## INSTITUTE FOR TEACHERS HELD AT FLORENCE

Conducted by County Superintendent Dillard—Ackerman Was There

A local Teachers' institute was held here last Friday and Saturday, by County Superintendent W. B. Dillard, assisted by Prof. L. R. Alderman of Eugene and C. H. Jones of Salem.

Nearly all the teachers in this section were in attendance with quite a number of the pupils of Florence school, together with a good many of the parents and school officers of the surrounding districts.

The exercises Friday morning opened with several pieces of music Professor Alderman gave a talk on History, C. H. Jones then spoke of Music in Schools.

Friday afternoon there were several pieces of music, and a number of recitations. The subject of geography was taken up by Prof. Alderman followed by Prof. Jones who spoke of Compositions.

Miss Feeley read a paper on the subject "The Teacher When She is a Teacher."

Prof. Alderman then spoke about arithmetic and gave the teachers' a number of "Dont's" for their guidance in managing their schools.

In the evening Prof. Alderman gave a lecture in the Presbyterian church, on "Schools." The audience were also favored with several pieces of music.

After the lecture a reception was given at the school house by the Florence teachers, pupils of the high school and the eighth grade.

Saturday morning, after several songs, Superintendent Dillard took up the subject of supporting school funds. Prof. Alderman followed with an interesting address in favor of dividing the school funds or the greater part of them among the different districts in proportion to the teachers employed and remainder in proportion to the actual attendance.

Several of those present took part in discussing this subject and considerable interest was manifested. At the institute in Eugene two weeks ago resolutions were passed in favor of giving each district \$200 from the state and county funds for each teacher employed.

In the afternoon Supt. Dillard explained the "Unit Plan," for conducting the schools of the county but said he did not think the people are ready to adopt it yet.

A vote was then taken and showed a large majority in favor of giving each district four hundred dollars from the state and county funds for each teacher employed.—Florence West.

## UNNECESSARY MISERY FROM INDIGESTION

FIVE MINUTES AFTER TAKING A LITTLE DIAPEPSIN ALL YOUR INDIGESTION IS GONE—WHY NOT PUT AN END TO YOUR STOMACH TROUBLE NOW—THEN YOU CAN EAT YOUR FAVORITE FOODS WITHOUT MON- EY.

Why not start now—today, and forever rid yourself of stomach trouble and indigestion? A dieted stomach gets the bilious and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take gas from the stomach and cleanse the stomach and intestines, and besides, your language will digest and prepare for assimilation into the blood all your food the same as a sound, health ystomach would do it.

When Diapepsin works, your stomach gets—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all stomach misery is waiting for you as soon as you decide to try to begin taking Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to be thoroughly cured of indigestion.

## BUSINESS IN NEW YORK BETTER THAN LAST YEAR

New York, Dec. 12.—Business is a great deal brisker than last year and the improvement in the general business condition of the country since election, makes itself clearly felt in the Christmas trade. The people seem to have more money than last year, and owing to their greater confidence in the future, seem to be more willing to spend it for holiday presents. The shopkeepers say that not only is business brisker than last year, but the purchasers are inclined to purchase a better grade of goods.

Of course, the great mass of the poor patronize the cheaper houses of the East side and the department stores catering to the poor and middle classes, but the merchants carrying goods of a higher grade, and therefore more expensive, feel the improvement over last year in a much greater measure. The displays in these show windows are always a good barometer for the prosperity and this year their character clearly indicates improved confidence, more satisfactory conditions of labor and trade and more ready money in the pockets of shoppers.

As usual hundreds of street vendors with their improvised stands or push carts have taken possession of certain streets of the East side and in the lower part of the town, which gives to those thoroughfares the appearance of a village fair. As a rule these street fakirs and peddlars are kept moving by the police, but during the two weeks before Christmas the authorities are inclined to be more lenient and the enterprising street merchants are not slow in taking advantage of the opportunity, a ing advantages of the opportunity, is devoted every year to the invention of novelties in the toy line. Only depended upon springs and clock-works for their moving power. Since then, however, the practical exploitation of electric power has made giant strides and the toy industry has availed itself of a wonderful progress of electrical science and industry, although the larger and more complicated electrical toys, requiring considerable power, are still quite expensive, there are many interesting electrical toys which are so cheap that they are within reach of the poorer classes.

Railroad and subway trains and even trolley cars with electric motive power are among the most attractive novelties. Some of the more expensive models have moving figures and are also lighted by tiny incandescent lights. Electric motors from the size of an English walnut to the quite serviceable size of a grape fruit are in the market and find eager purchasers. These motors may be used to furnish power for all kinds of mechanical toys, which may be purchased separately.

Automobiles, some of them mere toys others large enough to accommodate a child of ten or twelve years, are also among novelties and many of them are bought. The display of moving dolls and animals is unusually large this year and shows remarkable progress in mechanical construction. Particularly the walking dolls and animals are far superior to those shown in former years. As in former years the best and most ingenious toys are of German make. They include many instructive scientific toys suitable both for boys and girls. For the latter there are doll houses of all sizes, the most expensive ones lighted by electricity and equipped with all modern conveniences.

JUNCTION CITY ITEMS.  
C. F. Hurlburt has purchased the thirty-four feet on the avenue from A. L. Schwartz and G. S. Keck which they purchased from the Odd Fellows lodge a short time ago. It is the intention of Mr. Hurlburt to put up a model store building this coming season. This is a splendid location and Mr. Hurlburt made no mistake in securing this property. Messrs. Schwartz and Keck have in turn purchased fifty feet from Dr. Hicks, which is the west end of the McFarland building on the avenue. They expect to remodel the building for business purposes. In addition to a barber shop and gun store, a garage will be built in the rear fronting on the alley.

New Masonic officers: W. M. F. A. Saylor; S. W. T. J. Dorsey; J. W. C. F. Hurlburt; Treasurer, T. A. Millhorn; Secretary, M. Montgomery; S. D. Dr. Lehrbach; J. D. Dr. Wright Lee; S. S. S. L. Moorhead; J. S. A. L. Weddle; Tyler, N. J. Moffitt.  
Charles Madsen, a late arrival from South Dakota, has purchased forty-five acres in the new Dane colonies to build a residence and make other improvements.—Times.

## MARKED FOR DEATH.

"Three years ago I was marked for death. A grave-yard cough was tearing my lungs to pieces. Doctors failed to help me and hope had fled, when my husband got Dr. King's New Discovery." says Mr. A. C. Williams of Bac, Ky. "The first dose helped me and improvement kept on until I had gained 58 pounds in weight and my health was fully restored." This medicine holds the world's healing record for coughs and colds and lung and throat diseases. It prevents pneumonia. Sold under guarantee at W. A. Kuykendall's drug store, 50c and \$1.00. Trial bottle free.

PILES CURED IN 6 TO 14 DAYS

## Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a hollow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, purifies the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.
