Livestock Market. Good cows—2@2 1/2 c. Steers—Per lb., 2 1/2 @ 3c. Good prime dressed veal—5@6c. Mutton on foot—2 1-2c. Fat hogs on foot—5 1/2 @ 6. Fat hogs—dressed—7c. Grain and Feed. Flour—\$4.40. New hay—\$9. Baled hay—\$11 and \$12. Timothy Hay—Per ton, \$16. Oats—Per bushel, 45@50c. Bran—Per ton \$25.50. Mixed feed—Per ton \$30. Shorts—Per ton—\$34. Wheat—Per bushel, 85c. Rolled barley—Per ton, \$30. Chopped feed—Per ton, \$30. Cracked corn—Not in market.

Portland, Or., Oct. 8.—Generally poor quality is noted in the local arrivals of tomatoes and for this reason buyers are not willing to pay such high prices as they were when the stock showed better color. There is somewhat of a scarcity in peppers owing to the late frosts which did considerable damage in this line. Niagara grapes are in too liberal supply but concord and other varieties are scarce for good quality. Cabbage supplies are slightly better, but the market is very firm with prices ruling fractionally higher for select quality. Slight increase of Butter. Taken as a whole creamery men are reporting a slight increase in the production of butter. The market is fairly steady with no trouble at this time in filling all orders. Supplies of eastern butter are still liberal but stocks are clearing up quite well because of the low price. Receivers state that because of the late sharp advances in the eastern price, no more fresh supplies would be brought from there. Mixed Views Regarding Onions. The trade is holding mixed views regarding the future of the onion market. Generally speaking the belief is general that the crop in the south is badly overestimated and that after the first eat rush to market is stopped, it will be found that practically all the California crop has been moved. While some of the smaller local growers seem willing to pile their product upon the market here, the larger producers are not in the market at all, seemingly being content to take a vacation until the southern glut is taken care of. There is a slight firming tone in local potatoes owing to the smaller offerings. Prices are thus far unchanged. Chicken Market Holds Dull. In the chicken market there remains somewhat dull. Receipts are greater than expected and some of the commission men who expected a better market this week, and therefore carried over a portion of their supplies, are still holding them. Egg market is holding just about steady with quotations, if anything it

is a fraction weaker. The market has been invaded by too many cars of eastern eggs and the price of local stock has been boosted too high. Very Dull in Hop Market. While such bear leaders as Herman Klaber of Klaber, Wolf & Netter company and E. Clement Horst, are still said to be taking some of the choicer goods of the state around 7c and 7 1/2 c a pound, there is nothing doing in the general market. The general trade reports a lack of outside interest with no orders in sight. Isaac Pincus & Sons of Tacoma are likewise said to have been late purchasers of select quality in the Willamette valley around 7c and 7 1/2 c. The following London cable was received by Klaber, Wolf & Netter yesterday: "The demand is chiefly for choice. Choice hops are firm. Other qualities weak. Choice hops are almost exhausted. Nuremberg market continues in a very depressed state. "Sax market is decidedly weaker, with tendency down." Dressed Meats Are Steady. Dressed meats are coming to the front street market in a moderate way, but just about sufficient for the demand, and the prices that have prevailed for a week are current today. There is little complaint regarding the quality of hogs offered, but a good deal of inferior veal is being sent in. A few muttuns have been received the past few days, the best offerings moving at 72 cents a pound. Receipts today were 82 hogs and 75 calves. Portland Livestock Market. Portland Stockyards, Oct. 7.—The livestock trade in general has changed its opinion regarding the future of the hog market. While there may be some slight lowering of prices from the present level it is not believed that the decline will amount to much. Although there have been several declines in eastern values during the past few days, the market there is holding much better than expected and is only a fraction lower than this market at the present time. The course of local prices depends upon what the eastern markets do within the next week or ten days. A stiff tone here would hold any decline here in check but a lower range east would cause a reaction here. "I find considerable strength in the hog situation where I had not looked for," said Mr. Benson of Benson & Gould. "I have advised that some hogs we expected in the local market would not come at all, for a price better than that basis, Portland delivery, had been obtained here." Sheep Values May Go Higher. While no change is today shown in sheep market values, prices are holding firm. Arrivals are very scant, but the big packers are getting most of their supplies direct from the interior, and therefore the arrivals are not noted in the totals at the yards. Cattle Market is Steady with no arrivals in the yards during the past 24 hours. Following is the general range of Portland Market Quotations. Wheat—Bluestem, 93c; club, 88c; five, 88c; rust Russian, 86c; 48-fold, 91c; Valley, 94c. Barley—Feed, \$26 per ton; rolled \$27.50@28.50; brewing, \$26.50. Oats—No. 1 white, \$31@31.50 per ton; gray, \$30@30.50. Flour—Patents, \$4.70 per barrel; straight, \$2.95; exports, \$4.70; Valley, \$4.45; sack, Graham, \$4.40; whole wheat, \$4.65; rye, \$2.50. Millstuffs—Bran, \$26.75 per ton; middlings, \$33; shorts, country, \$31; fine, \$30; U. S. Mill chop, \$22. Hay—Timothy, Williams, Valley, \$14; per ton; Williams, Valley, \$13; ordinary, \$11; Eastern Oregon, \$16.50; clover, \$12; clover, \$9; alfalfa meal, \$25. Vegetables and Fruits. Fresh fruit—Apples, new, 60c@

\$1.50 per box; peaches, 65c at 85c per box; plums, 50c@1.25 per box; grapes, 50c@1.25 per crate; Concord, 17 1/2 @ 20c per basket; huckleberries, 9@10c lb; quinces, \$1.25 box; cranberries, \$10 per barrel; prunes, 2c per lb. Potatoes—Buying price 80c @ 90c per hundred; sweet potatoes, 2c per pound. Melons—Cantaloupes, \$1@1.50 per crate; watermelons, 1c per pound; cas abas, \$1.70@2.00 per dozen. Onions—California, \$1.25 per sack. Root Vegetables—Turnips, \$1.25 per sack; carrots, 85c; parsnips, \$1.25; beets, \$1.25. Dairy and Country Produce. Butter—City creamery, extras, 32 1/2 @ 34c; fancy outside creamery 50c @ 32 1/2 c per pound; store, 18c. Eggs—Oregon extras, 32 1/2 @ 33c; Eastern 25@28c per dozen. Poultry—Hens 12c per pound; spring, 12c; ducks, old, 12@12 1/2 c; spring 14@15c; geese, old, 8@9c; young 9@10c; turkeys, old, 18c; young, 18c. Cheese—Fancy cream twins, 14 1/2 @ 15c per pound; full cream triples 14 1/2 @ 15c; full Cream Young America, 15 1/2 @ 16c. Veal—Extra, 9@9 1/2 c per pound; ordinary 7@7 1/2 c; heavy, 5c. Pork—Fancy, 7 1/2 @ 8c per lb; ordinary, 6c; large, 5c. Hops, Wood, Hides, Etc. Hops—Oregon, 1908, 7@7 1/2 c per pound; 1907, 2 1/2 @ 4c; 1906, 1 1/2 @ 1 3/4 c. Wool—Eastern Oregon, average best, 10@16 1/4 c per pound, according to shrinkage; Valley 15@15 1/2 c. Mohair—Choice, 18@18 1/2 c per pound. Hides—Dry hides No. 1, 14@15c pound; dry kip, No. 1, 13c lb; dry calfskins, 16c pound; salted hides, 7@8c pound; green calfskins, 12@13c pound; salted 1c less. Casara, bark—Small lots, 5c; ear lots, 6c per pound.

### WHY SUFFER?

#### Breathe Hyomel and Kill the Loathsome Catarrh Germs

Just as long as you have catarrh your nose will itch, your breath will be foul, you will hawk and spit, and you will do other disgusting things because you can't help yourself. The germs of catarrh have got you in their power; they are continually and persistently digging into and irritating the mucous membrane of your nose and throat. They are now making your life miserable; in time they will sap your entire system of its energy, its strength, its vigor and vitality. If you do not kill the loathsome germs of catarrh their desperate assaults will in time undermine your reason, rob your brain of its brilliancy and activity, and leave you not only a physical but a mental wreck. This picture is not overdrawn; the writer has seen thousands of just such cases. He has personally experienced the demoralizing results that come from the ravishing attacks of the horrid catarrh germs, the greatest pest of civilized nations. But there is one remedy that will kill the germs and cure catarrh, and that is Hyomel, the Australian dry air treatment. There may be other remedies, but they are not guaranteed as the Red Cross Drug Company will guarantee Hyomel to cure catarrh, or money back. Don't delay this pleasant antiseptic treatment. Every day you allow these germs to exist in your system brings you nearer to complete demoralization. The Red Cross Drug Company will sell you a complete Hyomel outfit for only \$4.00. Ask them about it. It is also guaranteed to cure bronchitis, asthma, colds, coughs and hay fever.

## GRANGE TO HOLD MEETING ON IRRIGATION

There will be an open meeting of the Springfield Grange tomorrow afternoon at 1:30 o'clock to discuss irrigation and drainage. All are cordially invited to be present. The principal speakers will be A. V. Stover, government expert in charge of the irrigation station in Oregon; J. H. Lewis, state engineer; Senator I. H. Bingham and Representatives W. W. Calkins and Allen Eaton. Partial surveys have already been made, showing a very easy practicable irrigation project in the district east of Springfield. It was hoped that Hon. W. W. Cotton would be able to be present at the meeting, but he writes that a previous engagement made to the Grange will prevent him. In his letter Mr. Cotton speaks as follows of the value of drainage and irrigation in any event will more than double the value of all the land in this section of the Willamette valley. Any farming country that successfully raises grass and hay is a rich country. Just a little bit of water in the middle of the summer would, in my opinion, make the Willamette Valley the greatest country lying outdoors. As it is now a clover field that will produce abundantly in the spring will hardly keep one cow during July and August, the best growing season of the year. I hope that the Springfield Grange will take up the work of irrigation in that section of Lane County.

## BUY SUBURBAN TRACTS OF YOUR OWN TERMS NOW

There are two or three acre tracts left in Blair Street addition, close to streets nicely graded, which you can buy at a moderate price on monthly installments if you wish. Also tracts from 1/2 to 10 acres in Garden Home addition. These are very desirable and you may make your own terms. These are splendid chances to make money by saving, as well as by the increase in values. They will not last long. See the Oregon Land Company, Howe & Buoy or Zimmerman & Rugh about these tracts.

## BARGAINS IN SHOES

We have a large line of shoes, in many styles, for men, women and children, which we are desirous of reducing at once. In order to do so we offer them at prices far below regular retail values. It will pay you to call and see them. We carry a complete line of general merchandise and guarantee right prices and fair treatment. Your patronage will be appreciated.

WILLIAMS & WILLIAMS, Dexter, Oregon.

## CASTORIA

For Infants and Children  
The Kind You Have Always Bought  
Bears the Signature of Dr. J. C. Williams

## SIGNWARD

That is the way the trade flies. An ELECTRIC SIGN has the same fascination for people that light has for moths--it attract them its way. A brilliantly lighted store is always well patronized. Everything Possible in Wiring or Gas. Lane County Electric Works. JOE TUCK, Mgr. 627 S. Willamette

## BANGS LIVERY CO.

Livery, Feed, Stage and Sales Stables. Cabs Always Ready. First Class Turnouts of All Descriptions. STAGES. MCKENZIE STAGE leaves Eugene at 5:30 a. m. Stages do not call at private residences but will call for baggage if notified the day before. EUGENE-FLORENCE STAGE. A daily stage leaves Eugene at 8:30 a. m. for Mapleton, close connection by steamer for Florence and Acme. Livery Phone Main 21
