### PORTLAND MARKET REPORT

Portland, Or., Dec. 10.—For strictly fresh local eggs the front street market stands today somewhat easier. While dealers report that once in a while they are able to secure 42 1-2c for supplies, it is generally impossible to secure more. Several prominent front street handlers state that eggs are not moving any too well, even at the lower price. With milder weather here there is every promise of an increase in arrivals, and already front street is getting more eggs than it was a week ago, and while every year constantly moved out at that time at highest values, a slower movement is shown just now.

The easier tone in local eggs is not at all reflected in the Eastern storage product. Some of the handlers who were still quoting as low as 30c a dozen for good eggs have advanced their quotation to 33c, while others are charging from that figure to 34 cents. Some with eggs that they call "fresh Eastern" are asking a still higher figure. The big surplus of Eastern stock has been entirely cleared up.

While the price of cranberries is advancing with swift strides in the East the local market for imported goods is rather quiet, although the market can not by any means be considered weak. The price of cranberries has already topped a figure where the general public will buy, and for that reason the consumption will be smaller than is usually the rule at this time of the year. With cranberries at their present price at wholesale the retail trade is unable to get them under 20c a quart or pound, and the general public has been taught to expect them at 15c. Hence the slower sale.

While there are some local cranberries remaining in the market, they are not usually of good keeping quality, and therefore find little sale. The late frosts did considerable damage to vegetables, and a scarcity is shown in some lines. There is a shortage of first-class cauliflower along front street, and prices are firmer.

Advices from California state that the frost there has caused damage of about \$20,000 to tomatoes in the vicinity of Fullerton, Placentia, Whittier and La Habra. About 42 cars, or two-thirds of the crop, have been shipped by the California Vegetable Union, and at least half of the remainder has been destroyed. Growers have been getting \$40 per ton since November 1.

Cabbage offerings are more plentiful and the price is holding rather easy around 1 1-2@1 3-4c a pound, the latter for crated stock.

Movement of apples continues heavy at low prices. Sweet potato prices are still mixed, but most dealers are now asking 2c for best stock.

**Hop Outlook**  
Herman Klaber returned to Portland Tuesday morning from Washington, D. C., where, in company with E. C. Horst, he made an argument before the ways and means committee of the house of representatives for an increase in the duty on imported hops of 12 cents. In discussing the matter Mr. Klaber said: "The committee did not look favorably on the proposition, and it is hardly probable that there will be an advance in the tariff, even though conditions justify it. The fact that we import less hops than we export seemed to be the obstacle. We have shown the committee in supplemented briefs that in many commodities, such as leather, barley and others, the exports are from 10 to 1000 times greater than the imports, and yet the tariff on the importations is greatly in excess of the duty imposed on hops. These briefs will be considered in private session. Even if any favorable action should be taken, it will not become effective for a year, and therefore the hop industry cannot be benefited by it until 1910."

Mr. Klaber was surprised to find that the market had slumped so badly while he was in the east.

### PORTLAND LIVESTOCK MARKET

The cattle market is firmer all the way through and cows and other grades are feeling the improvement made by the more liberal steer demand. There is no trouble at all in getting \$2.50 for the better grade of cows and

when bulls sell as high as \$2.25 there must in consequence be a good demand for the better class of stock.

### Sheep Market is Higher

There is a firmer tone with better price offered for sheep by local and northern killers. No sheep arrived during the past 24 hours and the preceding arrivals were mostly gobbled up by local killers. This has forced the outsiders to offer a higher price and even mixed sheep are today quoted stiff at \$4. Best grades of wethers are in all probability worth \$4.50@4.75 today, practically an advance of 25c over former figures.

Best grades of hogs are still in demand around \$6.25, but no recent arrivals of top stuff have been shown in the yards.

"Christmas cattle will bring as high as \$4.50 for top steers," says Lee M. Lacey of Hunt & Lacey. "The market is in fine shape for all grades. Sheep are firm, with few coming. Hogs are unchanged."

"There is a firm tone in all lines of livestock at this time," says J. B. Lonergan, "and very good prices are ruling. Sheep will bring more money."

"There is a very good demand for sheep," says Tom C. Benson, of Benson & Gould, today. "There are few arrivals and the call for them is quite pronounced. Any sort of fat sheep will bring \$4 in the yards at this time."

Following is the general range of values on stock ruling in the yards for late shipments:

**HOGS**—Best east of mountains, \$6.00@6.25; ordinary, \$5.00@5.75; stockers and feeders, \$4.75@5.00.  
**CATTLE**—Best steers, weighing 1200 pounds, \$4.25@4.50; medium steers, \$3.75@4.00; poor steers, \$2.25; best cows, \$3.25; medium cows, \$2.50@2.75; stags, \$2.75@3.00; bulls, \$2.00@2.25.  
**SHEEP**—Best wethers, \$4.25@4.50; ordinary wethers, \$3.25@3.50; lambs, \$4.50@4.75; straight ewes, \$2.50; mixed lots, \$1.00.  
**Wool**—Choice young calves, \$4.00@4.50; heavy and rough, \$2.50@3.75.

### ALMA ITEMS.

Alma, Dec. 7.—Ethel Sallee and her mother, Mrs. Hinkson, went down the river Sunday to see Eleanor Sallee, who is staying with the school.

Bert Allegar is cutting quite a dash in Alma and vicinity with his two-horse cart. We are wondering still if he intends to always ride alone.

Claire Hinkson and wife, Joe Fowler and Alice Whitcomb, were callers last Saturday on John Johnson and wife and Bert Allegar, they spent a real pleasant day and all enjoyed the jokes that Claire told on Joe.

Claire Hinkson butchered two hogs last Tuesday and now wishes he had put another streak of lean on them, because they were too fat. Claire says he loves hogs.

John Johnson is trapping and doing quite well. He captured a flying squirrel one day and their pet house cat the next. Proceed, Johnson, proceed.

Ed Pettit has found himself a new nick name, which is Lucy. Very becoming. He has also ordered himself a new pair of canoes. We pity our mail carrier.

George Luce, John Howell, Ed Pettit and John Johnson have gone over to the lake to hunt for bear and wild cats. They expect to stay a few days.

Ed Pettit went out to visit his father and mother last week and stayed for the shooting match and captured a nice big piece of beef. He traded guns while on his trip and now is the proud possessor of a small cannon.

Bert Allegar has found a new recipe for molding bread. Just sit down in it.

John Howell has stirred up quite a bit of excitement in our vicinity by discovering a gold nugget in the river.

### Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
