DR. PAINE HOME FROM HIS TRIP TO THE EAST

Says Financial Conditions Are Bad—Great Excitement Over the Electoin

Dr. D. A. Paine arrived home last night from a trip of several weeks through the East. He took a post-graduate course in several branches of medicine and surgery while gone and visited Boston, New York, Washington, Baltimore, Chicago and other large cities. He states that there was great interest in the election in the East, especially in New York city. The excitement was intense for some time before the election came off, more so than for years past. The financial condition in the East, the doctor says, is bad, but the further west he came the better it appeared to be, and the Pacific coast seems to be in better shape than any other section of the country. People in general, however, expect that times will gradually grow better from now on, everything previous to the election being in an uncertain state.

Seven Years of Proof.

"I have had seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of the throat, chest or lungs," says W. V. Henry, of Panama, Mo. OREGON HOP MARKET FIRM FOR CHOICE GOODS

Considerable Number of Eastern Orders Come in—Good Many Hops Yet in the Growers' Hands

The Oregon hop market is very firm for choice goods. A considerable number of new Eastern orders came in yesterday, but dealers found difficulty in inducing growers to sell. The feeling among holders is now more bullish than ever, says the Oregonian.

The most important transaction reported yesterday was the purchase by the J. W. Seavey Hop Company of 110 bales from George L. Rose, of Salem, at 8 cents. Mr. Rose still has about 900 bales of his crop left.

Statistics that were compiled yesterday show more hops remaining in growers' hands than was expected. According to the list, as drawn up by local hop men, there are about 32,500 bales unsold in the state, distributed as follows:

Josephine	1,000
Lane and Linn	2,700
Marion	12,000
Polk	8,500
Yamhill	3,500
Washington	3,500
Clackamas	1,500
Benton	800

Total..... 33,500

Since the opening of the season the shipments from Oregon have been about 21,500 bales of new hops. It is estimated that local and Eastern speculators have bought and are holding here some 11,000 bales. There is no way of arriving at the quantity of hops bought on orders and taken in on contracts but not shipped, but it is safe to say the amount is more than twice as large as the speculative purchases to date. The calculation, which to say the least is a rough one, and subject to plenty of revision, shows the following results:

Shipments	21,500
In growers' hands	33,500
In speculators' hands	11,000
Taken in and unshipped	24,000

Crop..... 90,000

CO-OPERATIVE CANNERY COMPANY INCORPORATED

Association Formed to Conduct Salmon Cannery on Siuslaw River

The Hurd Co-operative Co. filed articles of incorporation with the county clerk this morning. The incorporators are W. W. Neely, D. M. Kemp, O. W. Hurd, J. C. Beck and Phil Nicolle, all well-known residents of the lower Siuslaw country. The capital stock of the corporation is \$25,000 and the principal place of business is at Florence. This company will build a salmon cannery to replace O. W. Hurd's plant at Acme, which was burned down during the summer. As the name of the corporation implies, the cannery will be operated on the co-operative plan, the fishermen on the river all owning stock and receiving their share pro rata of the profits of the plant.

COUGHS CONQUERED.

Wonderful Remedy Immediately Relieves and Quickly Cures Coughs, and Colds of Every Description.

Most of us know from our own experience just how difficult it frequently is to quickly cure the coughs caused by colds, catarrh, la grippe and inflamed surfaces of the throats, bronchial tubes and lungs. Although the greatest number of coughs and colds are apparently innocuous at their commencement, if allowed to run unchecked they not only become very troublesome indeed but also are positively dangerous.

All coughs and colds should be taken in hand early and an immediate cure effected. If your cough has been allowed to go until it has become obstinate, all the more reason why you should cure it as quickly as possible before a more serious condition is brought about. To do this there is no remedy quite as good as Dr. Bell's Pine-Tar-Honey. This is a scientific prescription carefully prepared from the purest and best ingredients. It complies with the National Pure Food and Drugs Law. It has been tried and its great worth tested and proved by long years of use by thousands of people in every section of the country. So good is it that more than five million bottles are sold annually in this country alone. No matter how stubborn the cough, Dr. Bell's Pine-Tar-Honey will bring immediate relief and a steady cure. It is indeed the very best remedy for coughs and colds at every description.
