

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgment.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrapper. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

GOVERNOR VETOES

MANY MORE BILLS

Bank Deposit Bill, Publication of Delinquent Tax List and Others Disapproved

Salem, Or., Feb. 24.—Governor Chamberlain vetoed the veto ax with a vengeance all day yesterday, late last night and this morning, with the result that at noon today the heads of 21 bills enacted by the recent session of the legislature are waste basket. Fourteen House bills were filed this morning with the secretary of state and three Senate bills, without the approval of the governor.

One of the most important bills vetoed by the governor is Senate bill 144, amending the bank deposit laws of the state. Governor Chamberlain says in his message that if section 2, which removes an ambiguity in the present law, stood alone he would approve it, but that section 1 has the effect of releasing the state treasurer from personal liability on his official bond for any moneys that might be lost by reason of the failure or insolvency of any bank which becomes a depository under this act, and in the opinion of the governor, it might have the effect of invalidating the treasurer's bond. "Any act which has the effect of releasing an official on his bond is against sound public policy," says the governor, "and I return the bill with my veto."

Senate bill 154 provides that all deeds and mortgages with the certificates of acknowledgment thereof left with the county clerks and recorders of the several counties of the state must be recorded at full length in well-bound and sewed books. Governor Chamberlain states that since in many counties of the state the loose leaf system of recording instruments have been adopted, if the proposed systems were forced upon these counties they would be compelled to use book typewriters. He says that the typewriters necessary for the work are handled by but one firm in the state and manufactured by but one firm in the United States, and that such a monopoly might be created in this line.

Another bill which fell under the ax was Senate bill 162, which provides for the publication of taxes which might become delinquent upon real property. The governor says this law was in force a few years ago and entailed upon the taxpayers such a heavy expense that it was deemed best to repeal it, and he does not see that any good can come of a re-enactment of the law, but that, on the contrary, it would be instrumental in entailing an additional burden upon the taxpayers of the state.

Senate bill 114 makes it a misdemeanor for any one wilfully and maliciously to instigate or circulate or transmit any statement untrue in fact derogatory to the financial condition or solvency of any bank, banking institution or trust company doing business in the state, or wilfully or maliciously to counsel, aid, procure or induce another to start or circulate any such statement or rumor. Governor Chamberlain says that any institution of the list mentioned has the same recourse and remedy at law at present in case of injury of the nature named as the individual who might be similarly situated, and he sees no reason for the law.

Senate bill 111 proposes to fix definitely the boundary lines between Coos and Curry counties, which he is informed is not satisfactory to the people of Curry county, who would be injured thereby, and he suggests that the matter be taken up for consideration and decided upon by the courts of the counties interested so that the matter may be satisfactorily adjusted to all concerned before the next regular session of the legislature.

Senate bill 98 amends the present fishing laws of the state so as to permit the catching of salmon by angling within 250 feet of a dam during the closed season, and the governor thinks the distance of 600 feet, as now provided, should be reduced. The other bills are measures proposing to increase the salaries of the county officers of several counties, the reasons for which were set forth by the governor in the preceding veto message.

The following Senate bills were vetoed:
S. B. 98, Abraham—Relating to fishing near fishways.
S. B. 111, Chase—Defining boundaries between Coos and Curry.
S. B. 124, Chase—Providing for S. B. 136, Marion County Delegation—Fixing the salary of the sheriff of Marion.

S. B. 143, Miller (Lane and Linn)—Amending statute regarding compensation of county commissioners.
S. B. 144, Parrish—Relating to bank deposits.
S. B. 145, Fixing the salary of the assessor of Grant.

S. B. 175, Merryman—Fixing the salary of the sheriff of Klamath.
S. B. 154, Bailey—Separate books for recording deeds and mortgages.
S. B. 162, Bingham—For publishing of delinquent tax list.
S. B. 242, Johnson—Salary of school superintendent of Benton county.

The following House bills were vetoed:
H. B. 63, Miller—Salary of school superintendent of Jackson county.
H. B. 65, Buchanan—Prohibiting wearing of uniform of United States army.

H. B. 83, Beals—Fixing salaries of Tillamook deputies.
H. B. 296, Rush—Fixing salary of Walla Walla school superintendent.
H. B. 303, Marion county delegation—Fixing salary of Marion assessor.

H. B. 240, Lane county delegation

—Fixing salaries of justice and constable of Eugene district.
H. B. 349, Bonebrake—Fixing salaries of certain Benton officers.
The following Senate bills were filed:

S. B. 65, Cole—Prohibiting secret societies in the public schools.
S. B. 77, Miller (Lane and Linn)—Regulating water and its distribution.
S. B. 125, committee on military affairs—Providing armories for the Oregon National Guard.

The following House bills were filed:
H. B. 48, McCue—Regulating banks and banking.
H. B. 86, Bean—Creating board of tax commissioners.

H. B. 79, Bean—Creating an insurance department.
H. B. 139, Altman—Prohibiting animals running at large west of the Sandy in Multnomah county.

H. B. 145, Bryant—Providing for protection of crabs, clams and crawfish.
H. B. 175, Jones of Douglas—Amending code relating to fishing for salmon in the Umpqua.

H. B. 192, Eaton—Regulating water power franchises.
H. B. 196, Brattain—Reimbursing George H. Small, Lake county.

H. B. 244, Muncy—Salary of county assessor of Curry.
H. B. 257, Brattain—Reimbursing Martha S. Lane for land.

H. B. 305, Brooks—Amending irrigation laws.
H. B. 328, Greer—Regulating peddlers.

Game Code a Law.
Salem, Feb. 24.—The governor this afternoon filed the game code bill, the military code bill making the national guard conform to the national militia law, and the Clemens insurance measure, all of which are now laws.

NEW TAX BOARD IS ORGANIZED

Salem, Feb. 24.—At a meeting of the tax board, including Governor Chamberlain, Secretary of State Benson and State Treasurer Steele this morning, C. V. Galloway of La Grande and J. B. Eaton of McMinnville were appointed tax commissioners to serve with the secretary of state, the state treasurer and the governor, the latter three as ex-officio members, on the new tax commission provided by a bill which passed the twenty-fifth legislature early in the session.

According to the act one commissioner was to be appointed from each party. C. V. Galloway, who is now state land agent, is a Democrat. Mr. Steele was in favor of the appointment of L. H. Maxwell of Portland, but as it was thought better to have one member from the eastern part of the state, and since Treasurer Steele's home is in Multnomah county, the appointment of another member from that county was deemed inadvisable.

The commissioners will draw \$2,500 a year as salary.
A meeting will be held at once to equalize the taxes for the coming year.
