## S.S.S. CURES MALARIA

Malaria is due to impurities in the blood which destroy the rich, healthful qualities of the circulation, and reduce it to a weak, watery fluid. The body is then deprived of its necessary nourishment and strength, and is unable to resist the countless disorders that assail it, and the general system suffers in consequence. The appetite fails, digestion is weakened, chills and slight fever are frequent, while the sufferer loses energy and ambition. Boils, skin eruptions, and some times sores and ulcers follow when the blood becomes deeply polluted with the malarial germs. Both a tonic and blood purifier are needed to cure Malaria, and S. S. S. is best fitted for this work. It is the most perfect of all blood purifiers and at the same time an invigorating, healthful tonic. S. S. S. goes down into the circulation, and removes every trace of impurity, and gives to the blood the health-sustaining qualities it needs. It cures Malaria thoroughly and permanently because it removes from the blood the germs and poisons which produce the disease, and while doing this tones up and strengthens every part of the system. Book with information about Malaria and any medical advice furnished free to all who write.

**ONE KILLED AND FIFTEEN INJURED.**

Kansas City, Oct. 19.—Three trolley cars on Troost avenue, collided today at Thirteenth and Troost avenue, all being badly wrecked. One passenger was killed, and fifteen injured. Airbrakes on one of the cars failed to work and started to back down the incline at a terrific speed. Two cars following backed down the hill in a thrilling attempt to escape. For a quarter of a mile they raged, many passengers jumping to the street to escape the inevitable collision. The cars came together with such terrific force that three were wrecked.

John F. Surrill, a farmer, 61 years old, living near Sweet Home, Linn county, shot himself at 8 o'clock Sunday morning and died at 2 o'clock in the afternoon. The cause is thought to have been despondency over trouble with his wife which resulted in a divorce last April. His children heard the shot and rushed to their father's bedroom, where he was found with the shot with a revolver bullet through his right temple.

## AMERICAN MAJOR GENERAL AT GERMAN ARMY MANEUVERS.

Major General Leonard Wood has been an interested spectator of the fall maneuvers of the German army at St. Johann on the Saar. On the day allotted to the artillery tests there was a great crowd of military men from everywhere present. The Kaiser spent the entire day in the field and at luncheon took part with a mass of artillerymen. General Wood wears his military career as a army surgeon and distinguished himself as colonel of rough riders at Guadalupe and San Juan.
