

ANY DINNER IS GIVEN BY O'BRIEN

With the assembled flower of the Japanese navy as his guests and audience, Thomas O'Brien, ambassador to Japan, tonight made a stirring speech that the fleets of warships be regarded as instruments of peace, declaring the visit to Japan an "exalted lesson in the inter-relationship of the brotherhood of man." The most cordial sentiments were exchanged by the guests at the dinner given by O'Brien.

AROUND THE WORLD CRUISE

The battleship Maine, after a circuit of the world, is expected to be sighted off the entrance of Portsmouth harbor and docked a few hours later. The Alabama is expected to arrive from New York tomorrow.

WHIRLWIND CAMPAIGN ON NEW YORK STATE

New York, Oct. 19.—Norman Mack, chairman of the Democratic National Committee, arrived in New York today to take charge of what he declares to be the hard fight in the state for the presidency. Not only will Mack be in the state, but other speakers of note, including Bryan, are expected to visit the state through the state in an effort to capture New York's electoral vote for the Democratic ticket. Mr. Mack says he is convinced that Bryan will be elected by a landslide.

SPERRY'S FLEET ANCHORS SAFELY IN THE BAY OF TOKIO

Yokohama, Oct. 18.—Sixteen battleships constituting the Atlantic fleet, on a peaceful cruise around the world, are riding at anchor today in the Bay of Tokio, occupying the

bay in front of a line of Japanese warships. The American fleet entered the harbor in a fog that hung over the bay. The fleet dropped anchor at 9:30 this (Sunday) morning, half an hour later than the time scheduled. This was due to a fog. The first of the fleet, the battleship Oregon, came to anchor at 8:45 a. m. when the guns from one of the sixteen battleships lying outside the breakwater fired a salute through the fog. In a few minutes the fog lifted a little, enabling the watchers on the bay and shore to get a view of the fleet as it steamed slowly in single line formation. The fleet proceeded to its anchorage ground and anchored in four columns in front of the Japanese fleet.

Based on estimates furnished by correspondents of the Oregonian from every county in the state, with the exception of Klamath and Lake, Taft will have a plurality in Oregon of 19,229, according to that paper.

PLANS FOR EUGENE'S TWO-STORY GOVERNMENT BUILDING HAVE ARRIVED

Eugene's government postoffice building will be two stories high, with a full basement, and will be 49x84 feet in dimensions in the clear, according to the plans received from Washington, D. C., this morning by Postmaster Page. Six sets of plans were received for the contractors to figure on. The bids are to be opened at Washington on November 7, and all of them must be in the hands of the postmaster here by about the first of the month in order to get them back there by the specified time. This will give the contractors very little time in which to figure on the building.

The increased appropriation for the building is \$70,000. According to the specifications furnished by the government architect at Washington the estimated cost of the building is \$55,000, the remainder of the appropriation to be used for boxes and other fixtures.

The plans were given a hasty examination by a Guard reporter this morning. In the basement will be a large boiler room, three storage rooms and a fuel room. The first floor plan is about the same as that in the drawings of the building proposed before the increased appropriation was secured. There will be two entrances, one from Willamette street and the other at the southeast corner of the building, leading from Sixth street. Upon entering the building from either entrance one will find himself in a large lobby which will have a colored marble floor and marble baseboards. Immediately off from the lobby to the west is the work room, 29x43 feet in dimensions. The money order and registry divisions will be located in the northeast corner of the building, and this room will be 15 feet 11 inches by 26 feet in dimensions. Back of this room to the west are vaults and back of the vaults is the mailing vestibule, 12 feet square. The postmaster's office is located in the southwest corner of the building and it is 17 feet 6 inches square.

The second floor, which will be occupied by the forest service, is divided off into six large rooms, one of which will be the "swing" room for the city and rural mail carriers. The others are not designated. There will be closets, vaults, etc., on this floor. The front elevation of the building shows a handsome structure, much more handsome than the one-story building that was proposed under the old appropriation. The height of the building will be 46 feet from the ground to the top of the roof, which will be of tin.

The building will be of pressed brick with stone trimmings, and the plans indicate that it will be of splendid design. Granite steps will lead to the entrances.

The building will be located 24 feet from Willamette street and 28 feet from Sixth street. The grounds, when the building is completed, will be parked.

MANY ACCIDENTS REPORTED TODAY ON RAILROADS

Engineer Killed and Twenty-two Injured on Santa Fe Railroad

Topeka, Oct. 19.—A special to the State Journal from Newton, Kas., says the westbound on the Santa Fe railroad collided in a head-on collision with a stock train going east at Bradlock. Engineer Roberts of the stock train was killed and twenty-two on the passenger train were injured, none seriously. It is thought the passenger ran by a block signal.

GAME WARDEN AND FOUR INDIANS DEAD

Missoula, Oct. 19.—A telephone message from Ova, Powell county, says Deputy Game Warden Peyton and four Flathead Indians are dead as the result of a pitched battle between Peyton and his assistant, Herman Rudolph, and the Indians, whom they attempted to arrest near Holland's Prairie yesterday afternoon, for infractions of the game laws.

MRS. HAINS' REQUEST DENIED BY COURT

New York, Oct. 19.—The application of Mrs. Claudia Hains for alimony and counsel fees to defend the suit for divorce brought by Captain Peter C. Hains, Jr., awaiting trial for killing William E. Ann, was denied by Justice Carrin, of Brooklyn, today. The request that she be granted the custody of her children was also denied. Ann is named as co-respondent in Hains' suit for divorce.

WEALTHY MAN KILLED IN AUTO WRECK

Esno, Oct. 19.—Jacob J. Anderson, a wealthy oil man of Esno county, was almost instantly killed last night and his brother, Louis, perhaps fatally hurt in an automobile accident near Kingsburg. The dead man's wife and daughter were in the machine, but escaped injury. The auto collided with a wagon.

MANY PERSONS KILLED BY TORNADO

El Paso, Oct. 19.—The report that a tornado at Clayton, N. M., last night killing several, has been received here. The wires are down and no particulars are obtainable.

THREE PEOPLE HURT IN CABLE CAR ACCIDENT

San Francisco, Oct. 19.—Three people were seriously, perhaps fatally, injured in a runaway cable car accident on the Washington street line today as the result of the breaking of a grip. The brakes would not hold on the slippery track and dashed down a steep hill to the Powell street turn where they turned completely around after leaving the tracks.
