S.S.S. CURES CHRONIC ULCERS

Any chronic ulcer shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it, of unhealthy matter from the circulation. No treatment can have any curative effect except a medicine which will renovate the blood and entirely remove the cause. Salves, washes, lotions, etc., are sometimes helpful in reducing inflammation, cleansing the ulcer, or perhaps lessening the discharge, but such applications do not reach the blood where the disease germs are located and can never effect a cure. S. S. S. goes down into the circulation, drives out all impurities and morbid matter, and by nourishing the flesh with rich pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but by beginning at the bottom, and rebuilding broken-down tissue, and supplying healthful, healing qualities to the blood, causes the place to fill in with new, firm flesh, while it steadily but surely effects a permanent cure. The ulcer can not exist when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.

Rolled barley—Per ton, $32.50.
Chopped feed—Per ton, $30.
Cracked corn—$2.40 per 100.

PORTLAND MARKET REPORT

Portland, Nov. 25.—Just now the potato market is very bearish everywhere on the Pacific coast. Supplies offering are very liberal and as the trade is already well filled up with potatoes it is not buying very freely. In order to unload some of their surplus some of the shippers are offering potatoes still lower and the best stock is now obtainable in a jobbing way along Front street with $1.10 as the extreme top and some good quality selling as law as 90c.

Bad News From the South.

That California will have potatoes for a longer period than expected is shown by late advices from there. J. H. Grande has received the following advice from the Platt Produce company at Stockton, which handles the bulk of the California river stock:

"It is hard to say how many potatoes are left, the fact is it is only a guess. We think probably two-thirds of the crop are still in the ground, or say 2,000,000 sacks. These are being shipped out quite freely all the time and will probably clean up as usual."

While the Stockton advice is not so depressing except perhaps upon the amount of stock remaining unsold in the ground, the trade in the south feels rather blue and according to information coming from there is not even willing to receive potatoes on consignment at this moment.

Two million sacks of potatoes—half of which will probably be shipped out of California—means according to conservative estimates that the southern state has at this time sufficient potatoes to supply its wants for fully four months. This means then that California stocks will not be exhausted until March, although the buying from there will very likely start before that time. It is estimated that California consumes about 35 cars of potatoes each day and there are about 270 sacks to a car.

Hops Go Higher.

Advices were received yesterday by one of the leading hop firms of this city to the effect that choice and prime English hops are exhausted and that but one-third of the English crop is now in the hands of growers, mostly common quality, or rubbish, as they term it. These common, brown hops are obtainable at 3c. The unpicked portion of the English crop this year is equivalent to about 28,000 American bales.

Reports from the continent indicate that all the choice grades have been bought up by dealers, and about one-third of the crop, consisting mostly of low-grades, is in growers' hands. It is difficult to find a buyer for these at 3c against fancy prices being asked for the remaining useful or choice quality.

Klaber, Wolf & Netter are in the market for export qualtiy. Since the return of Mr. Netter to Portland a few days ago, the firm has purchased 800 bales at 8¼c to 8½c to growers. Among the lots purchased were those of Henry Clanfield, Jake Smith and Friesen, at Dallas, and Gilbert & Patterson at Eola.

Klaber, Wolf & Netter's London cable yesterday reported that the English licensing bill did not pass the House of Commons. It quoted the market quiet at unchanged prices.

Highest Price Paid for Salem Hops.

Salem, Or., Nov. 25.—Gilbert & Brophy sold 250 bales of hops today at 8 5-8c, this being the highest price paid here for 1908 hops. The crop was bought by Young, of Dallas, for Klaber, Wolf & Netter.

Poultry Still Coming Freely.

While local receipts of turkeys today were not as heavy as those of yesterday,th e shipments of both live and dressed birds brought in were of liberal size. Of live turkeys 36 coops were received, while the arrivals of dressed poultry, for the most part turkeys, totaled 58,000 pounds.

In chickens the receipts were much greater than those of yesterday, 170 coops being reported by the board of trade. Ducks came in to the extent of 15 coops and geese arrivals were 1 1coops.

Strong Demand for Fresh Produce.

The fruit market was very active yesterday, the demand extending to all articles on the list. The inquiry for vegetables was also good. Supplies were fairly large. The receipts of the day included one car each of oranges and sweet potatoes and a limited supply of grapes by express. There were no material changes in prices.

PORTLAND MARKET QUOTATION
Grain, Flour, Feed, Etc.

Wheat—Bluestem, 95c; club, 90@91c; fife, 90@91c; red Russian, 87c; 40-fold, 90@91c; valley, 91c.

W. Callison, Fairmount.
Herbert Roberts, Irving.
J. M. Orrick, Brownsville.
C. C. Curtis, Elmira.
Leon Myers, Santa Clara.

ALMA ITEMS

(Special Correspondence.)

Alma, Nov. 25.—Earl Parsons and a number of timber men came in on the river last week on their way to Esmond creek. They only stayed a short while on account of the rain. They were compelled to leave their wagon at Harvey Sallee's and walked back with a pack horse to Eugene.

Ed Pettit received a good ducking this morning while he was out canoeing.

John Howell and Mary Hartmen expect to go to Eugene as soon as the water recedes.

Ed Pettit has bought himself a new shirt with pink ribbons on it.

There will be several big Thanksgiving dinners given at Alma, and all anticipate a jolly time.

Claire Hinkson and wife are spending a few days at Johnsons'. Claire has tried awfully hard to batch but had to give it up as a bad job.

Mrs. George Luce has been feeling quite bad lately but we are in hopes of her recovery soon.

Ed Pettit had better beware of the Xmas tree.

Bertha Luce is spending a few days with Mrs. Hartman.

BIG LAND OPENING

On January 20th, 1909, at Roseburg, Oregon, 91,500 acres are to be withdrawn from the Umpqua forest reserve. This embraces lands in Benton, Lane, Douglas and Coos counties.

Not all of this land is subject to entry. For $2.50 we will send you prepaid 18 large lithographic township maps with above vacant lands colored thereon. Also full instructions as to dates, manner of filing, etc., etc.

WAS DELIRIOUS WITH ECZEMA

On Chest, Back, and Head—Pain, Heat, and Tingling Were Excruciating—Nerves in Exhausted Condition—Sleep Badly Broken.

CURE BY CUTICURA SEEMED LIKE MAGIC

"Words cannot express the gratitude I feel for what Cuticura Remedies have done for my daughter, Adelaide. She is fifteen years of age, and had never had anything the matter with her skin until four months ago, when an eruption broke out on her chest. The first symptom was a redness, and then followed thickening and blisters, which would break and run matter. I took her to a doctor, and he pronounced it to be eczema of a very bad form. He treated her, but instead of being checked, the disease spread. It showed itself on her back, and then quickly spread upwards until the whole of her head was affected, and all her hair had to be cut off. The pain she suffered was excruciating, and what with that and the heat and tingling her life was almost unbearable. She became run down in health, and at times was very feverish, languid, and drowsy, and occasionally she was delirious. Her nerves were in such a low state that she could not bear to be left alone. In spite of the cold weather she would insist on having her bedroom window open, and would lean out on the window-sill. She did not have a proper hour's sleep for many nights. The second doctor we tried afforded her just as little relief as the first, and I really do not know what we should have done if we had not read how Cuticura cured a similar case. I purchased Cuticura Soap, Cuticura Ointment, and Cuticura Pills, and before the Ointment was three-quarters finished every trace of the disease was gone. It really seemed like magic. Her hair is coming on nicely, and I still apply the Cuticura Ointment as I find it increases the growth wonderfully. Mrs. T. W. Hyde, 1, Ongar Place, Brentwood, Essex, England, Mar. 8, 1907."

Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free, Cuticura Book on Skin Diseases.
