

The Fountain Head of Life Is The Stomach

A man who has a weak and impeded stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgment.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrapper. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

court, where the musicians and singers were gathered.

After this ceremony the Emperor received the congratulations of the members of his family and the visiting princes and princesses, after which all marched to the private chapel of the palace, where court chaplain Dr. Dryander delivered the sermon and read a short special service.

The official ceremonies of the celebration followed the services at the chapel. The Emperor, with the Empress at his side, took seats on the dais of the great White Hall of the palace. The visiting princess stood on the left of the Majesties, the princess on the right, while the ambassadors, ministers and other representatives of foreign governments, hundreds of distinguished state and government officials and dignitaries and representatives of the army, the navy and other branches of the government passed in front of the royal couple, tendering to the Emperor congratulations. This function lasted fully one hour.

In the afternoon the Emperor drove to the various embassies, where he left his cards. The streets through which the Emperor drove, particularly the street called "Unter den Linden," were lined with enormous crowds, which greeted the Emperor with genuine enthusiasm. As customary the Emperor on his birthday conferred a large number of decorations and other honors and made a large number of honorary and political appointments, which will be duly gazetted in the official organ of the government.

Berlin, Jan. 27.—Emperor William's fiftieth birthday was celebrated today throughout the countries composing the Reich and, in a more primitive manner, but with equal good will and enthusiasm, in the German colonies and in all foreign countries where Germans may be found in a considerable number. There was little to distinguish today's celebration in Berlin from similar celebrations in the past.

In accordance with time-honored tradition the Emperor was "awakened" this morning by trumpet fanfares sounded by the corps of palace trumpeters and by the singing of a special hymn by the castle choir at 8 o'clock. This, however, was merely a matter of form, to comply with the traditions of the House. As a matter of fact the Emperor had risen several hours before that time and transacted a large amount of state and other business. Fully dressed in a splendid military uniform, the Emperor showed himself at a window of the castle overlooking the

LOST VALLEY NOTES.

(Special Correspondent.)
Lost Valley, Jan. 26.—The hall of "The Dexter Glee and Athletic club" is now an assured thing. At a meeting of the club last Tuesday evening, the contract for cutting the lumber was let to the June Lumber Co., and as soon as it is milled the lumber will be hauled and the building erected. The building is to be frame, 40x60. Such an undertaking by the young people speaks volumes for their energy and public spirit and should be encouraged by everyone.

H. M. Parvin is building an addition to his barn. W. H. Fenton has charge of the construction.

C. S. Pogue has been ill with the grippe for the last week, but is now out and around.

The snow of last week went on with warm rains. The rains still continue but a flood is not looked for, by old timers.

P. A. Johnson, who has been studying automobiling in Portland for the past two months, is home on a visit now.

Mr. A. B. Addington went up the river today, to his brother's logging camp. A. B. is to "sling hash."
