"BEST STORE IN THE STATE" SAYS HARDWARE MAN

F. J. Berger Tells How Big Firm Was Built in Four Years and From Nothing

"We have the best hardware store in the state in arrangement and convenience," was the statement of F. J. Berger, president of the Berger-Bean Hardware company, when asked how the business had been built from nothing four years ago to the point where the store covers about 15,000 square feet floor space in the White Temple, (the I. O. O. F. building), which is considered the finest in Eugene.

"Well," he said, "I paid close attention to business, and devoted my whole time to it. The next big step was when the firm incorporated two years ago."

"Our new home here is the final achievement," he continued, as he surveyed the well lighted and improved store from the smallest can of New Era paint back in the corner, to a buggy resting in the balcony. "But we are are not done; we intend to continue making improvements, ahead of the business, if we can."

When asked what the total business for the last year had been, the president of the company, answered with a thoughtful smile, "People would not believe it, if I told you, so I hardly think it wise. It's big though. It must be large, you know, to keep up this establishment."

When asked how many men it took to handle the big stock which ranges from a bird cage to a threshing machine, "Seven," including Mr. Bean and myself," he tersely answered "Bdt we have to put on extra help now and then," he added with pride.

Among the features of the store are 224 lineal feet of show window 17 feet high, or 3,800 square feet of glass; 75 feet of fine show cases, fit for any candy store; a hydraulic elevator in dimensions, fourteen by seven; steam heat; a "Builder's hardware" room or corner for locks, which are displayed just as they will appear in a panel; and safe vault, large enough for a banking business.

"That builder's room," remarked the president of the company, "is the only one in the state outside of Portland, I understand. I have been all over Portland and San Francisco, and I only found one in Portland and two in the California city."

"By the way," somebody else said, "Don't forget to say that we are going to place all our shelf goods in drawers, which will be dust proof."

The Berger-Bean Hardware company formerly had their business home in what was known as the Hovey building near Eighth on the east side of Willamette street. There they did a remarkable business, when of less than a 400 square feet floor space is larger than the room they possessed then.

The president of the firm is F. J. Berger, who is also a prominent member of the city council. F. C. Bean who is well known in Lane county business circles, is vice president, and Estelle Bean is secretary and treasurer.

The firm handles many articles. Among them, builders' hardware, ranges and heaters, tin and granite ware, carpenter and blacksmith tools, gasoline engines, windmills, pumps, New Era paints, logging supplies, sawmill machinery, buggies, surreys, hacks, wagons, steam engines, threshing outfits; all kinds of cutting and field machinery, fencing—the Pittsburg and Perfect Electric Welded Fence, and the Koko Woven Fencing—Malthoid Roofing—which is designed for coast climates—cream separators, gasoline engines, spray outfits, wire rope and wire, sewing machines, safes, washing machines, and many other incidentals, which the officers of the company think are subordinate to the Ingersoll Dollar Watch in importance.

PUBLIC INTEREST IN CARMACK CASE

Nashville, Tenn., Jan. 20.—Public interest in the cases of Colonel D. B. Cooper, Robin Cooper and John D. Sharpe, indicted for the murder of former United States Senator Edward W. Carmack, has livened to a notable extent with the approach of the date fixed for the trial. The prominence of the parties involved, the collateral issues and cross-currents in the famous case combine to give promise of one of the most notable criminal trials that has ever taken place in Nashville.

The trial will be presided over by Judge Hart, of the criminal court. Each side will be represented by a formidable array of counsel. Attorney-General McCarn will direct the prosecution, assisted by G. T. Fitz-Hugh and others. M. H. Meeks, J. C. Bradford, Charles N. Burch and W. H. Washington will look after the defense.

EIGHTEEN HURT IN TROLLEY WRECK

Eighteen persons were inujred, one fatally, in an accident at Williams avenue and Cherry street at 2:30 yesterday afternoon, when the trailer of Car No. 353 of the St. John line jumped the track in whirling around a curve, hurling both the motor car and the trailer a distance of 100 feet.

There were 66 passengers on the cars. A few jumped as the cars leaped from the tracks in their wild flight; others were hurled through windows, and still others were pinioned on the sidewalk and in the street beneath the mass of debris. Both motorman and conductor stayed with the cars. They were uninjured. —Oregonian.

CLOUDBURST, BUT NOT AN ERUPTION
