

**The Weber..**  
 The tone you can't forget. The King of all pianos--Matchless in every point. The tone that appeals--deep--rich--full.

**Kimball:**  
 Holds an unsurpassed 50 years' record--has been made famous through its extensive use--the choice of many throughout the world.

**The Chickering..**  
 is one of the world's leaders--for fine shading--delicate effect--is the choice of many of the greatest artists.

**The Hobart M. Cable..**  
 Is already recognized as truly an artist's piano of great merit. Used by many of the leading conservatories in the United States. Nine in use in St. Helen's Hall, Portland--Forty in the great Sherman, Texas Conservatory.

# Stevens and Hulin Piano House

COMMERCIAL CLUB BLOCK---EUGENE

FORTY of the world's leading makes of pianos and organs are handled by this up-to-date house. Shipments by the full carload from the eastern factory makes it possible to sell at surprisingly low figures--often less than eastern prices. Your piano is not bought for a few days, but to give you pleasure for years to come, and don't you know that many pianos develop a metallic tone after a few years' use. Don't want that kind. The line carried by **Stevens & Hulin** is selected with great care and will develop greater beauty of tone with use.

**You want an instrument**  
 That will prove durable in this damp climate. This is important and should not be overlooked. It will pay you to see

**NEW MILLING PLANT AT THE MAYFLOWER**  
 Bohemia District Is Looking up  
 —News of Cottage Grove and Vicinity

The Mayflower Milling Co., located at Bohemia has been doing considerable work the past summer in preparation for the new plant which will be installed during the winter months and be in readiness the coming spring. The machinery for the plant, which has a capacity of 100 tons every 24 hours, has been received and is being hauled to their properties. The recent spell of nice weather has greatly aided in getting the heavy machinery across the hills to the mill.

The plant, which is something entirely new in this country, is more of a roller variety than the stamp mills. Great results are promised by the installation of this machine, and as several thousands of dollars have been expended in purchasing the outfit and having experts coming to install it, great results should follow.

The past summer has seen as high as thirty men working in the developing work. There are now about fifteen men who are steadily employed and who will remain for the winter. The prospects are fine, and the company must have a good thing in sight else an additional large expenditure for the machinery would not have been made.

**Lodge Elections.**  
 K. of P.—Chancellor Commander, Frank Woodruff; Chancellor, Armand Wynne; Prelate, Thos. Medley; Master of Exchequer, B. K. Lawson; Master of Finance, J. K. Barrett; Master of Arms, F. H. Rosenberg; Master of Work, D. Y. Allison; Keeper of R. S., C. H. Van Denburg; Inner Sentinel, D. J. DuBrulle; Outer Sentinel, Jas. Ostrander; Trustee, S. R. Piper.

Coffman; Attendant, Mrs. H. C. Veatch; Captain of Guard, Mrs. T. C. Wheeler; Musician, Eunice Van Denburg; Inside Guard, Mrs. J. J. Outer Guard, Mrs. Staudacher.

A City Park  
 The Civic Improvement Club has secured an option from J. C. Long on a tract of about 50.8 acres of land

in the eastern edge of the city fronting on Main street comprising the grove commonly known as Long's grove, for a city park.

The option on this 50.8 acres is for \$4700. It is proposed to plat into lots and streets conforming to the adjacent plats about 7 acres of this land which will give 30 lots and leave the balance, a tract 343 feet by 472 feet fronting on Main street for the park.

The committee hopes to secure the aid of the business men and public spirited citizens of Cottage Grove to the extent of purchasing these 30 lots at the rate of \$200 for corner lots and \$150 for inside lots at which price the sum of \$4750 will be realized which will pay for the entire tract and result in the dedication to the city of this beautiful grove for a permanent park.

It is needless to describe this grove as nearly every one in town has attended some of the public celebrations and picnics that have been held in it for several years past.

Those who have already subscribed for lots are: Mayor B. R. Job, F. J. Spray, J. C. Long, A. B. Wood, Henry Fisher, C. J. White, Ben Lurch, Clinton Steward, Howard's Agency, Charles Matthews.

**Real Estate Deal.**  
 An important real estate transaction was consummated in this city this week in which Messrs. Dunbar & O'Leone, successors of the Garman, Hemenway Co., became the owners of the prominent corner lot on Main and Fifth street known as the Martin property on which stands the single story frame building occupied by Lincoln's meat market. By the purchasers of this valuable property the Leader is informed that they expect to take possession of the premises soon after the first of the year, temporarily repair the old building, move it to one side and occupy it while a fine, modern two story brick is being built for them.

**Other Notes.**  
 Attorney J. C. Johnson was transacting business in the circuit court at Eugene Tuesday. The divorce case of Amanda Hixon vs. Jack Hixon, was granted and the custody of the 7-year old boy given to the mother. Mr. Johnson was attorney for the plaintiff.

The two telephone construction crews have left, and Cottage Grove has much better long distance service than Portland. Mr. Gilbert, the vice ino Portland man, was in town this week, and speaks very optimistically of the work and general outlook.—Leader and Western Oregon.

**WORKING NOW ON OSBURN HOTEL PLAN**  
 Mr. and Mrs. W. F. Osburn Will Go Ahead if Permission Is Secured to Erect It

Now that the Dunn-Wilkins hotel proposition has practically been given up, Mr. and Mrs. W. F. Osburn of the Hoffman House, have again taken up their plan to erect a hotel on the lot recently acquired by them from Eli Bangs at the corner of East Eighth and Pearl streets. They have drawn rough preliminary plans for a four-story building with modern appointments in every particular. They plan to have the architecture on the mission style and erect a building the shape of the Hotel Portland in Portland, with a court and wide veranda in front. They plan to have 100 rooms, spacious parlors, dining rooms and lobby, aside from all the other necessary rooms that go to make up a first class hotel. An electric elevator is planned.

Mr. and Mrs. Osburn state that to erect a building of that size of brick would cost not less than \$100,000 and state that anyone who is at all acquainted with the hotel business can readily see that they could not, on the investment, at least for several years to come. With this idea they have planned to erect a frame building, with sandstone veneer, which would cost them, together with the lot, about \$75,000. The certainty of the erection of this building hinges on whether or not the city council will grant them the permission, as the lot lies within the fire limits. There will be no other buildings in close proximity though, and Mr. and Mrs. Osburn think that they will be successful in their efforts to obtain the proper permit. The building as planned at present, will be 114x160 feet in dimensions. It will face the courthouse, but there will be entrances also on East Eighth and Pearl streets.
