McINTURFF HOLDS SERVICES IN A LIVERY BARN

Former Eugene Preacher Is Again Heard From—Had Quarrel With Co-Worker

Many Eugene people remember Rev. D. N. McInturff, at one time pastor of the Methodist church here. He created a big stir in religious circles a few years ago by launching a new free denomination at Spokane. He has again been heard of at North Yakima, Wash. He and another minister were holding a revival meeting there when they had a falling out. Following is a press dispatch from that city:

OREGON BASEBALL SCHEDULE FIXED

Manager Bean has arranged the University baseball schedule as follows: April 16, Salem high school at Salem; April 17, Chemawa at Salem; April 19, Columbia Athletic Club at The Dalles; April 20, two games with Whitman at Walla Walla; April 21 and 22, Washington State College at Pullman; April 23 and 24, University of Idaho at Moscow. This trip will be taken during the April vacation.

Other games scheduled are: Two with O. A. C. at Eugene on May 14 and 15; two return games at Corvallis on May 27 and 28, and two with each of the three colleges, Pullman, Idaho and Whitman, at Eugene some time during May.

MORE HOP CONTRACTS THIS YEAR THAN LAST

Salem, Or., Feb. 18.—Hop contracts far in excess of the contracts for a similar period for last year, and advices received by growers and dealers here from every hop centre in Oregon, indicate a wonderful revival of the hop industry. The prevailing price in contracts is 10 cents, and thousands of pounds are being contracted for by all the dealers here. Reports from Oregon City indicate a condition even more favorable to the hopgrowers than that found in the Salem country.

DR. CANNON HAS MOVED TO THE WHITE TEMPLE

Dr. Cannon has moved his office from over Dunn's store to the new I. O. O. F. White Temple, where his patients can find him. 124

TRYING TO FIND OUT HOW HOOD RIVER WON FIGHT

H. O. Thompson, president of the Commercial Club, has been spending several days at Hood River, gleaning inside information regarding the process required to secure the creation of a new county by invoking the initiative and referendum. He has also obtained other valuable information pertaining to the organization of a new county.—Cottage Grove Leader.

ITEMS OF INTEREST FROM ROSEBURG PAPERS

M. J. Calloway, of Grants Pass, one of the founders of Roseburg's delivery system, arrived here Wednesday from Eugene to look after property interests. He says that at least 150 houses are under construction in Eugene at the present time.

Mrs. S. M. Kelley returned Wednesday from Eugene, where, for the past few weeks Mr. Kelley has been receiving treatment for rheumatism. Mrs. Kelley says her husband has so far improved as to substitute a cane for his crutches, and she expects that he will be able to return home in about a week.

Hon. R. A. Booth arrived here from Eugene Wednesday evening and left this morning for Grants Pass. He will return here in a few days and spend some time in recreation. Mr. Booth leaves the latter part of March for Kentucky, Tennessee, Virginia and Missouri to attend the annual foxhound shows in those states. He will take along his pack of blooded hounds and enter them in competition for the prizes to be awarded. Mr. Booth will be absent during the months of April and May, and while making the circuit of the shows will be the guest of the president of the Kentucky association of foxhound owners.—Roseburg Review.

Mrs. Beckley, a former resident of this city, but of late a resident of Eugene, is spending a few days visiting relatives and friends.—Roseburg News.

ALMA ITEMS

Alma, Feb. 17.—Born—To George Luce and wife, February 3, 1909, a son. May prosperity be his.

Lucy Pettit had quite an accident on the 11th. He attempted to ride one of his new horses when the horse slipped and fell, consequently Lucy got quite a tumble. But nothing more than a badly mashed big toe was the result.

We had quite a big snowstorm, but it is almost all gone, although the trails are in quite a muddy condition. The river has been overflowing for more than six weeks, and it still rains.

Mrs. Whitcomb had quite a fire at her home. They lost their smoke and root houses, losing most of their winter's provisions.

Bert Allegar is talking some of moving. We all sincerely hope that he changes his mind, as we hate to "cheer up, Bert."

Ethel Sallee spent a few days at Mrs. Luce's and reports all well from that place.

Grace Luce and Birdie are quite proud of their new brother.

Clair Hinkson, Glenn Saunders and their brother-in-law, Roy Berce, spent one night and day with Mr. and Mrs. Johnson. We all spent a jolly evening, but were sorry the boys were disappointed in their trip, as they had started for the logging camps but were turned back on account of the snow.

Tom Johnson came down from his homestead and stopped over at the postoffice.

Feed is holding out fine in this vicinity and all the stock is looking fine.

YOUNG MEN WANTED

Young men wanted. We wish to confer individually with a large number of young men who have a common school education and who are physically fit; only those desiring to enter the railroad service need apply. Address School of Telegraphy, Hibernia Building, Market and Jones streets, San Francisco, Calif. a1

Soldier Talks Death Plot. It seemed to J. A. Stone, a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 175 pounds." For severe Colds, obstinate Coughs, Hayfevers, Asthma, and to prevent Pneumonia its unrivaled. 50c and \$1.00. Trial bottle free. Guaranteed by W. A. Kuykendall.

WATSON

Umbrellas and parasols re-covered and repaired. Work practical. Gloria serge and taffeta. Silk covers in stock. Effects in colors. Call E. B. Watson at Potts' cigar store, 564 Olive street.

GIVE NATURE A CHANCE.

The strongest minds have gotten their inspiration direct from Nature. Nature is the great teacher of mankind. We can look to Nature for all our needs. In the recent Russo-Japanese war the surgeons of the Japanese navy and army discovered that wounds would heal more rapidly and with better success if left to Nature. They washed the wounds with water which had been boiled and thus sterilized—then bandaged the wounds with clean linen—no powerful drugs or antiseptics were used in their first aid to the injured. Such methods resulted in the loss of only 22 out of 622 men treated in a special hospital for their wounds. It is only from lack of observing Nature's laws that most of us suffer at one time or another from indigestion, impure blood and a generally run-down system. Our remedy lies in Nature's laboratory—deep in the fragrant woods—where are many American plants, the roots of which when properly treated will supply a health-giving tonic.

Many years ago a physician who had an extensive practice among the afflicted made a striking departure from the usual methods of his confreres in medicine—he went straight to Nature for the cure of those stomach disorders which resulted so often in an anemic condition, or impure blood, loss of appetite, pale or pimply skin, feeling of lassitude and weakness. He found that the bark of the Black Cherry-tree, the root of the Mandrake, Stone root, Queen's root, Bloodroot and Golden Seal root, made into a scientific, non-alcoholic extract by the use of glycerine, made the best alternative tonic. The refreshing influence of this extract is at once apparent in the recovered strength of the patient—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which otherwise mangles the system. This alternative and tonic extract has been found to stand alone as a safe, invigorating tonic, as it does not depend on alcohol for a false stimulation, but is Nature's own method of strengthening and cleansing the system. It tones up the stomach and the blood in Nature's own way. It is well known all over the world as Dr. Pierce's Golden Medical Discovery. The name was given to this vegetable compound because one of the important ingredients was Golden Seal root. * * * Such an authority as Dr. Roberts Bartholow, of Jefferson Medical College, says "very useful as a stomachic tonic. Cures catarrh of the stomach and headaches accompanying the same." Dr. Grover Coe, in his book Organic Medicines, speaking of Golden Seal root, says that "as a liver invigorator it has few equals." Further he says, "In chronic inflammation of the bladder we deem it one of the most reliable agents of cure. As a tonic in the convalescing stages of fevers, pneumonia, dysentery and other acute diseases Hydrastis (Golden Seal root) is peculiarly appropriate."

Dr. Coe continues: "We would here add that our experience has demonstrated the Hydrastis or Golden Seal root to be a valuable remedy in bronchitis, laryngitis, and other affections of the respiratory organs."

"Of service in chronic catarrh of the stomach and bowels following abuse of alcohol, a tonic after malarial fever. Has a distinct, anti-malarial influence. Good in all catarrhal conditions, as uterine catarrh, leucorrhoea, etc. Is a curative agent in chronic dyspepsia."

—Hobart A. Hare, M. D., University of Pennsylvania.

Prof. John M. Scudder in Specific Medication says: "It stimulates the digestive processes, and increases the assimilation of food. By these means the blood is enriched, and this blood feeds the muscular system. I mention the muscular system because I believe it first feels the increased power imparted by the stimulation of increased nutrition. The consequent improvement of the nervous and glandular systems are natural results."

In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

After many years of study and laboratory work Dr. E. V. Pierce produced the most happy combination of this Golden Seal root with other efficacious roots—enhancing and increasing in curative power these native plants from our American forests by the addition of chemically pure glycerine, of proper strength, which is far better than alcohol, both for extracting and preserving the medicinal principles residing in plants. Glycerine itself is useful in medicine to subdue inflammation and by cleansing the membrane of the stomach of abnormal secretions aids in the cure of dyspepsia, and stomach and intestinal troubles.

The People's Common Sense Medical Adviser, 1-8 pages, is sent free on receipt of stamps, to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. E. V. Pierce, 663 Main Street, Buffalo, N. Y.

A Big Reduction On Glasses

For the purpose of stimulating business during the dull months of February and March we will fit glasses at greatly reduced prices for spot cash only. This is an opportunity that you will not often get when you consider the fact that we have the most experienced optician and the best equipment for doing first-class work. This offer applies only to complete glasses. The prices of lenses only will remain the same as usual.
