Unless It's a GOOD Store It Will NOT Pay To Advertise It!

Unless you know a person—unless that person comes into your life in some way—you are not greatly concerned about whether he is good or bad, desirable or objectionable.

It's so with a store. The people who never visit it care nothing about it one way or the other. It doesn't exist—for them. But when they are persuaded to patronize it—when they come to turn the spotlight of their attention on it—when it comes to have a part in their lives, as some stores must have in all lives—then it's different; then it does matter whether it strives to win confidence; it does matter whether or not its price concessions are genuine, dependable.

If it meets all tests that a good store must stand when it is advertised—then it thus invites the critical attention of the people—then advertising will "make" the store. If it fails in most of the vital things—if it proves, under the light of publicity, not to be much of a store, THEN ADVERTISING WILL NOT PAY—for it will emphasize the shortcomings as well as merits.

For these same reasons it is generally assumed that the store which does not advertise is seeking to avoid close inspection and comparison, and that the store which does is courting them.

TO TIMBER OWNERS

If you desire a careful and accurate cruise on your timber, we can do some of your work. Our methods will cost you less money than the old way—pay more for an estimate that is practically a mill scale than for work that estimates some trees more than once, and many trees not at all, we can do your work satisfactorily, and it will stand inspection by any competent timberman. FOR SALE, EXCHANGE OR LEASE

Having concluded to retire from the lumber business I offer for sale, lease or will exchange for Eugene or Portland income property, my sawmill, sawmill site, booms, lumber sheds, office, planers, dry kilns and all tools connected with the business. Mill located at river bridge in the centre of Eugene city, east and west, and only three blocks from the S. P. R. R. 217

This is a fine opportunity for some one to go into the lumber business, as there is always a big local demand for all slabwood, sawdust, shavings, cull lumber, as well as the better grades of lumber. Logs are cheap, labor cheap, lumber high. 218

A good millman can make this property pay for itself in two years, and if he will operate day and night in one year. Greatest opportunity in this part of Oregon for a mill man; best located mill in the state. Capacity, 20,000 feet in ten hours. 219

When you have this mill you are at the market. Planer and dry kiln—everything needed to make lots of lumber and lots of money. Give this your early attention if interested in a lumber proposition. I am sure you cannot beat it in the state. The quicker you act the surer you are of making your fortune, for this is a chance in a lifetime. 220
