REGIMENTAL RIFLE SHOOT IN PROGRESS

Eugene O. N. G. Companies A and C Will Try Out Oct. 22 and 23 Respectively

The annual regimental rifle competition of the Fourth Regiment, Oregon National Guard, is now under way, the same having commenced Monday, the 19th of October, at McMinnville. In this contest each Company of the regiment uses its own range, and Colonel G. O. Yoran, an executive officer, and Captain G. E. Houck, as range officer, making the rounds, superintending the contest at the respective stations of the different companies, the dates being as follows:

Company F, McMinnville, October 19
Company H, Dallas, October 20
Company G, Albany, October 21
Company A, Eugene, October 22
Company C, Eugene, October 23
Company E, Cottage Grove, October 26
Company D, Roseburg, October 27
Company B, Ashland, October 28.

The regimental trophy contest is for teams of four men from each company and the regimental medal match allows ten men to enter from each company, as well as all members of the staff. Each contestant is required to fire two sighting shots and ten record shots on each of the ranges which are 200 yards off hand, slow and rapid fire, 500 yards slow fire and 800 yards slow fire.

The medal is awarded to the man of the regiment making the highest individual score and the regimental trophy is awarded to the company producing the team making the highest aggregate score.

Last year the regimental trophy, which is a silver cup, was won and is now held by Company E, of Cottage Grove, the team shooting consisting of Sergeant Snodgrass, Privates Mooney, Baker and Martin. Since that time Private Baker has been transferred to headquarters non-commissioned staff, and appointed regimental color sergeant, and Mr. Martin has been discharged from the service on account of ill health, losing to the Cottage Grove Company two excellent marksmen, but Captain Johnson thinks he has developed in the company other riflemen who will be able to retain the honors at Cottage Grove, and expects that both the individual medal and the cup will remain in that city after the contest ends this season.

The names of those entering the team will not be selected until 24 hours before the contest, as there are many good shots in the company and competition is very keen to gain a place, and the uncertainty stimulates good practice.

SNOWS HEAVILY IN CASCADE MOUNTAINS

(Special Correspondence.)
Lowell, Oct. 19.—The late rains were needed to revive the pastures, but they were a little late and the pastures will be short this winter. Snow fell on the high peaks of Mount June last week. On the summit of the Cascade ranges snow fell to a depth of three feet. The pack train of the Oregon Eastern railroad had to turn back to Hazel Dell after making an effort for half a day and never reaching the summit.

The crew of railroad surveyors that have been working at Waldo Lake have been transferred back to the North Fork to do some work there, and it is rumored will re-survey several places along the Middle Fork below the mouth of the North Fork.

Johanna Cain, of the Middle Fork school district, is moving his family below Rush Island, to District No. 74.

The cattle men are driving their herds out of the mountain ranges on the valley to winter the stock. All look well, which shows there was plenty of grass during the summer.

Mr. Parks, of Pleasant Hill, bought some beef cattle last week of Mr. Winfree and Mr. Toomey, paying 3 1/2 c for steers and 2 1/2 c for cows.

Jasper Hills will soon close down his logging camp on the Wilberry. This is the only camp that has opened.

The crew of railroad surveyors that camp doing business on the Middle Fork or its tributaries at present, the first time for several years that this has been the case.

The political hot on the simmers around Lowell. There has not been any speeches, and from the way the people talk there will be some votes for all the candidates, but the race seems to be between Graft and Bryan.

The Care of the Hair

Every man and every woman desires beautiful hair. And every one may have it if they will but give it proper care and attention.

The first and all important step toward the prevention of baldness and grayness and toward promoting a luxuriant growth of fine, silken hair is to keep the scalp sweet and clean and free from dandruff.

All kinds of advice have, from time to time, been offered for the removal of dandruff, and for the promotion of hair growth. Some are bad, some are good.

There is, however, one safe, sure and economical way. That is to use Hay's Hairhealth.

Hay's Hairhealth "keeps you looking young." It positively removes dandruff and always restores gray and faded hair to its youthful color and beauty, no matter how long it has been gray or faded to what its original color.

It is not a dye; promotes a fine growth of luxuriant hair when all other remedies fail. It is not greasy or sticky, and does not soil skin or linen.

Send 2¢ for free book "Care of the Hair."

You can get \$1.00 and 50¢ bottles of Hay's Hairhealth at any drugist, or they will be sent, prepaid, on receipt of price by Philo Hay, Specialties Company, 30-32 Clinton Street, Newark, N. J.
