STANDARD OIL CONCERN KICKED FROM MISSOURI

St. Louis, Mo., Dec. 23.—The supreme court handed its decision today ousting the Standard Oil Company of Indiana and the Republic Oil Company from this state and forbidding them ever to again do business in Missouri, and dissolving the Waters-Pierce Oil Company, of St. Louis. In addition, each company was fined \$50,000. The order dissolving the Waters-Pierce Oil Company will be effective January 15, unless the company on or before that date furnishes the court satisfactory evidence that it is operating as an independent concern. The opinion was written by Judge Woodson. All seven members of the court concur. Judges Graves and Lamb wrote separate concurring opinions. Judge Lamb adds that in his belief the Waters-Pierce Oil Company should be fined \$1,000,000 instead of \$50,000. Judge Graves thinks the Waters-Pierce Company should not be dissolved. He said that the evidence showed that Clay Pierce, who owns forty per cent of the capital of the company, did all in his power to prevent the company from going into the trust, even losing his position as president of the company on that account.

MORE EVIDENCE ANNIS WAS SLAIN IN COLD BLOOD

Revolver Holster Found Strapped to Hains When He Was Arrested

Flushing, Dec. 23.—A revolver holster was introduced as evidence in the Thornton Hains trial today. It was found strapped under the arm of Captain Peter Hains after his arrest. The state contends that the wearing of such a holster in a position so that the revolver could be quickly drawn, clearly shows that Hains left Fort Hamilton with the intention of killing Annis and disproves any suggestion that he became suddenly insane at the sight of Annis. The state's counsel further contends that Thornton must have known his brother was armed and was going out to hunt for his victim.

The school census of the Roseburg district for 1908, recently completed, shows a total of 1,193 persons between the ages of 4 and 20 years. This is an increase of 88 over 1907, which of itself was 5 less than the year before.—Roseburg Review.

GRAFTERS' TRIAL DRAWS CROWD AT PITTSBURG

Councilmen Paid \$45,000 in Connection With the Filtration Plant

Pittsburg, Dec. 23.—A great crowd packed Police Magistrate Brady's court today when the seven councilmen and the two bankers, indicted yesterday for alleged corruption in connection with municipal affairs, were arraigned for a preliminary hearing. The scandal created a sensation and the promise of further arrests added excitement.

W. W. Ramsey and A. A. Vilsack, the bankers, were given first hearing and were held for court trial. Their bonds of \$14,000 each, were renewed.

During the graft hearing this afternoon it was testified that six councilmen were paid \$45,000 in connection with the construction of a filtration plant. According to testimony it was an easy thing to bribe the council by payment of sums ranging from \$100 to \$5. With the exception of Councilmen Klein and Wasson, all defendants have been released on bonds ranging from \$14,000 to \$30,000.

SAMUEL GOMPERS MUST SERVE YEAR'S TERM IN PRISON FOR CONTEMPT

Washington, Dec. 23.—The famous contempt case of the Buck Stove and Range Company against President Gompers, Vice President Mitchell and Secretary Morrison, of the American Federation of Labor, was decided today by Justice Wright, of the supreme court of the district of Columbia, adversely to the Federation. Gompers was sentenced to twelve months' imprisonment, Mitchell to nine months, and Morrison to six months.

The case grew out of an alleged boycott of the stove company's products and putting of that company on the unfair list, also the Federation's alleged violation of Judge Gould's recent mandamus, which attracted wide attention.

Pending an appeal to the United States court of appeals for the District of Columbia, all three defendants have been released on bail.

LABOR LEADERS INDIGNANT

Detroit, Dec. 23.—"I think you will find Gompers, Mitchell and Morrison will never serve their sentences," was the only comment Immigration Commissioner Daniel J. Keefe, formerly vice president of the American Federation of Labor and head of the Longshoreman's Union. "I am not prepared to further discuss the matter other than this prediction," he said, "and I won't say why they will never serve their sentences."

"It is an outrage, an absolute outrage," declared President Mahon, of the Amalgamated Association of Street Railway Employees. "This is the end of free speech. It will be resented not only by workmen, but by all other liberty-loving people."

Mahon said further that this act will not destroy trades unionism, and if the leaders are put in jail new ones will take their places.

GETS WHAT HE WANTED

Denver, Dec. 23.—During the convention of the American Federation of Labor last month, Gompers, in speaking of the Buck case, said he would rather go to jail than pay a fine for his actions.

LAW LAID DOWN IN COURT'S DECISION

Washington, Dec. 23.—The court in the Gompers case held that penalizing of false and malicious libels is not abridgement of free speech. The court said: "No right to publish either libel or slander can be sustained except upon theory of a right to do wrong." The argument further in substance said that the courts must look for the execution of their decrees to the supremacy of the law.

and that unsuccessful suitors must not be allowed to obstruct these decrees.

Frederick Burnham Victim of Asphyxiation in New York Home

New York, Dec. 23.—Frederick A. Burnham, former president of the Mutual Reserve Life Insurance Co., was found dead in bed at his home in this city today as the result of gas asphyxiation. The Mutual Reserve company went into the hands of the receiver on February last and President Burnham, his brother Geo. Burnham, Jr., the treasurer of the company, were indicted on charges of larceny and forgery, which grew out of alleged payments of funds of the company in satisfaction for personal claims against some of its officers. Geo. Burnham, Jr., was convicted

and sentenced to two years but the appellate court set aside the verdict and Burnham was released. The case against Frederick A. Burnham had not come to trial and it is understood it will be dropped unless the prosecution is successful in the case of the brother.

COMBINE TO DEFEAT TAFT FOR SENATORSHIP

Columbus, O., Dec. 23.—The candidates for the office of United States senator from Ohio have all reached the fighting ground, and from now until January 12 the machinations of astute political seekers for the office will be in full play. Charles W. Taft, brother to President-elect William H. Taft, was the last candidate to arrive and his opening headquarters at the Nell house at noon today, was the occasion for considerable bluster on the part of the machine. It appears that the field will unite strongly against Mr. Taft. The opposition says that Mr. Taft will be
