GENERAL NEWS NOTES
IN BREVITY FORM

Washington, D. C., Nov. 28.—Members of congress will begin to assemble in the capital next week in anticipation of the opening of the final session of the Sixtieth Congress one week hence. The customary caucus and committee meetings will be held during the week. Republicans of the house have not arranged for any caucus, but the Democrats will meet Saturday to choose Representative Champ Clark of Missouri as the minority leader in succession to John Sharp Williams of Mississippi, who retired from the leadership last spring.

Governors of the various states, or their representatives, will meet in Washington in the early part of the week to discuss with the National Conservation of Resources Commission has been carrying on during the summer and fall. The meeting will bring together many of the representative men from all parts of the country.

The government will on Monday apply to the Supreme Court for a writ of certiorari in the suit against the Standard Oil Co. of Indiana, thus bringing the record of the famous rebate case before the highest tribunal. This is the case in which the Court of Appeals reversed Judge Landis' fine of \$25,240,000 against the corporation.

Another of the government suits against the so-called trusts will have a hearing in Wilmington, Del., on Wednesday, when the action brought against the Dupont Powder interests will come up.

One of the largest and most important gatherings of the year will be the meeting of the Federal Council of Churches in America, which will begin its session in Philadelphia Wednesday. The gathering will be attended by the bishops of several denominations and a large number of distinguished laymen. Prominent among the latter will be Gov. Hoch of Kansas, Gov. Ansel of South Carolina and Gov. Hughes of New York.

At Pittsburg the American Mining Congress will begin its eleventh annual session Wednesday. A special effort is contemplated looking to the final enactment of the bill for the creation of a bureau of mines now on the calendar of the United States Senate for third reading.

The fifth triennial congress of the Council of Jewish Women will meet in Cincinnati, beginning Tuesday and continuing for ten days. The meeting will be attended by women from all parts of the United States.

One thousand delegates from Louisiana and Texas will meet in New Orleans on Friday and Saturday to make definite plans for an inland waterway from New Orleans to the Rio Grande river at Brownsville, Texas.

Time magazine election to be held in Atlanta Wednesday is attracting attention because of the unprecedented movement that is afoot to defeat the regular Democratic nominee, James G. Woodward. Aroused by reports of alleged disgraceful conduct on the part of Mr. Woodward, who has served as mayor on two previous occasions, a citizens' movement was begun to defeat his election. Robert F. Maddox, a prominent banker and business man, has been named as the opposition candidate.

The Atlantic battleship fleet will leave Manila Tuesday for its homeward voyage by way of the Suez canal. On the same day the Pacific fleet is scheduled to leave Magdalena Bay for Panama.

FOR SALE, EXCHANGE OR LEASE
Having concluded to retire from the lumber business I offer for sale, lease or will exchange for Eugene or Portland income property, my sawmill, sawmill site, booms, lumber sheds, office, planers, dry kilns and all tools connected with the business. Mill located at river bridge in the center of Eugene city, east and west, and only three blocks from the S. P. R.

This is a fine opportunity for some one to go into the lumber business, as there is always a big local demand for all slabwood, sawdust, shavings, cull lumber, as well as the better grades of lumber. Logs are cheap, labor cheap, lumber high.

A good millman can make this property pay for itself in two years, and if he will operate day and night in one year. Greatest opportunity in this part of Oregon for a mill man; best located mill in the state. Capacity, 20,000 feet in ten hours.

When you have this mill you are at the market. Planer and dry kiln—everything needed to make lots of lumber and lots of money. Give this your early attention if interested in a lumber proposition. I am sure you cannot beat it in the state. The quicker you act the surer you are of making your fortune, for this is a chance in a lifetime.
