

S.S.S. DRIVES OUT BLOOD HUMORS

The skin is not simply an outer covering of the body, but through its thousands of pores and glands it performs the great and necessary work of regulating our temperatures, and also assists in disposing of the refuse and waste matters of the system by the constant evaporation that goes on through these little tubes. To perform these duties the tissues and fibers which connect and surround the pores and glands must be continually nourished by pure blood. When from any cause the circulation becomes infected with impurities and humors, it loses its strengthening powers and begins to disease and irritate the delicate tissues, and produces Acne, Tetter, or some other itching, disfiguring skin trouble. S. S. S. cures skin diseases of every kind by going down into the circulation and neutralizing and removing the impurities and humors. It changes the quality of the blood from an acid, fiery fluid to a cooling, health-producing stream, which, instead of irritating and inflaming the skin, cures and nourishes it by its soothing, healthful qualities. Salves, washes, lotions, etc., may be used for any temporary comfort or cleanliness they afford, but skin diseases cannot be cured until S. S. S. has purified the blood. THREE THOUSAND CIVIL SERVICE JOBS NOT WANTED

Washington, D. C., Oct. 7.—Civil service examinations are to be held today and tomorrow to secure eligibles from which to make appointments as examiner in the Interstate Commerce Commission. Contrary to expectations there have been few applications for this position, which pays from \$1,300 to \$2,000 a year. This is due to the fact that the requirements outlined by the commission are difficult to meet and the examinations are very exhaustive, involving expert knowledge of general auditing, disbursements, freight and passenger and claims accounts in connection with steam roads and accounting in connection with electric railways, express service, steamship service and other common carrier service.

The applicants who qualify at the examination will be paid from an appropriation of \$300,000 made available by Congress at the last session for the purpose of examining the books and accounts of railroads to see if they are complying with the bookkeeping system prescribed by the commission more than a year ago.

VERMONT TO ELECT UNITED STATES SENATOR

Burlington, Vt., Oct. 7.—The Vermont legislature convened today for its regular biennial session. One of the most important duties of the session will be to elect a United States senator as a successor to the late Redfield Proctor. Mr. Stewart, now holding the place ad interim by appointment of the governor. There appears to be a strong popular sentiment that the honor should be conferred on former Governor Carroll S. Page. The names of Governor Fletcher Proctor and Congressman D. J. Foster are also mentioned in connection with the senatorship. In addition to the election of a senator there are a number of important matters to be brought up at the legislative session. One of the foremost will be the taxation reform. The regulation of automobiles promises to be an interesting question, and the protection of the forests will be a topic of discussion by the lawmakers.

MR. HARRIS TO PUT IN FINE NICKELODEON

F. E. Harris has sub-leased the room now occupied by the Berger-Bean Hardware Company on Willamette street, between Eighth and Ninth, and as soon as the firm moves to its new location in the Odd Fellows building Mr. Harris will fit up the room as a nickelodeon. He will put in a similar front as the Arcade in Portland, which the Oregonian stated a few weeks ago was the most elaborate of any nickelodeon in the West. The class of shows will be a reproduction of this noted house, which will assure the Eugene people the best to be had in this line. Particular attention will be given to ventilation. The seating capacity will be 300. Associated with Mr.

HAS LIVED UNDER ALL THE PRESIDENTS

Redbank, Pa., Oct. 7.—Mrs. "Betsey" Freeman, who is believed to be the oldest woman in the United States, quietly observed her 115th birthday today at her little home in Madison township, this county. Mrs. Freeman was born in Fayette county in 1793 and has always lived here. So far as is known she is the only person now living who has lived under every president of the United States from Washington to Roosevelt.

FIVE THOUSAND BALES HAVE BEEN SOLD

In spite of the apparent quietness of the hop market, supplies are passing out of first hands at quite a rapid rate, says the Oregonian. A conservative estimate of the total sales in the past week is 5000 bales. As the crop is light and previous contracting took a large portion of the supply off the market, the surplus available—probably not over 30,000 bales—cannot last long if the buying continues at the same rate as in the last few days. However the demand now is for the best grades and the poorer hops are neglected. For such choice selections 7 to 7 1/2 cents is being paid. The Oregon market is like all the other markets of the world in one respect, choice hops are firm and the lower grades very weak.

The heaviest operations in the state are credited to Klaber & Nettor. It is reported that they parted to over 4000 bales. A good many small lots taken on by other dealers are understood for their account.

The Kind You Have Always Bought

Signature of Dr. J. C. Fletcher

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
