C., 17; Boston A. C., 6; Mercury A. C., 5; unattached, 5; Mohawk A. C., 4; Brooklyn Y. M. C. A., 3; Princeton A. A., 1; Cordon House A. C., 1.

REBELS SUCCEED IN REVOLT TO DEPOSE PRESIDENT OF HAYTI

Port au Prince, Hayti, Dec. 2.—The people of Port au Prince have revolted against the government and are now in possession of the city. There has been no fighting with the government troops, and a provisional government has been established. General Legitime has accepted the presidency of the new administration.

The deposed president, Nord Alexis, is still at the palace. Members of the diplomatic corps were in conference at 9 o'clock for the purpose of taking measures to facilitate or hasten the departure of Nord Alexis from the republic.

The coup has been remarkably successful, all the remaining ministers and military officers under Nord Alexis having taken refuge in the various foreign legations. These same men nine months ago were protesting vociferously against granting the right of refuge to unsuccessful revolutionists by foreign diplomatic and consular representatives.

The only man to remain loyal to Alexis is General Camille Gabriel, his nephew, who during the last six months has directed the policy of the Alexis administration. He is at the palace with Alexis.

At 11 o'clock the palace was surrounded by an infuriated mob calling upon President Alexis to leave the country. Almost every one in the mob is armed.
