**ILLINOIS STATE REACHES HALE OLD AGE OF NINETY**  
Springfield, Ill., Dec. 3.—Fourscore and ten years ago today President James Monroe signed the birth certificate of Illinois as a state of the Union, and birthday celebrations are being held today in this city, in Chicago and elsewhere throughout the state. Special exercises were held today in a number of schools and colleges.

The act enabling the people of Illinois to form a constitution and fixing the present northern boundary was passed by congress April 18, 1818. The constitutional convention met in August and without great difficulty formed the constitution.

Nathaniel Pope, at that time delegate in congress from the territory of Illinois, had an important part in securing affirmative action by congress on the enabling act to Illinois, providing for statehood. After an energetic struggle he succeeded in having incorporated in the bill a provision fixing the northern boundary of the state at its present location, giving to the state fourteen counties and the city of Chicago, as it now stands, which would have been within Wisconsin boundaries under the original provision. This was for the purpose, and so held by Mr. Pope, of preserving within one state a complete system of waterways which might be used in the future to connect Lake Michigan with the Mississippi river.

**LUMBER CUT HAS REACHED MAXIMUM**  
Washington, Dec. 2.—That the top notch in the production of lumber in the United States was reached last year and that from now on the annual production would either remain the same as last year or would show a decrease was the startling announcement made today before the national conservation commission by Overton W. Peice, associate forester of the United States forest service. He also said the annual cut of timber last year would cover a piece of land 1000 acres in area and would make a pile as high as Washington monument. He said that the average growth in all our forests is about 12 cubic feet per acre, or a total of seven billion cubic feet. But that we take from our forests 23,000,000,000 cubic feet every year, or over three times what the forests produce.

**GROUP QUICKLY CURED.**  
Don't Let the Child Choke to Death While Waiting for the Doctor  
Croup should have prompt treatment. The life of many a dear one has been sacrificed because the right remedy was not at hand.

Pay close attention to the child who is feverish, thirsty, and occasionally coughs dryly and shrilly. This is the first stage of croup, and instant treatment should be given. Hyomel, the miraculous antiseptic dry air treatment, will cure croup in either the first or second stages. Easily inhaled, even when the breathing is irregular, it reaches more promptly than any other remedy the terribly inflamed membrane of the windpipe. Its soothing balsams act immediately, the inflammation is allayed, and the swelling reduced.  
"Not long ago our little boy, Walter, awoke in the night with a bad attack of croup, so that he experienced a great difficulty in breathing. We allowed him to inhale Hyomel, and he immediately began to breathe easier, and in half an hour was fast asleep. Our children, being subject to croup, we feel safe with Hyomel in the house, and I am glad to speak a good word for a remedy that will rob croup of its terrors."  
—Rev. Geo. Gosson, pastor of the M. E. church, South Londonderry, Vt.  
Hyomel (pronounced High-o-mel) is the quickest acting and most sensible remedy ever discovered for all diseases of the nose, throat and lungs. It is guaranteed by the H.C. Cross Drug Company to cure catarrh, colds, asthma, bronchitis and croup, or money back. A complete outfit, including a neat hard-rubber pocket inhaler, costs only \$1.00. An extra bottle of Hyomel, if afterward needed, costs but 50 cents.

**RIVAL BROTHERS' DEATH COMPACT IS CARRIED OUT**  
Geneva, Dec. 3.—The rivalry of two brothers in a love affair has just had an unusual ending near Zurich, Louis and Charles Ferrari were Italians, and had never quarrelled until both fell in love with a pretty Italian girl of Zurich. Then they became hated rivals, each swearing he would marry the girl. She did not favor one or the other. The brothers formed a strange compact. It was arranged that one should disappear, and that the first who saw the other after a certain period should have the right to put him out of the way.  
The brothers did not meet for a month. Then Louis Ferrari, who was proceeding to work on his bicycle, met his brother Charles on the road. The latter was aiming a revolver at Louis, who dismounted and shot him dead. The slayer produced a copy of the death compact in court and the judge sentenced him to only a month's imprisonment.
