East Eugene Improvement Club Passes Resolutions at Meeting Saturday Night

The East Eugene Improvement Club at its meeting Saturday night talked on various important matters pertaining to city improvements and especially to the interest of East Eugene. Among those taken up and discussed was the site for a city hall, and while no one had any individual interest yet it was generally conceded that the city should at once act and procure a suitable site for a new building.

The following resolution was offered and unanimously passed:

Whereas, the city of Eugene does not own any lot upon which it can build a city hall, and inasmuch as values of property are continually advancing and desirable locations are more and more disposed of, and while at the present time there still remains a most desirable lot that can be purchased, although at a much higher price than it could formerly have been bought, however, inasmuch as this location is the most central and best adapted for a city hall, therefore be it

Resolved, That the common council be urged to immediately purchase the lot, which is known as the Henderson corner, at Eighth and Pearl streets, just east of the court house, and that a copy of this resolution be sent to the common council of the city of Eugene, and to the Daily Guard and Register.

The club also discussed at length the extension of water mains into East Eugene and the installation of water mains enfwy? (?! hkafl,fi sewers through that portion of the city. Also the question of installing a power plant for pumping on the McKenzie was taken up, and a committee appointed to prepare a resolution covering this question to be acted upon at the next meeting of the club.

East Eugene is wide awake on the question of civic improvements and much has been accomplished along this line by the club.

**DON FULANO HAS HUMAN BRAIN AND CAN USE IT**

Don Fulano, the wonder horse who is appearing at the Orpheum theatre last night, drew a crowded house last night, and all who saw him perform are taking today of his wonderful accomplishments. This little horse seems to have a human brain and knows how to use it, his special forte being mathematics. In some cities local committees have endeavored to puzzle him with problems of their own but in every instance he has come out with flying colors. Don Fulano is not merely a trained horse; he undoubtedly understands the questions asked him and knows how to answer. This fact has been demonstrated to the satisfaction of the audience time and again just as it was last night at the Orpheum.

If you ever took any interest in the nature-faking controversy that President Roosevelt and other prominent men have been participants in, and really desired to study the subject of animal intelligence, you ought to go to the Orpheum some night this week and see the little horse that has received so many columns of notices in the biggest newspapers of the country. Not only is Don Fulano's entertainment instructive but it is highly entertaining and you will go away from the theatre a staunch admirer of the clever little equine.

**NEVADA UNIVERSITY HAS FINANCIAL TROUBLES**

Reno, Nev., Nov. 16.—The trustees of the Nevada state university are planning to meet the deficit of the institution caused by the failure of the legislature to appropriate current expenses. **FOR THE KIDNEYS AND BLADDER**

Recent hospital reports show that the dread disease, rheumatism, is steadily increasing throughout the country. All known means of relief are being suggested to save the great amount of suffering this winter, especially among those who are not in a position to pack up and visit the noted health resorts to be treated. Recent tests prove rheumatism not exactly a disease in itself, but a severe condition caused by clogged up pores of the eliminative tissues in the kidneys which fail to filter the poisonous waste matter and uric acid from the blood, permitting these substances to remain in the veins and decompose, usually settling about the joints and muscles, causing the intense pain, swelling and stiffness of rheumatism.

The following simple home treatment will cure Rheumatism and is harmless and inexpensive and so simple that anybody can use it at home.

The ingredients are Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Go to any good prescription pharmacy and get these three harmless ingredients and mix them by shaking in a bottle, taking as a dose a teaspoonful after each meal and again at bedtime.

There is nothing better in the world for backache, kidney and bladder trouble, too. Such "symptoms," as frequent and painful urination, soreness, weakness, general and nervous debility are caused by certain acids and poisonous waste matter, decayed tissue, etc., in the blood, which the kidneys will clear and purify after a few doses of this prescription.
