

S.S.S. HEALS OLD SORES

Before any sore can heal, the cause which produces it must be removed. As long as the blood, from which our systems receive their necessary nourishment and strength, remains impure and contaminated with disease germs, any old sore on the body will remain open, and resist every effort made to heal it. The nerves and tissues of the flesh around the places are continually fed with unhealthy matter and nature is simply disposing of the poison by draining it from the system through the sore. The only cure for an old sore is a thorough cleansing of the blood, entirely ridding the system of the cause. S. S. S. heals old sores by removing every particle of impurity from the circulation. It goes down to the very bottom of the trouble and so completely cleanses the circulation that there is no longer any impurity to drain through the sore, but the place is once more nourished with rich, healthful blood. S. S. S. heals the sore from the bottom, the place soon fills in with healthy, firm flesh, the tenderness leaves, all discharge ceases, the skin regains its natural color and when S. S. S. has thoroughly cleansed and purified the blood the place is permanently healed. Look on Sores and Ulcers and any medical advice free to all who write.

BUILD NEW GYMNASIUM AND DORM

University Board of Regents Orders Two New Buildings Erected

Provision for two more buildings for the University of Oregon at Eugene was made yesterday at the regular annual meeting of the board of regents, held in the office of C. A. Dolph, in the Mohawk block. The buildings to be erected are a men's gymnasium and a girls' dormitory. The first will cost \$25,000 and the second \$15,000, and both, it is expected, will be ready for occupancy by the opening of the next school year.

These improvements are made possible at this time by the accumulation of the regular state appropriation of \$125,000 a year which was held up for eighteen months by the referendum. It was decided by the regents that after all regular expenses are provided for there will be a balance of \$70,000 at their disposal for buildings, apparatus and other improvements. Besides voting funds for the gymnasium and dormitory yesterday the regents set aside \$10,000 for books to be added to the library, \$10,000 for apparatus for the various departments, and other smaller amounts.

Construction of the gymnasium and dormitory will begin in the spring. The gymnasium will be used exclusively by men, and the present gymnasium will be turned over to the use of the women. It was decided by the regents to employ an instructor to have charge of the girls' gymnasium.

The report of President P. L. Campbell showed that the University this year has an increase of over 25 per cent in enrollment. There are at present 530 registered in the various departments at Eugene. Taking into consideration the law and medical schools in Portland, and the music and correspondence departments, the University of Oregon has a total registration of 1100. It is expected the regular enrollment will be increased to 700 or 750 next year.

The following officers were elected by the board of regents: President, Judge R. S. Bean; secretary, L. H. Johnson; treasurer, S. B. Eakin; executive committee, S. H. Friendly, C. A. Dolph, J. C. Ainsworth.

Those present at the meeting were: Judge Bean, Mr. Friendly, F. V. Holman, William Smith, Judge Dolph, Mr. Ainsworth, President Campbell and Secretary Johnson.—Oregonian.

COTTAGE GROVE

NEWS OF INTEREST

Born—To the wife of Milton Longfellow, in this city, January 18, 1928, an eight-pound girl.

Marshal Frank Snodgrass has returned home from Portland, where he has been taking to civil service examination preparatory to applying for a position on the Portland police force.

Dr. Ada Smith, of Portland, who was injured while coasting on the hill last week, is reported much better. She is able to get around on crutches and says she will wait until she returns to the East before coasting again. Lena Wheeler, who was also injured on the hill, will soon be able to return to school again.

There will be no military band until the 1th regiment has added four more companies, as the regulations require that there can be no musical organizations for that body, conducted and maintained by the state. Cottage Grove stands the best show of getting the band when the increase in companies has been made. Professor Cochran will have a meeting in the town hall Friday evening to discuss the band possibilities in the future.—Leader and Western Oregon.

DEADWOOD ITEMS

(Special Correspondence.) Deadwood, Jan. 18.—More snow fell this winter than there has been in nine years. It measured nine and a half inches at Deadwood, which is quite a depth for this country.

The Junction-Deadwood mail carrier lost one trip on the 11th on account of high water and ice in the Long Tom.

J. Hunsicker and P. Willcutt were out to town last week on business.

This is a very bad winter for the poor birds, the snow being so deep they can't find anything to eat only what the people feed them, and they are coming quite thick for their feed.

The Alpha Telephone Company held its meeting on the 11th and made rules and regulations governing such meetings. They partly decided to move their switchboard from Deadwood to Alpha. There seems to be some dissatisfaction over the move.

It takes quite a bit of hay nowadays, as the stock can't rustle in such bad weather.

We had quite a high water on the 11th which left several sawlogs on the fish rack. Part of them were not off the next day.

The large white horse of Mr. Oleason got kicked by another one and his leg was broken. He had to be killed.

The Taylor logging camp has shut down for the present. Jesse Harbit is taking care of the camp.

It is starting to rain now. If it makes it out why look out for high water, as there is lots of snow in the mountains.

LOWELL ITEMS

(Special Correspondence.)

Lowell, Jan. 18.—We have little news, only about the storm which makes us think of 1916. A good many years ago. We have been living near Lowell about 12 years, and this is the worst spell we have seen since we came here. The 11th and 12th it snowed 7 1/2 inches and the night of the 13th 4 1/2 inches. The thermometer was 27 degrees above zero on the 10th, 18 on the 11th, 16 on the 12th, 22 on the 13th and 30 on the 14th. Since it is raining and thawing the river is rising slowly. There has been no suffering of man or beast that we know of.

Rev. Mr. Wheeler, of Eugene, preached at Rush Island the first Sabbath of the year and Rev. Mr. Kelly, of Dexter, the second Sunday.

Miss Gifford and family, of Dexter, are visiting Mr. Michaels, on the Middle Fork. Also Mr. and Mrs. Dexter, of Dacota, are visiting relatives above Lowell.

We see in The Guard some talk of bounties on the obnoxious varminths of the state. We think a bounty that will not drain the state of her miscellaneous funds would be a good thing, but as large a bounty as suggested by some would be ruinous and would only last a short time. Say \$5 for the cougar and gray wolf and \$2 for the coyote and wild cat would induce trappers and hunters to kill them and in a few years they would be scarce.

ATTENTION.

Pittman is the quickest and easiest shorthand system to learn. It is taught by a thoroughly experienced stenographer at Smith's, EXPERT PUBLIC STENOGRAPHER, Title Block, and Willamette at Phone Red 1387, 117.

MOVED.

Miss Gebhart, the dressmaker has moved to 33 East Ninth st., room 5 over Nicklin's store. Phone No. Red 1412.

Lee Hesolton, in the Coleman building, third floor, cuts and polishes agates and other stones. Work guaranteed in all respects.

Single Comb White Leghorns

227 EGG STRAIN—In poultry as in any other business it pays and pays big to keep the best, and especially in this so if you are producing eggs for the market.

IMPORTANCE OF MALE BIRD—The male is more important than the female, and it is of vital importance to secure the best, high-scoring cock for the improvement of the strain. We have a limited number of cocks for sale, at a reasonable price, quality considered, and orders will be received until February 15. SPEAK QUICK IF YOU WANT ONE.

THE PROFIT—Hens are now selling for 35 cents a dozen, which nets a profit you cannot afford to lose. Hens lay 227 eggs a year net the largest profit. Write for catalogue and prices. "The hens that lay are the hens that pay." Keep this ad.

ABSOLUTE CURE OF SKIN ERUPTION

Broke Out on Hips and Legs—Was So Sore, Irritating and Painful that Little Sufferer Could Not Sleep—Scratched Constantly and Kept Growing Worse.

CUTICURA'S EFFECT QUICK AND PERMANENT

"When about two and a half years old my daughter broke out on her hips and the upper parts of her legs with a very irritating and painful eruption. It began in October; the first I noticed was a little red surface and a constant itching on her part to scratch her limbs. She could not sleep and the eruptions got sore, and yellow water came out of them. I had two doctors treat her, but she grew worse under their treatment. Then I bought the Cuticura Soap, Cuticura Ointment and Cuticura Resolvent, and only used them two weeks when she was entirely well. This was in February. She has never had another rough place on her skin, and she is now fourteen years old. I used only half the bottle of Cuticura Resolvent and less than a box of Cuticura Ointment. Mrs. R. R. Whitaker, Winchester, Tenn., Sept. 22, 1908."

WOMEN

Everywhere Use Cuticura Soap and Cuticura Ointment

For preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, for dry, thin and falling hair, for softening, whitening and soothing red, rough and sore hands, for annoying irritations and ulcerative weaknesses, and for many sensitive, anti-septic purposes as well as for all the uses of the toilet, bath and nursery. Gubankin's skin medicine and may be used from the hour of birth.

Wholesale and Retail Treatment for Every Kind of Itching, Children and Adults can use Cuticura Soap, Ointment and Resolvent. The Resolvent is a powerful purifier of the blood, and is the most effective remedy for all skin diseases. It is sold in 50-cent bottles. Write for free literature to J. C. Gubankin, 1111 Broadway, New York, N. Y.
