

# The Kind You Have Always Bought.

It is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature. When the wrapper is removed the same signature appears on both sides of the little red bottle. Parents who have used Castoria for their little ones in the past need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the business of putting up and selling all sorts of substitutes, or what should properly be termed counterfeits, for medicinal preparations not only for the use of children, but for children's medicines. It therefore devolves on the mother to buy carefully what she gives her child. Adults can do this for themselves. The child has to rely on the mother's watchfulness.

# CASTORIA

For 30 years we have always bought, and which has been the signature of the genuine Castoria, and has been made since its infancy. No one dares to deceive you in the name of Castoria. It is "Just-as-good" as any medicine, but it is safe and children—Experience against Experiment.

## What is CASTORIA

It is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Indigestion. It assimilates the Food, regulates the Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

## Genuine CASTORIA Always Bears the Signature of

*Chas. H. Fletcher*

## The Kind You Have Always Bought

In Use For Over 30 Years.

Remedy for Constipation, Stomach, Diarrhoea, Cholera, and other ailments. Contains neither Opium, Morphine, nor other Narcotic substance. Its age is its guarantee. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Indigestion. It assimilates the Food, regulates the Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

## DEPT. OF ECONOMICS TO AID LEGISLATORS

SENIOR STUDENTS GO INTO EXTENSIVE RESEARCH AT UNIVERSITY—SUBJECTS ARE TIMELY

The department of economics at the University will gather facts and statistics on matters which are likely to come before the legislature, in order to aid in the presentation of actual conditions and needs. At the last session of the legislative body, such work was done, and requests have come to the University to do so again this year. Prof. F. G. Young supervised the work.

Legislators have but little time to make research of the experiments of other states, and of the past experience in Oregon. The object of the department is to place subject matter before the senators and representatives in a concise and reliable form.

The subjects which are being taken up by the senators are "Comparison of Financial Provisions of Oregon State Constitutions With Those of Contemporary State Institutions, and with those of Present Day Constitutions."

"Graphic Showing of the Development of the Different Sources of Oregon State Revenues."

"The Pacific Northwest Internal Waterways Systems."

"Oregon Water Power Resources and a Desirable State Policy."

"Graphic Showing of Development of Different Lines of Public Utility."

"Oregon's Public Lands Policy."

"Oregon's School Fund and System of Common School Finance."

"Oregon's Wagon Road Appropriations and System of State Highways."

"Financial Statistics of Railways of Pacific Northwest."

The information gathered will also be placed at the service of the public, who may require it in requiring at the University when the work is completed.

The football situation of the freshmen teams of the University is likely to be given out before Saturday morning. Coach Forbes says things are mysterious and misty, such as has been the condition of the weather. These first games are really try-outs, and the results will not be known until sometime later.

College Items.

McKinley and Means have been put on the training table.

The admission to the football game Saturday will be 50c.

A social will be given by the University students at the Congregational parsonage Friday night.

Van Rhodes is attending to Y. M. C. A. affairs at the University.

Mr. JOAN BARRETT ADDRESSING CITIZENS

(Continued from Page 2.)

by the unanimous vote of the twenty-one American Republics, including the United States, has served as United States minister to Siam, in Asia, and to Argentina, Panama, and Columbia, in Latin America. He has also filled the positions of Commissioner of Commerce to China, Japan, Korea and the Philippines, and Commissioner General of the St. Louis Exposition. His official residence is in Washington, D. C., but his legal residence is in Portland, Oregon, where he came from Vermont in the late fall of 1899. He was several years associate editor of the Evening Telegram of Portland, and held that position when he was appointed to the first diplomatic post in 1894, on the combined arrangement of California, Oregon, and Washington, regardless of political party.

A CASH DRUG STORE.

We Will Sell Strictly Cash After October 15th.

Our first two years' business was done on a cash basis, but when the typhoid epidemic broke out we commenced doing a credit business and grew until we found a variety of reasons that it will be necessary for us to discontinue the credit system. Therefore, after October 15th, we shall sell strictly for cash. In adopting the latter plan we will make no exceptions, and plain justice requires that if we decline to give credit to one, we should do so to all.

We feel confident our customer will readily adapt themselves to the new system and believe that we will have a season able to give them practical evidence that the cash plan is better for everybody concerned.

THE RED CROSS DRUG CO.

## BOOTH-KELLY LOGS IN WITH A RUSH

RIVERS RISE RAPIDLY AND LOGGERS BUSY TO SAVE THE LOGS—MILL IN SAFELY.

When the rain storm started Tuesday, the Booth-Kelly Lumber Company had a large number of logs both in the McKenzie and Willamette rivers on the way down to the mills at Coburg and Springfield, respectively. The rivers came up very rapidly and the loggers had to work day and night to save the logs, but all are now safely in the booms. The McKenzie drive of 10,000,000 feet was within four miles of Coburg when the rise in the river began. The rise was so rapid that all the available men were rushed to the drive and by hard work nearly every log was piloted safely to the mill pond.

This morning reports to the company's office in Eugene indicate that the Willamette had risen 30 inches and was at a standstill, while the McKenzie had come up to 40 inches and was also stationary.
