ACCORD

Paris, Oct. 6.—It is announced this afternoon that France and Great Britain are in complete accord on the principle of an immediate international conference to consider the Bulgarian situation. Russia and Italy are also in favor of such conference, and even Germany is expected to adhere to the proposal. The latest advices from Constantinople indicate that the porte will accept advice from the powers to enforce respect for the treaty of Berlin. As Turkey's rights are guaranteed by the powers the sultan will look to them for their defense.

Constantinople, Oct. 6.—The outstanding session held a long session this afternoon to consider the action to be taken in declaring her independence of Turkey, and it was decided that it would be impossible to carry out the treaty of Berlin. The sultan is expected to issue a circular note to the powers pointing out the necessity of measures to enforce respect for the treaty of Berlin.

EMPEROR FRANCIS JOSEPH OF AUSTRIA.

Who is said to be backing Bulgaria in the revolt against Turkish rule.

Radiators and boilers for the heating plant of the new I. D. O. P. block arrived from Portland yesterday.

TRIED TO KILL AND BLEW OUT HIS OWN BRAINS

San Francisco, Oct. 5.—William Peters, a tailor, shot his wife four times, inflicting flesh wounds, and then turned the pistol on himself and blew out his brains. The tragedy occurred at the corner of Eddy and Webster streets, and was witnessed by a number of persons.

Four months ago Peters sold his tailor business with the intention of buying a home, but took to drink and spent the money. His wife left him and secured employment. He would not work and asked her for a dollar, and upon her refusal shot her.

NORTHERN PACIFIC HOLDS ANNUAL ELECTION

New York, Oct. 6.—The annual meeting of the Northern Pacific Railroad was held today, all the retiring directors being re-elected.

MOST POPULAR MAN IN THE TURKISH EMPIRE.

After over thirty years' seclusion within the limits of his palace grounds Abdul Hamid, ruler of Turkey, has recently adopted the practice of taking a daily drive through the streets of Constantinople. This unheard of innovation and the revival of the constitution of 1876, which was put out of business when Abdul Hamid ascended the throne, have made him the most popular man in his empire.

SHERMAN HELLER ELECTED MEMBER OF CITY COUNCIL

TAKES PLACE OF E. N. HARRAUGH, WHO RESIGNED—ADJOURNED MEETING OF COUNCIL HELD LAST NIGHT—WILL LOOK AFTER MATTER OF NEW CITY HALL.

The city council met in adjourned session last night, at which time the resignation of Councilman E. N. Harbaugh, from the Third ward, was read and accepted and Sherman Heller, the well-known blacksmith, was elected to fill the vacancy. The nomination was made by Mr. Gilbert, and Mr. Heller was unanimously elected. He took his oath of office and began his duties as a city dad.

Resolutions of regret upon Mr. Harbaugh's retirement from the council were passed.

Councilman Williams moved that inasmuch as the vote on the water bond issue of \$500,000 failed, the bid of Morris Bros. for the \$100,000 of the proposed bonds be rejected. After a lengthy discussion the matter was referred to the committee of the whole.

City Attorney Bean reported that the briefs and arguments in the friendly suit involving the validity of the bond issue for taking over the water plant had been submitted to the supreme court, and that owing to other suits taking precedence, the case will not come up before that tribunal until October 20.

In the matter of widening portions of West Eighth street the street committee and the city engineer were authorized to enter into a contract with Mrs. Huddleston and Mr. Davis that if they would agree to dedicate a certain strip to straighten West Eighth street between Jefferson and Monroe the city would pay for the intersection.

The bill of J. E. Ross for \$75 as sewer inspector was ordered paid. Part payment was advanced T. H. Ellis on building contracts.

Councilman Fisher asked permission to erect a real estate office at the rear of the Merchants' bank, across the alley, the structure to comply with the fire regulations. The matter was referred to a committee of three, to be appointed by the mayor, who named Roach, Williams and Berger.

Notice from County Judge Chrisman and the commissioners for the city to vacate the premises now occupied by the city hall by January 1, 1909, was read.

Councilman Williams moved that the city attorney be ordered to draft an ordinance declaring as a public highway the north end of Olive street extending to the railroad.

The council adjourned to meet Wednesday evening in committee of the whole in order to make provision for a city hall.

THIRTY BODIES BURN IN ANATOMY HALL

Minneapolis, Oct. 6.—Thirty human bodies are believed to have been burned last night in the fire that destroyed the anatomy hall of the State University. The building was used by the medical classes for dissecting purposes. The fire loss was \$18,000.

COLONEL STEWART WILL BE RETIRED

Washington, Oct. 5.—Colonel Arthur and Major Edie, medical officers of the army retiring board, in the case of William F. Stewart, submitted a report today declaring him wholly unfit for active duty. They found he had a dangerous form of heart disease and was blind in the right eye. Colonel Stewart's counsel was requested to proceed with the examination of the witnesses.

An adjournment was asked, however, as the colonel's brother, who has been acting as his attorney, was obliged to return to California, and the colonel's new attorney wished to digest the medical report and familiarize himself with the evidence. An adjournment until Thursday afternoon was granted.

The medical officers found Stewart's disability began 34 years ago, and that in 1875 he was disqualified from active participation in the Nez Perce Indian campaign on account of heart trouble. Colonel Stewart says he was given no physical examination at that time, that in reality he always has been and now is physically able to perform his army duties, and is confident that he will be able to so demonstrate. The indications were today that the board would retire him.

DETROIT WON AMERICAN LEAGUE PENNANT TODAY

New York, Oct. 6.—National League—New York, 4; Boston, 1. If New York wins the game tomorrow the Giants will be Chicago for the National pennant.

Chicago, Oct. 6.—Detroit won today's game and the pennant of the American League.

We can fit the little gentlemen with a shirt just like his "Dad's" each 75c

BURIED IN SEWER TUNNEL AT PORTLAND

Portland, Oct. 6.—J. Jarlison and Robert Kaybas, Russian, Elms, and Frank Matsen, all members of a crew digging a sewer in the Brooklyn district, were buried alive early today by the caving in of the tunnel. Matsen's head remains uncovered and he is conscious, while a large crew is at work to rescue him. The Flans are about 200 feet in the tunnel and so deep underground, and it is not believed possible that they are alive.

The accident was due to the collapse of the timbers from the great pressure from above.

Matsen was later dug out, with his leg broken and his body badly bruised. The body of one of the other men is expected to be recovered this afternoon.

DETROIT WON AMERICAN LEAGUE PENNANT TODAY

New York, Oct. 6.—National League—New York, 4; Boston, 1. If New York wins the game tomorrow the Giants will be Chicago for the National pennant.

Chicago, Oct. 6.—Detroit won today's game and the pennant of the American League.
