

GENERAL NEWS FORECAST OF THE COMING WEEK

Washington, D. C., Feb. 13.—The conference called by President Roosevelt to discuss the conservation of the natural resources of North America, the movements of President Taft, the proceedings of Congress and the arrival of the Atlantic battleship fleet in home waters will figure prominently in the news of the coming week.

Canada and Mexico have consented to join with the United States in the conference called by President Roosevelt to discuss the conservation of the natural resources of the continent. The sessions will be held at the White House in this city, beginning Thursday. The main object of the conference, as announced, will be to point out that natural resources are not limited by the boundary lines which separate nations, to develop a better knowledge of the natural resources of each nation on the part of the others and to invite suggestions for concurrent action for the protection of mutual interests related to conservation.

President-elect Taft will spend the early days of the week in Cincinnati, his home city, where elaborate preparations have been made for his reception and entertainment. After concluding his visit in Cincinnati it is expected that he will proceed immediately to Washington to communicate to the President the result of his observations and investigations at Panama.

The battleship fleet under Rear Admiral Sperry will complete the circuit of the globe at the end of this week, when it is due to arrive at the Virginia capes, which was the point of its departure on its memorable cruise a year ago last December. The

entrance into Hampton Roads and the review by the President will be deferred, however, until Monday of the following week.

A national tariff commission convention, in which commercial and country organizations throughout the country have been invited to take part, will meet at Indianapolis Tuesday for a session of several days. The convention will be the first national gathering ever held for the express purpose of promoting the movement for comprehensive, scientific tariff revision. Its deliberations doubtless will be followed with close public attention, particularly by members of Congress.

The hearings in the government's suit against the anthracite coal roads comprising the alleged "Coal trust" will be resumed in New York Tuesday, when the defendants will open their side of the case.

At the latter end of the week thousands of visitors from all parts of the continent will begin to assemble in New Orleans for the annual Mardi Gras festivities. Several added attractions, including a notable programme of automobile races, promise to make the carnival this year eclipse all of its predecessors in point of attendance.

Universities and scientific societies of Germany will unite next Tuesday in paying honor to Prof. Ernst Heinrich Haeckel, the celebrated naturalist, on the occasion of his seventy-fifth birthday. The anniversary will mark the retirement of Prof. Haeckel from the chair of zoology at the University of Jena, a post he has occupied since 1882.

Important gatherings of the week will include a general convention of the Laymen's Missionary Movement of the Presbyterian church in the United States at Birmingham, Ala.

the annual meeting of the National Mother's Congress in New Orleans, and the eighteenth annual Tuskegee Negro Conference at Tuskegee Institute.

House for Sale.

Notice is hereby given that the Board of Trustees of the Y. M. C. A. of Eugene will receive sealed bids up to noon March 1, 1909, for the dwelling house now located on Lot 5, of Block 16, of Mulligan's Donation to the City of Eugene, being just north of the Christian church.

Bids are to be left with Samuel Roome, president, at the Wells-Fargo Express office.

The proposition made must include the moving of the building from the lot on or before March 15, 1909. Right reserved to reject all bids.

By order of the Board,
E. O. POTTER, Secretary.

NOTICE

All persons desiring to pay any money to the city of Eugene should pay the same to J. J. Walton, who has been appointed city treasurer to succeed Frank Kelsner.

J. D. MATLOCK,
Mayor.

EIGHTH GRADE EXAMINATION

The eighth grade final examinations for the public schools will be held January 21-22, 1909,
May 13-14, 1909,
June 10-11, 1909.

Teachers who have pupils ready for the examination should notify me of the number of questions wanted and the name of the person appointed to conduct the examination at least 15 days before the date for which the questions are wanted.

W. R. DILLARD,
County Superintendent.

We will pay 8 cents per pound for dressed hogs in any quantity. Handy Meat Market, Phone Red 4891, 5th and Will streets. 115 w1

WILL MANUFACTURE LONDON MINERAL SALTS

Evaporated Product of Lane County Springs Will Be Placed On Market

Levi Geer, principal owner of the London mineral springs, twelve miles south of Cottage Grove, was in Eugene today on business. He was a caller at the Guard office and showed the force a sample of the salts that are being manufactured from the waters of the springs. An evaporating plant has been installed at the springs and the salts will be manufactured on an extensive scale just as soon as they have become sufficiently known to create a market for them. The salts are an excellent remedy for all stomach and kidney troubles and are good for rheumatism. In their natural state they are not bad to taste, but to make them still more palatable other harmless ingredients have been added. If they are properly advertised they should bring large returns to the company that operates the springs.

R. C. MORGAN'S FURNITURE FACTORY.

Furniture manufactured for wholesale or retail trade. Factory at east end of Fifth street. Repairing solicited. Phone Black 5391. Residence phone, Black 5501.

Lee Hoselton, in the Coleman building, third floor, cuts and polishes agates and other stones. Work guaranteed in all respects.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

YOUNG MEN WANTED

Young men wanted. We wish to confer individually with a large number of young men who have a common school education and who are physically fit; only those desiring to enter the railroad service need apply. Address School of Telegraphy, Hibernia Building, Market and Jones streets, San Francisco, Calif.

Kodol is a combination of all the natural digestive juices found in an ordinary healthy stomach, and it will digest your food in a natural way. Pleasant to take. Sold by all druggists.

STONE'S HEAVE DROPS

Greatest known remedy for heaves. Highland, Or., Oct. 31, 1902—This is to certify that I gave my mare one bottle of "Stone's Heave Drops" and cured her of heaves. This was last winter and she has not been affected since—G. Wallace. DR. S. C. STONE, Salem, Or. For sale by all druggists.
