**STUCKEY AND WOMAN WATCHED BY MERLE TABOR**

**DEADWOOD RESIDENT'S SUSPICIONS AGAINST HIS WIFE AND MAN WHO WAS KILLED CONFIRMED—THIS LED TO SHOOTING OF STUCKEY BY HARRY TABOR**

The Guard's Greenleaf correspondent sends the following account of the killing of Harry Stuckey:

Harry Stuckey, of Alpha, who came here recently from Wenatchee, Wash., with his family, was shot Saturday evening by Harry Tabor, postmaster of Alpha, and died within half an hour.

The cause of the trouble dates back before last Christmas. About that time a married man in the vicinity became suspicious of his wife and hired Merle Tabor, a minor brother of Harry Tabor, to watch his wife and Stuckey. The married man's suspicions seemed to be confirmed, and at the time of the shooting Stuckey was under bonds to appear before the circuit court in Eugene, on a charge of assault upon the man and a statutory crime against the woman. Stuckey blamed Harry Tabor for most of his troubles, and openly threatened to harm him.

Some time ago Stuckey held Merle Tabor up and allowed another minor to administer a beating to Merle, the latter suffering a broken rib or two.

Saturday evening Harry Tabor was at work in a field near his house, and saw Stuckey and Stuckey's wife approaching. Tabor warned Stuckey to get off the former's land, but it had no effect on Stuckey, who continued to approach Tabor. When within a rod or so of Tabor, Stuckey put his hand in his pocket as if to draw a revolver, which he was known to carry, and Tabor immediately drew a gun and shot Stuckey through the shoulder.

Sheriff Bown was telephoned and came in, with Court Reporter Calkins, Prosecuting Attorney Bryson and Lawyer John M. Williams.

Lawrence Lamb, justice of the peace of this district, officiated as coroner, and the outcome was that Tabor is out on \$2000 bonds to appear before the next grand jury.

Tabor is well thought of in the community and was storekeeper at Mapleton for some time.

Alpha is 50 miles from Eugene and a railroad, and this is the saddest calamity that has ever marred the serenity of this peaceful community. Harry Stuckey was about 35 years of age, and leaves a wife and three small children.

**ACCIDENT TO MISSES WALLACE AND WELCH**

A speeding automobile which frightened two horses which Miss Vesta Wallace and Miss Clara Welch were riding yesterday morning caused the animals to dash from the road and plunge into a barbed wire fence, throwing the ladies to the ground with great force. That they escaped unhurt seems almost miraculous. The horse which Miss Welch rode ran into the barbed wire on the fence, which struck the animal in the breast, and inflicted terrible wounds which may result in the horse's death. The horse which Miss Wallace rode attempted to leap the fence and almost succeeded, although it was partially caught by the barbed wire and slightly injured. The two young women were thrown headlong over their horse's heads and landed over the fence on the ground, which fortunately was not hard. The principals in the accident were taken to this city by the driver of the auto, and the horses were led to town by others. The horses were the property of Matt Craft.—Albany Herald.

**CONFERENCE UPON TAXATION IS IN SESSION**

Toronto, Ont., Oct. 6.—The International Tax Association, which was given birth at a conference held in Columbus, Ohio, last November, began its second conference in this city today. The object of the association, as set forth in the constitution adopted at the Columbus meeting, is to formulate and announce through the deliberately expressed opinion of an annual conference, the best informed economic thought and ripest administrative action on all questions pertaining to state and local taxation and to interstate and international county taxation.

President Allen Ripley Foote, of Columbus, occupied the chair at the formal opening of the conference, and Dr. R. A. Falconer, president of the University of Toronto, welcomed the visiting delegates. These delegates represented among them more than half of the United States and several of the provinces of Canada.

Many other delegates are reported on their way and will be here in time to participate in the real business of the conference to be taken up tomorrow. The program of the gathering covers three days and provides for papers, addresses and discussions concerning every phase of the problem of taxation.

Among the men of prominence who are scheduled to address the conference are Professor Charles J. Bullock, of Harvard University; T. C. Townsend, of the West Virginia tax commission; Chairman Frank R. Fairchild, of Yale University; Dr. B. E. Fernow, of the University of Toronto; A. C. Shaw, of the law department of the United States forest service; Judge Robert E. Woodbury, of the New York state tax commission; William H. Corbin, of the Connecticut state tax commission; Theodore A. Hunt, of Winnipeg; Professor Isaac A. Loos, of the University of Iowa; Professor Robert A. Campbell, of the University of Wisconsin; and Professor Isidore Loeb, of the University of Missouri.

**WOULD EXCLUDE CITY HUNTERS**

At a meeting of the Linn county council last Saturday afternoon in the Western Star grange hall, it was proposed to start a movement to induce the state legislature to pass an amendment to the state game laws allowing farmers to kill China pheasants all the year around. The question was referred to the subordinate granges of the county for consideration.

The gist of the proposed amendment is to allow farmers, fruit growers and gardeners to kill the pheasants without regard to season when the birds are found on their land. The birds killed by such persons can be used for food by the owner, but for no other purpose. Non-resident hunters according to the proposed amendment, must pay a heavier license, and all hunters must carry a written permit from the owner of the land to hunt on the land traversed. Another point in the proposed amendment is to put a tax on all guns and dogs except those kept by farmers.—Albany Herald.

**MAKES ASTONISHING CURES**

**Mi-o-na Tablets Cure Dyspepsia by Promptly Removing the Cause or Your Money Back**

Mi-o-na is a scientific and effective remedy for the permanent cure of indigestion.

Food is digested in the stomach by means of a churning movement of the walls of the stomach, which thoroughly mixes the food with the gastric or stomach juices.

If the muscular walls are flabby and lack tone or energy, the stomach cannot churn the food properly, and the digestive juices are not properly mixed with the food.

This causes indigestion. The common symptoms are weight and fullness after meals, coated tongue, bad taste in the mouth, discharges of wind from the mouth, and belching of sour material.

Dyspepsia cannot be cured by taking a digester, such as pepsin, because pepsin simply digests your food artificially, and not all of the food, either, for it has no effect at all on starchy food, such as potatoes, rice, oatmeal, bread, etc.

There is just one way to cure dyspepsia and stomach disorders, trivial or serious, and that is to tone up or put energy into the stomach walls, so that they will be able to properly mix or churn the food.

Mi-o-na tablets cure stomach troubles by putting strength and energy into the stomach. They quickly arouse the stomach from its inaction, and in a short time it is able to do its work properly.

And bear in mind that when the stomach is in good condition constipation disappears, also nervousness, drowsiness, night sweats, heartburn, etc.

The Red Cross Drug Company sells Mi-o-na tablets under a rigid guarantee to do all that is claimed for them or money back.

**HOUSE WORK**

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these faithful women that **LYDIA E. PINKHAM'S VEGETABLE COMPOUND** comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say:

"I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

**FACTS FOR SICK WOMEN.** For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.
