

EUGENE MARKET

higher before the new crop season remains to be seen, but it is known that the supply of milling wheat in the Pacific Northwest is limited, and it is now conceded by milling interests that more bluestem was shipped out of the Northwest early in the season than should have been sent out. The result is that millers are bidding in a lively manner for what remains of this sort of wheat.

With the demand particularly for bluestem at this time, there were no developments today in the market for other grades of wheat, but at the higher quotations made yesterday all held firm, and in the event it is discovered later in the season that there is serious shortage of bluestem there will be a better demand for other sorts. In addition to the demand for wheat in the Coast states just now, Mexico is in the market to buy, and it is reported that considerable quantities of grain have been recently sold here for shipment to that country.

The advance in flour values has not as yet affected the feed market, and the prediction is made in some quarters that there will be no change in feed quotations for the present, though the market is admittedly firm in all lines and the demand strong as a consequence of the cold weather.

Hay prices are for the time well maintained, but dealers today said there was nothing in sight to indicate any change in the immediate future. As a result of the blockade on the O. R. & N., no shipments are coming in from the eastern part of the state now, but stocks in the city when the cold weather came were fairly large, and it is believed that they will be sufficient for the demand until further supplies can be brought in.

Heavy Loss in Potatoes.
"There is no doubt that a good many potatoes have been frozen in warehouses and pits," said McKinley Mitchell yesterday. "I think 25 percent is a conservative estimate of the loss on account of the cold weather. Coming on top of our short crop, this will not leave many potatoes to dispose of when trade is resumed. It will be about two weeks after the

weather moderates before shipments can be made. There has also been a big loss in onions in this state from frost."

The San Francisco potato market is improving and is now in good condition to receive Oregon stock, as the supply of rivers is about cleaned up, but, as was the case two years ago under somewhat similar circumstances, shippers here are not in a position to take advantage of the situation.

Chickens at Better Prices.
The poultry that was received yesterday cleaned up quickly at good prices. Hens were quoted at 16 cents and broilers at 20 cents.

Very few eggs were offered, and for fresh ranch stock 50 cents was obtainable. Oregon storage eggs moved at 40¢ to 42¢ cents and Eastern at 37½¢ to 40 cents.

There were no new developments in the butter trade. Unless the cold weather should be of long duration prices will not be advanced.

Vegetables in Good Demand.
There was a first-class demand for vegetables on the street yesterday and firm prices were the rule. Cabbage sold readily at 2½ cents and fancy cauliflower brought \$2.50 and steamer stock \$2.00 to \$2.25. Potatoes moved at \$1.50 and onions at \$1.75. There was also a fair demand for apples, but other fruits were slow.

Light Business in Hop Market.
Two purchases by McNeff Bros. were the only transactions reported in the hop market yesterday. These were the Larkins lot of 63 bales, at Newberg, and a 72-bale lot at Puyallup.

PORTLAND LIVESTOCK.
Local prices current yesterday were as follows:
Cattle—Best steers, \$1.50 to \$1.65; medium, \$1.25 to \$1.40; common, \$1.00 to \$1.25; calves, \$1.00 to \$1.25; sheep—Best, \$1.50 to \$1.65; mixed, \$1.25 to \$1.40; lambs, \$1.50 to \$1.65; ewes, \$1.00 to \$1.25; lambs, best trimmed, \$1.50 to \$1.65; untrimmed, \$1.25 to \$1.40; Hogs—Best, \$1.25 to \$1.40; medium, \$1.00 to \$1.25; feeders, not wanted.

Seattle Potato War.
Seattle, Wash., Jan. 13.—A fight between potato-dealers was started again today on Western avenue, as a result of which three Seattle firms have placed orders in California for

100 tons of potatoes for immediate shipment North. These dealers recently failed to buy at the market and are now putting themselves on the bear side.

Butter manufacturers are talking of higher butter, but sentiment is opposed to an advance unless one is necessary. An advance at Portland would probably force prices up here. The initiative will not be taken here. Eggs are weak, although the supply is still limited.

Commission men look with much favor upon the heater car service to be maintained between this city and Portland.
