

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spots on his cow and led her shagging. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds his self regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

Black Motor Vehicles

A Practical Car for
Business or Pleasure

Inexpensive, cost less than half as much as the ordinary automobile, low speed 2 to 6 miles an hour; high speed, 6 to 26 miles an hour.

Neat in appearance
Travels any Road
Made any style
Prices
\$375 to \$750

These cars are made to go any season of the year in good or bad roads, are built like a surrey, high wheels, solid rubber tire, easy springs, motive power gasoline, substantially built. For demonstrations and hire apply to

WILL VOTE UPON NEW CONSTITUTION

Bill Providing for Submission
to People Passes House
By Large Majority

State Capitol, Salem, Feb. 4.—Representative Bonebrake's bill submitting to a vote of the people of the state the proposal to hold a constitutional convention passed the house this morning by a vote of 40 to 17, three absent. The election on this subject is to be held on the first Monday in June, 1911.

In urging the passage of this bill Mr. Buchanan said he was a firm believer in a state constitution that means something. He deplored the system that had been established by which it was such an easy matter to amend the organic law of the state, and insisted that it was time for a convention of representative citizens to meet and revise its constitution. Speaker McArthur took the floor and declared for the proposed convention, for the reason that the state no longer had a constitution, at least but a semblance of the original document. Campbell said that while he would vote against the convention when the special election should be held, he intended to support the bill under consideration for the reason that he believed the people should say whether or not their constitution should be revised by such a convention. Brooke remarked sarcastically that he favored the bill for the reason that he believed in "moving the state capital from Oregon City to Salem."

Jones (Douglas), Dimick and Orton opposed the bill for two reasons. In the first place, they contended the people already had a means of making desired changes in the constitution, and secondly, they objected to the proposed convention because of the additional expense to the taxpayers that would be involved by the two special elections provided in the bill in order to carry out its provisions.

The vote by which the bill passed was as follows:

Ayes—Applegate, Beedillon, Belknap, Bonebrake, Bones, Brady, Brattain, Brooke, Buchanan, Calkins, Campbell, Carter, Clemens, Conyers, Corrigan, David, Dodds, Eaton, Fair, Greer, Hawley, Hines, Hughes, Jackson (Lincoln and Polk), Leinenweber, Mahone, Mahoney, Mann, Mariner, McCue, McKinney, Meek, Muney, Reynolds, Richardson, Smith and Speaker McArthur—40.

Noes—Abbott, Barrett, Brandon, Bryant, Couch, Dimick, Hattburg, Jones (Douglas), Jones (Clackamas), Libby, McDonald, Miller, Munkers, Orton, Patton, Philpott and Rusk—17.

Absent—Altman, Beals and Bean—3.

Folger's Golden Gate Coffee

Quality—clean—perfect

Your grocer will grind it—
better if ground at home—not
too fine.

McLEOD

The Tailor

Is now located near the corner of Sixth and Willamette, in the rooms formerly occupied by the Eugene Dye Works.
