WORK BEGINS ON PALMER COMPANY'S SAWMILL SITE

Two Donkey Engines Used in Clearing Land of Trees and Stumps—Build in Spring

In all probability the Palmer Company, which owns a large tract of land below Bangs' park and abutting on the S. P. railroad about two miles below Eugene, will begin the erection of its sawmill plant there early in the spring. The details of the enterprise have previously been given by The Guard and the people of the city are well acquainted with the plans of the company, of which Honore Palmer, the young Chicago millionaire, is the head.

Work was begun the first of this week of clearing the mill site of all trees and stumps and the trees are being converted into cordwood. Two donkey engines, which were shipped to the site more than a year ago, when it was intended to go ahead with the enterprise but operations were stopped on account of the car shortage and the poor market for lumber, are employed at the work of felling the trees and grubbing out the stumps.

While no definite information upon the matter is given for publication it is generally thought that by this work it is meant that the mill will be erected early next year.

EAGLES WILL BUILD HOME IN SPRING

Will Put Up Brick Building on Their Lot—May Be Three Stories High

Eugene Aerie, No. 275, Fraternal Order of Eagles, is intending erecting a home of its own on its lot on Willamette street near Fifth next spring. Such is the talk among the members of the aerie at present and it is the general belief among them that they will be able to put up a building to cost \$20,000 or more. There is talk of a three-story block but it may be that the building will be only two stories high. It is said, however, that a majority of the members favor three stories and some of them even four.

The aerie is experiencing a splendid growth. During the past three months 81 new members have been initiated into the lodge and the membership is now nearly 300. It is expected to reach the 400 mark by the first of the year.

The aerie is in excellent financial shape and has paid out several hundred dollars in sick and accident benefits during the past year.

PRISON CONGRESS ENDS ANNUAL SESSION

Richmond, Va., Nov. 19.—At the sessions of this, the last day of the annual convention of the National Prison Association, the speakers included Dr. Charles R. Henderson of the University of Chicago, Dr. Katherine Bement Davis, superintendent of the State Reformatory for Women at Bedford, N. Y.; T. B. Patton, general superintendent of the Industrial Reformatory at Huntington, Pa., and Mrs. Emma O'Sullivan, superintendent of the Mercer Reformatory at Toronto. Mrs. Maude Ballington Booth is on the programme for an address at the concluding session this evening.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In applying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.
