HUNDRED THOUSAND COOPONS IN THREE DAYS

So far coupons aggregating 100,000 votes have been issued by the Guard's business office. This is the first time in the history of the newspaper that a contest of this kind has been conducted by a newspaper outside of Portland. Prizes were ever offered before for free trips to the world's

ladies are strenuously striving to carry off the honors in their respective districts, or that their friends are giving them loyal support.

Exposition Notes.
Growers of the Cactus Dahlia will make a growing exhibit of the flowers at the Alaska-Yukon-Pacific exposition next year. Foreign growers will also send exhibits. The Cactus Dahlia is the official flower of the exposition.

Relics from Spain of the time the country was under Moorish rule will be exhibited at the Seattle fair next year. There will also be a reproduction of the Alhambra, made famous by the writings of Washington Irving.

Ezra Hecker, a pioneer of the 50's, will give an exact reproduction of home life in the West when the territory now composing the state of Oregon, Washington, Idaho and a part of Montana and Wyoming, was called the Oregon country.

The annual gathering of the Epworth League in Seattle next year is expected to bring 25,000 visitors to the city during the progress of the Alaska-Yukon-Pacific exposition. New York will erect a fine building on the grounds of the Alaska-Yukon-Pacific exposition to be held at Seattle next year. More than 100,000 will probably be spent in participation on the part of the Empire state.

The Forestry building on the grounds of the Alaska-Yukon-Pacific exposition in 1909 will be the largest log house ever built in the world. Liberal, Innes and Elzey have been engaged to play at the Alaska-Yukon-Pacific exposition at Seattle next year. Ten concerts will be given in a big music pavilion on the grounds.

The Arctic Brotherhood building on the grounds of the Alaska-Yukon-Pacific exposition at Seattle is to remain a permanent structure. It will be a museum of natural history at the close of the fair, as well as a fraternity hall for the students attending the University of Washington from Alaska.

Hundreds of street cars of the latest type will be in use in Seattle

for the fair year. The Seattle Electric company is spending more than \$1,500,000 improving its service. President Howard Elliott, of the Northern Pacific, says that the Alaska-Yukon-Pacific exposition is much farther advanced than was the St. Louis fair at a similar period of its existence.

IMPORTANCE OF MALE BIRD—The male is more than half the breeding pen, and it is of vital importance to secure the best, high-scoring cock for improvement of the strain. We have a limited number of cocks for sale, at a reasonable price, quality considered, and orders will be received until February 15. **SPEAK QUICK IF YOU WANT ONE.**
