### CAPTAIN HAIN'S CONDITION IS REPORTED BAD

Slayer of William Annis Is a Complete Wreck, So His Counsel Asserts

Flushing, Dec. 28.—John F. McIntyre, counsel for Thornton Hains and Captain Peter C. Hains, says the condition of Captain Hains is very alarming. "I can see no improvement in Captain Hains' mental processes. His condition is truly alarming," says McIntyre, "and I fear fatal termination to his trouble. Treatment may be effective in time, but I doubt it."

One matter came out yesterday was the assertion that Captain Peter C. Hains, Jr., will not be called as a witness in his brother's behalf. Within the last week, John F. McIntyre counsel for the brothers, says he has had an examination made by experts of the mental condition of the army officer, and this inquiry, he says, has convinced him that in no circumstances can Captain Hains appear as a witness.

To what extent this examination will affect the status of Captain Hains when he comes up for trial, Mr. McIntyre would not say yesterday, but it is supposed that he will plead insanity and then appeal for the appointment of a commission to decide as to the mental responsibility of the Captain.

It was pointed out yesterday that an establishment of mental incapacity of the Captain will destroy one of the principal lines of the defense in the light of Judge Crane's statement that insanity of a principal would not be held to affect complexity of an accessory who failed to take every possible means to avert the commission of a crime.

### MASS MEETING WILL BE HELD WEDNESDAY EVE

To Discuss Matter of Obstruction to City Council in Putting in Power Plant

There are in our city many people, recent arrivals, who are not familiar with past actions and transactions of the City Council; men who will hereafter have a voice in city affairs. They cannot understand why there should be an effort to bar the progress of the city. To them it seems advisable that the city should operate a power plant in connection with the water plant. In the interest of all concerned, a Citizens' Meeting is called for Wednesday night, December 30, at 7:30 in the hall of Fairmount store.

A special and urgent invitation is hereby given to those who recently thought it best to ask for an injunction upon the action of the City Council, to be present that they may inform the people of the conditions. If these men are working for the public, much will be gained by letting the people fully understand the situation.

The Mayor and City Council are also asked to be present.

This is not a meeting of the Improvement Club, but a meeting for all who are interested.

CITIZENS.
