Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong. Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent *free* on receipt of 21 one-cent stamps to cover cost of mailing *only*, or, in cloth binding for 31 stamps.

COMMONWEALTH DAY AT THE UNIVERSITY

To Be Observed February 12—Annual Occasion On Admission Day After This Year

The University has instituted a "Commonwealth Day" on which it proposes to hold conferences with representative citizens from different parts of the state for the discussion of subjects of vital interest to the people as a whole. As the date for this conference is fixed when regular University work is in progress the occasion will enable the different departments to illustrate such phases of their work as have distinctive social and civic purposes.

The University hopes to bring together into council each year on the higher interests of the Oregon people leading representatives of the press, of educational, civic, labor, trade and industrial organizations. A commonwealth like Oregon, still young and plastic, should be built up in accordance with the best principles of science. The watchwords of its commonwealth day are thus publicity and co-operation and co-ordination of effort in the best light of science for highest ends. Such a day is surely in keeping with the idea of an institution of higher educataion supported out of the social income.

The University of Oregon is the first, however, to make the innovation of consciously and systematically bringing together the practical and the academic agencies for carrying forward more safely and more rapidly the various human interests. The University proposes to demonstrate in this day its regular attitude of earnest helpfulness to the people at large in all their vital concerns.

What the commonwealth day represents must become typical and characteristic in a democracy if social democracy is to win out. Only as democracy and the expert shall get together—one for the larger appreciation of science and the scientific method and the other with a finer spirit of service—will all be well.

More especially does the University hope with it to interpret a deeper, more catholic and socialized meaning to its students o ftheir every day work in preparation for life.

The conference this year will discuss the following subjects:

"Oregon's Heritage—Conservation of it for the People as a Whole."—Hon. J. N. Teal.

"The Co-ordination of the Activities of the Agencies of Secondary and Higher Educataion in Oregon."—Alfred C. Schmidt, Ph. D.

"The Strengthening and Vitalization of the Work of the Common Schools."—Superintendent J. H. Ackerman.

OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Adrian, Ga.—"I suffered untold misery from a female weakness and disease, and I could not stand more than a minute at a time. My doctor said an operation was the only chance I had, and I dreaded it almost as much as death. One day I was reading how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and decided to try it. Before I had taken one bottle I was better, and now I am completely cured."—LENA V. HENRY, Route No. 3, Adrian, Ga.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

DE MOSS LRYIC BARDS AT BAPTIST CHURCH

This family of famous music people started their concert career in Oregon in 1872, and have since visited nearly every city in America and Europe, where they have entertained multitudes in the greatest auditoriums, church edifices and assembly halls, giving more than 4000 entertainments in the past thirty-seven years.

They represented Oregon at the International Congress of Musicians which convened in Chicago in 1893.

They were employed at the Columbian Exposition at Chicago as entertainers and song writers, where they wrote state songs and other patriotic pieces for all special occasions of the fanr, hence the appellation "De Moss Lyric Bards."

Their unique gondola concerts on the lagoon at the Trans-Mississippi Exposition, Omaha, will long be remembered.

Seventy-five certificates were presented to them at the Louisiana Purchase Exposition at St. Louis in 1904 for their excellent work in entertaining the multitudes in the various palaces of the fair and in all of the state buildings.

At the Lewisc and Clark Exposition in Portland in 1905 they gave classical recitals and concerts during the entire fair, their program being a familiar page on the "official daily program."

In the year 1894 both houses of the Ohio legislature and President McKinley, then governor, gave them an official reception in the Ohio state house, during which they presented some of their choicest musical selections, including "Ohio's Jewels" and "Sweet Oregon."

They were employed by the International Polytechnic Society at their assembly held in 1895, at Lucerne, Switzerland.

Many are the responsible engagements which have been filled with honor by the "DeMoss Lyric Bards" on both continents ,which space in these columns will not permit being mentioned.

At the Baptist church Tuesday night, February 9, 1909. General admission 35 cents; children under fifteen, 15 cents.

EXTRA COPIES OF YEAR BOOK

Extra copies of The Guard's year book are on sale in the business office at 10 cents per copy, or three for 25 cents. Larger quantities will be sold at a reasonable reduction, and envelopes for mailing the same will be supplied free of charge. These bookfets are good things to circulate in the East, and we have but 1000 copies of the 7000 edition which have not yet been disposed of.

NOTICE

The Morris Music House is the only representative we have in Oregon handling the Trowbridge piano. The Trowbridge piano now being offered at a reduction in Eugene is not the same piano handled by the Morris Music House, as they handle the largest-sized piano only, which is a higher priced instrument.
