BIG CLOCK POINTS TO THIRTY-FIVE THOUSAND MARK

The hands on the big Y. M. C. A. clock on the Hovey building point to the thirty-five thousand dollar mark this afternoon. The soliciting teams at noon today reported a total of $3539.50 subscribed today, raising the grand total to $34,930.85. This is encouraging but the committees in charge of the work feel that from now on it will be harder work than the first six days of the campaign. It is true that there are several substantial subscriptions in sight that have not yet been secured, but these will not by any means raise the total up to the required $50,000 or anywhere near it. Some strenuous work will have to be done to secure the amount, but the members of the several teams are determined that success shall crown their efforts and will labor unceasingly.

It is requested that every person who has subscribed to the fund should wear his ribbon. Those who have not been seen by the committees and who desire to subscribe to the fund should call at headquarters or phone in their subscriptions. Tomorrow a number of the teams will be out in automobiles in order to facilitate their work. Following is the report made at noon today:

Team No. 3, $500; No. 4, $110; No. 5, $682.50; No. 6, $525; No. 7, $140; No. 9, $500; No. 10, $411; No. 11, $510; No. 12, $40; No. 13, $70; No. 20, $51. Total, $3539.50. Previously reported, $31,391.35. Grand total, $34,930.85.

JOHN D. NOT ORIGINATOR OF STANDARD TRUST

Says Flagler and Dodd Conceived the Great Idea

New York, Nov. 23.—John D. Rockefeller testified today that he did not conceive the plan of the formation of the original Standard Oil trust in 1882.

"I am sorry to say that I did not," said Mr. Rockefeller: "I cannot claim any credit for that—Mr. Flagler and S. C. Dodd conceived it."

During his examination Rockefeller said that the oil business is hazardous "even up to the present time." This statement will afford Attorney Kellogg, for the government, an opportunity to examine Rockefeller as to the conduct of the company since 1882. It had been understood that Rockefeller would not be examined as to the details since that time, but Kellogg maintains that Rockefeller's gratuitous statement that the business is hazardous "up to the present time" opens up to him the whole period of the Standard's history.

ANOTHER MOVE IN BIG STANDARD CASE

Washington, Nov. 23.—Attorney-General Bonaparte filed today the petition for a writ of certiorari in the supreme court of the United States, urging the court to issue a writ of certiorari to the circuit court of appeals for the seventh circuit to review the judgment of that court reversing the rulings of Judge Landis in the case in which the Standard Oil was fined $29,000,000 on charges of violating the anti-trust law. The attorney-general takes the position that the court of appeals was without jurisdiction when it reversed Landis' decision.

PROMOTER MEYERS IN JAIL FOR THEFT OF FIVE BONDS

Claimed to Represent Foreign Capitalists of Large Means

New York, Nov. 23.—Claiming to have the backing of European capitalists to the extent of $200,000,000, according to the story told by the police, Joseph Montefiore Meyers, who has spent the last few months in Pittsburg, endeavoring to interest capitalists in that city in various plans requiring large amounts of money, was brought to this city today, charged with the larceny of five bonds valued at $4500. Meyers, it is said, claimed acquaintance with many prominent people in this country and abroad, and was introduced at clubs and dined by Pittsburg financiers whom he interested in his various plans.

of grand larceny. W. Fitzpatrick and John A. Fitzpatrick, brothers, said to be from Iona, Mich., and alleged confederates of Meyers, were arrested yesterday on information furnished by Richard Brinsley Sheridan, a wealthy coal operator of Wilkesbarre, Pa., and John A. Garman, of th esame place, who is counsel for Colonel J. M. Guffey, millionaire coal operator of Pittsburg, whom Meyers interested in his projects.

The superintendent of police said: "From all I can learn Myers and his confederates secured very little if any money, but they were just ready to unload a swindle that would have torn things wide open in financial circles."

MURDER OR SUICIDE OF YOUNG WOMAN

Dismembered Body of Young Woman Found Near Los Angeles

Los Angeles, Nov. 23.—The police detectives are endeavoring to fathom the mystery of the death and the identity of the body of a young woman, whose decapitated and dismembered body was found on the Southern Pacific tracks between this city and Pasadena yesterday. All efforts thus far have proved futile.

The body is that of a young woman about 25 years of age, plainly but neatly dressed, and evidently unaccustomed to hard work. No money or valuables or anything was found on the body to establish the identity. Circumstances, either indicating suicide or murder, are a handbag, a parasol and a bag containing luncheon, which were found lying in a pile beside the fence some distance from the track where the body lay. The train had cut the head and arms off.
