

**COUNTY SHOULD OFFER  
BIG BOUNTY ON COUGARS  
AND GRAY WOLVES**

These Animals Kill Many Times  
the Deer That All the  
Hunters Do

Vida, Or., Nov. 20.  
Editor Guard:—A few days ago Al  
Montgomery missed a number of  
goats. Mills Thompson and his dog  
"Chase" were sent for, and together  
with Fred Montgomery went to where  
they saw that something had been  
running the goats and let the dog go.  
He had gone only about a hundred  
yards when he jumped a cougar,  
which was laying by the goat he had  
killed. The cougar was soon put up  
a tree, and a couple of shots ended  
its career. He was very fat and  
measured 8 feet 7 inches in length.  
They proceeded to skin it and before  
they had finished it the dog had a  
wildcat treed nearby, which was also  
killed. The dog is one of Dr. Brown's  
famous "varmint dogs" and has a  
record of having treed two bear, five  
cougars and killing twenty-one bob-  
cats. Few people realize what the  
killing of a cougar means to the deer  
as a cougar must have at least a deer  
a week to keep alive, or more if he  
can get them, and that means 50 or  
60 deer a year. A great many people  
suppose that wildcats do not catch  
deer, but they are mistaken, as they  
have been caught in the act of killing  
deer by a number of old hunters  
on the McKenzie. But the greatest  
damage they do is catching the young  
fawns. The present bounty of \$2.50  
ought to be left on wildcats, and at  
least \$20 on cougars and \$20 or \$25  
on gray wolves. I think as good a  
game law as we could have is a big  
bounty on "varminths," which kill  
many times the deer that all the hu-  
nters do.

**THINK COOS BAY BRANCH  
WILL RESUME IN 1909**

Drain, Nov. 19.—As an evidence  
of the early resumption of work on  
the Oregon Western, commonly  
known as the Coos Bay branch of  
the Southern Pacific, from this place  
to Marshfield, construction of which  
was begun two years ago, and on  
which work was stopped about ten  
months ago, coincident with that of  
nearly all similar enterprises through-  
out the country, the engineer in  
charge here has ordered that a force  
of 30 or 40 men be put to work on  
the public road at places where it is  
necessary to make new road in lieu  
of that taken by the railroad right of  
way. It is believed here that con-  
struction work on the railroad branch  
will begin early next year.

**BEST CATARRH DOCTORS.**

Has Cured Thousands—Will Cure  
You or Money Back.

This is the little Hyo-  
mel Inhaler, the little  
doctor that has cured  
many thousands of suf-  
ferers from catarrh,  
bronchitis, asthma, hay  
fever, coughs, colds, and  
grip.

It's so easy and pleas-  
ant to cure yourself with  
Hyo-mel. Just pour out a  
few drops in the little  
inhaler, and breathe in  
it. The healing, soothing  
and antiseptic air will  
reach every nook and  
cranny of the mucous  
membrane of the nose  
and throat; will stop the  
irritation almost immedi-  
ately; will allay the in-  
flammation; drive out  
the foul odor; kill the  
germs and cure the dis-  
ease.

"My wife has been us-  
ing Hyo-mel for two  
months past for catarrh  
and pulmonary trouble.  
She has received more re-  
lief and benefit than  
from any other treat-  
ment."—E. S. Parratt,  
Jeffersonville, O.

"Hyo-mel cured me of terrible ear-  
ache and buzzing in the head. I would  
not be without it in the house for a  
single night."—Mrs. S. P. Fuller,  
Columbia, S. C.

Hull Drug Co. sells Hyo-mel (pro-  
nouncing Hye-me) and guar-  
antees it. A complete outfit, including  
inhaler, only costs \$1.00 and an extra  
bottle of Hyo-mel, if afterwards  
needed, will cost but 50 cents.
