ists and declare the Koch theory of transmission of tuberculosis from bovines to human beings an absurdity, and they declare that they are in a position to prove their contention. And all this after we have been frightened half to death for fear we would contract the dread disease from drinking milk. Then, too, think of the great number of gentle cows that have been ruthlessly slain because they were suspected of being victims of the disorder. Science is certainly a great thing, but you mustn't believe only about one-tenth of what scientists tell you, for what may appear to be a great scientific truth today may be a great scientific blunder tomorrow.

This army lieutenant who is being court-martialed for incapacity, as a result of continuous intoxication, certainly had capacity in one line to a marked extent, as it has been shown that his monthly average for a period of six months was 33 quart bottles of whiskey.

Whatever his faults may be, and he has them in plenty, Harriman seems to know how to protect the correspondence he has had with public men, and the aforesaid men ought to be, and probably are, grateful.

The price of seats in the New York stock exchange has taken another tumble of \$3000, which either indicates a further falling off in "comcomons" or that Tom Lawson has been seeing them first.

Some of the trusts may be wondering "where they are at," but every one of them knows to a fraction of a cent just where the consumers "are at," also how to squeeze them to the limit.

THIS IS MY 54TH BIRTHDAY

John M. Clark, a member of the cabinet of Prince Edward Island and a prominent figure in public life in that province, was born in Bedouque, P. E. I., October 8, 1865. After completing his education in the public schools he entered commercial life until 1904, in which year he was elected to the provincial legislative assembly. He soon became recognized as one of the best debaters in the house, making himself master of his subjects, and presenting his arguments fluently. Mr. Clark has been conspicuously identified with the temperance movement, and has been one of the most determined supporters of the prohibition law which was introduced into Prince Edward Island by the present government.

Would Mortgage the Farm
A farmer on Rural Route 2, Empire, Ga., W. A. Floyd by name, says: "Bucklen's Arnica Salve cured the two worst sores I ever saw, one on my hand and one on my leg. It is worth more than a gold mine. I would not be without it if I had to mortgage the farm to get it." Only 25 cents at W. A. Kuykendall's drug store.
