PROMINENT EUGENE COUPLE IN THE DIVORCE COURTS

Mrs. Lillian McElroy Luckey Sues Lester A. Luckey for a Legal Separation

Mrs. Lillian McElroy Luckey has begun suit in the circuit court against her husband, Lester A. Luckey, for divorce and for \$5 a week alimony for the support of their minor child, Agnes, aged two years. The complaint, which was filed late yesterday afternoon by the attorney for the plaintiff, J. M. Pipes, states that they were married at Salem on September 14, 1904. Mrs. Luckey alleges cruel and inhuman treatment, extending over a period of several years. The Luckeys live in Eugene and are prominently connected.

Gosser vs. Gosser
Fred P. Gosser, a farmer residing several miles west of Eugene, this morning instituted suit against his

wife, Nellie E. Gosser, for divorce, alleging cruel and inhuman treatment. They were married in Eugene on August 22, 1904, and have one minor child, Rose Alice, aged three years. The plaintiff recites in his complaint various acts of cruelty, including that his wife attempted to kill him at various times, that she has stated that she married him just to get his money, etc. Gosser asks for the custody of the minor child. L. M. Travis is his attorney.

MARKED FOR DEATH.

"Three years ago I was marked for death. A grave-yard cough was tearing my lungs to pieces. Doctors failed to help me and hope had fled, when my husband got Dr. King's New Discovery," says Mr. A. C. Williams of Bac, Ky. "The first dose helped me and improvement kept on until I had gained 38 pounds in weight and my health was fully restored." This medicine holds the world's healing record for coughs and colds and lung and throat diseases. It prevents pneumonia. Sold under guarantee at W. A. Kuykendall's drug store, 50c and \$1.00. Trial bottle free.

EAST EUGENE PUSH CLUB WILL HOLD AN INDIGNATION MEETING

Special Session for Next Week Called to Enquire Into Alleged Blunder of Council

The East Eugene Push Club has called a special meeting for next week to consider and incidentally to inquire into the alleged blundering of the city council in its legal procedure in the steps taken to install a new water system for the city. Judging from the statements of some of the club's prominent members, it may be more appropriately called an indignation meeting, and it is as a result of the meeting it is found that the council has acted under the advice of the city attorney they propose to stand by the former and use every just means to stem and if possible overthrow the obstruction policy that has so long unreasonably prevailed.

RESUME OF FOREST IMPROVEMENTS IN THE STATE AND NATION

Washington, Dec. 24.—Such work as the construction of miles of road and trail, telephone lines, drift and pasture fences, ranger houses and barns, has opened up and improved many square miles of territory in the thirteen national forests in the state of Oregon, and for these and similar purposes \$55,191.33 was spent during the last fiscal year. Four hundred and thirty-seven miles of trail and 24 miles of road were built, 78 miles of telephone lines were strung, and the forest ranges were improved by the construction of 39 miles of pasture fence. During the year 23 houses, to be used for ranger quarters, and 2 barns, and 2 corrals, for rangers' horses were built. Four bridges were constructed and various miscellaneous improvements were made.

In speaking of the permanent improvement work on all the National forests, the secretary of agriculture has the following to say in his annual report:

"The agricultural appropriation act of 1908 included an item of \$500,000, which was made available for permanent improvement work on the National forests. The object of this work is to help open up the forests to more use and provide means for their better and more economical protection, through the supply of means of communication and transportation, well-located field quarters, fire lines, fences to assist in the handling of stock, and watering places. These improvements are essentially investments of capital, which add greatly to the value and usefulness of the forests.

The work completed during the year included 3400 miles of trails, 3200 miles of telephone line, 100 miles of wagon road, 40 miles of fire line, 250 bridges, 550 cabins and barns, and 600 miles of pasture and drift fences. In addition to the sum provided by the special improvement fund, over \$100,000 from the general fund of the service was turned from current expenses to defray the cost of this work, but much of the work planned and urgently needed could not be carried out because there was nothing with which to pay for it."

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first and best specialist in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear or cost, to World's Dispensary Medical Association, Dr. R. V. Pierce, Buffalo, N. Y.
