HARRIMAN TO BUILD EXTENSION FROM NATRON

Will Construct Natron Road from Eugene to Klamath Falls and Ontario

Chicago, Dec. 25.—(Oregonian Special.)—Plans have been perfected by Mr. Harriman for the construction of between 750 and 1000 miles of railroad in the state of Oregon alone, and that surveys have been ordered of a great deal of territory which is now without means of transportation.

Julius Kuttchnitt, director of maintenance and operation for the Harriman lines, and J. D. Isaacs, consulting engineer for Mr. Harriman, have recently returned from New York, where these plans were perfected. It is admitted by the Chicago officials that there are such plans but it is stated that the management is not yet ready to give out detailed information regarding them.

Cross-Oregon Line Planned
It is a fact plans were well under way more than a year ago for the construction of an east and west line across the state of Oregon, but the financial depression sidetracked them. This much is admitted by Mr. Gruttschnitt, who also says:

"Of course other lines will be built in the state of Oregon, but not just now. The financial situation will have to clear a little before the work which has been planned or is being planned will be begun. As soon as these projects are ripe I shall be glad to give them to the public, but just now nothing definite can be said about them."

It is well known among Mr. Harriman's lieutenants that his summer lodge on Pelican Bay on the Upper Klamath Lake, had a good deal to do with his determination to give the state of Oregon more transportation facilities. At that time all of the Harriman operating and traffic officials spent some time at the lodge, and it was then that the comprehensive campaign of railway construction in the state was laid out. The entire ground was gone over personally by Mr. Harriman, who at that time agreed to build several lines in the state.

It may not be generally known that Mr. Harriman has already decided to continue the construction of his new "Shasta" route on the north and northwest of Klamath Falls to Natron, on the present line. This will require the construction of more than 200 miles of road at a cost of not less than \$8,000,000. This much is admitted by Mr. Kruttschnitt. The road is now completed to Klamath Falls, opening up that basin to settlement, now that the government has practically completed its irrigation projects there, with the exception of the draining of the Tule marshes.

This new road will give the Southern Pacific a maximum grade of less than two per cent, as against nearly four per cent on the present line. It is the purpose to make the new route the main line of the Southern Pacific between Portland and San Francisco. In addition to getting a lower grade the new Harriman line will open up some fertile country, such as the Butte and the Klamath valley, and will greatly reduce the cost of operation. After leaving Klamath Falls the new line will extend almost directly northwest to Natron. The east and west line will extend between Natron and Ontario unless there should be an unexpected change in the plans.

It can be stated positively an announcement regarding it may soon be expected from an official source. Ontario is on the Snake river, and also on the line between Oregon and Idaho, and is furthermore a station on the Oregon Railroad & Navigation Company's railroad. The line will extend almost due west from Natron, and will cross the mountains at the most favorable pass, and at a grade which will make it an economical operating problem.

HARTOG WILL MEET HARRISBURG PEOPLE

Will Address a Mass Meeting to Secure Funds for Promotion Work

A committee of Harrisburg citizens from the Improvement Club there arrived in Eugene Saturday night on the 9:30 local and met with Manager Hartog of the Commercial Club, until 12:30 o'clock to obtain pointers in regard to conducting a campaign for advertising the resources of Harrisburg and vicinity to the world. The committee consisted of Mayor Barney May, M. D. Morgan, secretary of the club, D. H. Pierce and W. L. Wright.

The club has raised over \$1000 for a publicity fund, but wants to make \$1500. Manager Hartog has promised to meet with them on Monday evening, January 4, when an effort will be made to raise that amount. A mass meeting will be held in the public hall for that purpose.

PHOTO COUPONS REDEEMED.
The Dorris and Tollman photo studios are not putting out coupons but they will redeem any photo coupons sold in Eugene. Bring your coupons to us.

A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.
Every woman ought to know that she may obtain the most experienced medical advice free of charge and in absolute confidence and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription.
IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

The many and varied symptoms of woman's peculiar ailments are fully set forth in Plain English in the People's Medical Adviser (1008 pages), a revised and up-to-date Edition of which, cloth-bound, will be mailed free on receipt of 31 one-cent stamps to pay cost of mailing only. Address as above.
