

Keep the Kitchen Cool

Why sweeter over a glowing range in a stuffy kitchen, when a new Perfection Wick Blue Flame Oil Cook-Stove will do the family cooking without raising the temperature enough to be noticeable? By putting a "New Perfection" in and allowing the range fire to go out, you may make this summer's kitchen work not only bearable, but actually a pleasure. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

produces an intense heat under the kettle or in the oven, but does not radiate heat in all directions as a coal range does—hence is used with comfort on the hottest summer day. Made in three sizes, and warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp** comes as near lamp perfection as possible to get. Gives a clear, bright light that reaches the farthest corner of a good sized living-room. Well made throughout of nickeled brass; perfectly safe and very ornamental. Warranted in every particular. If not with your dealer, write our nearest agency.

TO LOVERS OF GOOD COFFEE

All coffee mills heretofore used will only crush the berry, mauling the minute oil cells, allowing the coffee oil to evaporate, thus impairing the strength and flavor. By this new process the little oil cells remain unbroken, the essential oil (food product), cannot evaporate, and the coffee retains its fine, rich, aromatic flavor in its full strength. This is one reason why a pound of coffee cut in this mill will make from ten to fifteen cups more of full strength coffee than will any coffee ground the old way. The lover of good coffee finds here a richness of flavor never found in coffee ground in the ordinary way at any price. Another feature about this mill is that you may have your coffee cut as fine as the finest sand and it will still be practically free from that fine dust which is produced by the old method of grinding. You will, therefore, always have a clear cup of coffee instead of a muddy effect—a result of using the old style mills. Royal Cut Coffee is also adaptable for percolators or French Drip coffee pots.

Try a pound of our coffee cut on a royal mill and we know you will be pleased with the results. Yours truly,

W. M. GREEN, THE SQUARE DEAL GROCER 619 Willamette St. Phone Main 25.

TWENTY THOUSAND POUNDS OF TURKEYS SENT FROM EUGENE

Shipments Went to Portland, Seattle and Frisco—High Price Received Here

A big business is being done right now in turkeys by the local dealers, for Thanksgiving day is only two days off. Dealers report a scarcity in the local market for the reason that most of the birds in the county were bought up for shipment to Portland, Seattle and San Francisco. One dealer stated this morning that Eugene has shipped out at least 20,000 pounds of dressed turkeys, about half of them going to Portland and the other half evenly divided between Seattle and San Francisco.

The turkeys were not as numerous in this county as usual, for some reason or another, probably the weather during the early spring being too severe for the young ones soon after hatched. While the shipments out of Eugene were as large as usual, there is a noticeable scarcity in the retail trade. If the people do not make their purchases today or early tomorrow, they will have to eat chicken or goose for their Thanksgiving dinner.

Raisers of turkeys received this year from 18 to 20 cents a pound for the birds, while they are selling in the retail market from 22 to 25 cents per pound. They brought a better price here this year than they ever have and even the local market has been higher than in Portland. This speaks well for this market. The price paid for the birds here is said to have been higher than paid in any other city on the coast.

HENEY WILL CONTINUE FIGHT ON GRAFTER GANG

San Francisco, Nov. 23.—The Call this morning prints the first interview granted to the press by Francis J. Heney since the assistant district attorney was shot in Judge Lawlor's courtroom, November 13, by Morris Hass.

After expressing devout thanks for his miraculous escape, Mr. Heney says: "In this great human battle against vice and corruption, let no one believe that the true source is to be found in the individual dynamiters, jury bribers, kidnapers and assassins, and that their extermination means ultimate victory. Such being are but the bubble emanating from the pool of filth that has been years in making. The seed has been sown, and we must reap the harvest, but in gathering the tares, let us be satisfied with nothing but the roots. It has been a terrible sacrifice, but if my blood has not been shed in vain; if the assassin's bullet has suddenly disclosed to the public eye the hideousness of the gigantic conspiracy to defeat the law, then I shall feel that I have not lived in vain; that my poor efforts have met with immeasurable benefit to my beloved city and state."

The foregoing is a part of the statement which is published over Mr. Heney's signature. The wounded man is well on the road to recovery, and was able to walk about his room at the hospital today. To his interviewer he stated that he was eager to get back to the prosecution of the graft cases again.

How Is Your Digestion?

This great tonic and alterative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c. At W. A. Kuykendall's Drug Store.

TAFT'S VOTE LARGER THAN ROOSEVELT'S

Portland, Nov. 23.—That President-elect Taft received a greater number of votes at the latter election than President Roosevelt did in 1904 is evidenced by the complete official returns.

The figures show that Taft received \$2,356 as against 60,455 for President Roosevelt four years ago in Oregon.

Taft's plurality, however, is not as large as that of Roosevelt, but this is accounted for from the fact that Bryan ran far ahead of Parker and not that Taft ran behind Roosevelt.

This year Bryan received 38,049, while Parker's vote four years ago was only 17,521. Taft's plurality is 24,481.

The Republican nominee also received a majority of 14,071 over all other candidates.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

LYDIA E. PINKHAM

No other medicine for Woman's ills in the world has received such wide-spread and unqualified endorsement as has Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

No other medicine has such a record of success for feminine ills, Inflammation, Ulceration, and consequent Spinal Weakness.

It has relieved more cases of Backache and Local Weakness than any other one remedy. It dissolves and expels tumors in an early stage of development.

Irregularities and periodic pains, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility, quickly yield to it; also deranged organs, causing pain, dragging sensations and backache. Under all circumstances it acts in harmony with the female system.

It removes that wearing feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues." These are indications of feminine disorders, which this medicine overcomes as well as slight derangement of the kidneys of either sex.

Women who are sick and want to get well should refuse to accept any substitute for Lydia E. Pinkham's Vegetable Compound.
